EDUCATIONAL PHILOSOPHY
William Jessup University fulfills its mission with an emphasis on education that prepares Christians for servant leadership through the church, the one institution commissioned by God to fulfill His plan in the world. Such an emphasis mandates a curriculum which prepares persons who are thoughtful, compassionate, culturally sensitive, and capable of integrating personal faith and vocation in all avenues of society.

EDUCATIONAL GOAL
The primary goal of education at William Jessup University is the integration of faith and learning. In pursuing this goal, we accept the unity of all knowledge under God and perceive no contradiction between general education courses that provide the broad scope of human knowledge and a biblical studies core that establishes a perspective which gives coherence and purpose to that knowledge.

EDUCATIONAL OBJECTIVES
The integration of faith and learning is facilitated by a curriculum and learning environment which:
1. Offer an appropriate balance between courses in Bible and theology, practical ministry, and general education, and erase any artificial barriers between these areas of study.
2. Encourage a well-conceived system of values and beliefs.
3. Celebrate and honor all cultural groups.
4. Personalize the educational process by emphasizing the priority of relationship-building throughout the University experience.

STUDENT LEARNING
William Jessup University desires that its students will exemplify servant leadership in church and society through the integration of faith, learning, and critical thought in the arenas of Christian literacy, spiritual formation, communication, systematic inquiry, socio-cultural perspective, aesthetic responsiveness, and ethical leadership. WJU graduates will:
1. Exemplify Christian literacy through applied biblical knowledge, a theological foundation, and a Christian worldview.
2. Engage in a life of Christian discipleship that integrates faith, character, and service.
3. Demonstrate competence and effectiveness in written expression, oral communication, and multimedia literacy.
4. Utilize systematic inquiry in the critical analysis of data and argument.
5. Achieve an informed sensitivity to the variety of human experience through the study of human culture, society, history and behavior.
6. Demonstrate an appreciation with discernment of various forms of artistic expression.
7. Demonstrate ethical and professional competence in their chosen disciplines.

MULTICULTURAL EDUCATION AT WJU
William Jessup University encourages a multicultural environment where all cultural groups are celebrated and honored. Multicultural education at WJU seeks to remove the barriers of culture and language that would prohibit the contextualization of the gospel of Jesus which is crucial to the ethnically diverse world in which we live. The purposes of multicultural education at WJU are to:
1. Educate, train, and prepare Christians from various ethnic groups for service and leadership in Christian ministry
2. Teach principles of cross-cultural appreciation, evangelism, and ministry to all students

All students at WJU are expected to acquire skills in cross-cultural communication in order to proclaim the Christian story in our world of many ethnic groups. Students with particular interest in multicultural or cross-cultural education are encouraged to pursue a degree in Intercultural Studies. In this way, students from the dominant culture are equipped not only to appreciate cultural diversity in America but to experience cross-cultural ministry within or beyond our borders.

This rationale for multicultural education is consistent both with our view that God honors people from all cultural heritages without showing favoritism and with our Christian commitment to giving all people an opportunity to respond to the good news of Jesus.

**GRADUATION REQUIREMENTS**

To ensure completion of all requirements for graduation, students at William Jessup University should make graduation plans during the first semester of their junior year. These plans are based upon the University catalog of the year in which they entered. Deviations from programs or adjustments for students transferring from other colleges must be cleared by the Registrar. Students who have made graduation plans should have them thoroughly checked by their academic advisors. All those who seek a degree from WJU must fulfill the University’s general education requirements, either by transfer credit or by courses taken in residency. All course requirements must be completed by the last day of final examinations of the candidate’s final semester. All grades, including those for make-up of incompletes, and all transcripts of work attempted at other institutions must be on file in the Registrar’s Office before the degree will be conferred. All students must satisfy the current scholarship requirement. No degree, diploma, or certificate may be granted to a candidate unless all general core and department requirements have been fulfilled. If awarded in error or upon fraudulent claims which are discovered later, the degree, diploma, or certificate is immediately revoked.

A maximum of 70 credits from a community college, AP, CLEP, DANTES, and IB may apply toward a bachelor degree. The total number of upper division units required for a bachelor degree is 36. To receive a semester of Christian service credit, a student must serve in an approved ministry for a minimum thirty hours during the semester. Students are required to attain Christian Service credit for one half (1/2) of the time they are enrolled full-time at WJU.

**Application for Graduation**
Candidates for graduation must file an application with the Registrar by the given deadline per conferral date. Upon obtaining the application, the student lists all remaining degree requirements, obtains the required approvals, and returns the application to the Registrar’s Office. The graduation petition fee will be added to the student’s account when the application has been processed. Students filing a completed application with the Registrar after the deadline will be charged an additional late fee of $75.00. Graduation applications will not be accepted less than one month before conferral. A candidate who fails to graduate on the selected date is required to file a new application for graduation and pay a reapplication fee.

Candidates are cautioned to examine their academic records for accuracy and to verify completion of service and chapel requirements prior to submitting their Application for Graduation. In addition, candidates for graduation from WJU must satisfy the faculty as to their fitness for Christian ministry. Students may be disqualified from graduation for inappropriate moral, physical, or social behavior. For more information, a student should contact his/her academic advisor.

All CLEP, DANTES, and CPL units must be completed by December 31 to be eligible for the commencement ceremony in May. All financial obligations must be fulfilled prior to graduation. A student may participate in the commencement ceremony with a maximum of six (6) outstanding units. If these units are not completed in the summer term following commencement, then the student must re-apply for graduation.

It can be found at www.jessup.edu/student-life/student-health-insurance. Questions may be directed to the Assistant to Student Development at 916-577-2321. Athletic Insurance
All student athletes are required to have secondary medical coverage during training, practice, and games. Students participating in Intercollegiate Athletics at WJU will be automatically charged for this Insurance Fee and this fee may not be waived under any circumstance. The athletic student medical insurance is always secondary to any health insurance the student has. This means the student should submit medical bills to their primary insurance first. Once they receive an Explanation of Benefits (EOB) Statement from the primary insurance, they must contact the Athletic Director to complete and verify the athletic insurance claim form. The student athlete must attach the EOB to the athletic claim form and mail it into the athletic insurance company.

ID cards cost $25 to replace and may be purchased in the Womack Student Life Building. In addition, many local businesses give discounts for students who present their ID cards.

campus mailbox that can be used for on-campus mail as well as the United States Post Office. The Mail Center is open M-F from 9:30 AM – 4:00 PM.

**Commuters**
A commuting student is understood to be a married student, or an unmarried student living at home with his/her parents. All other students are required to reside on campus. Any exceptions require the approval of the student life office, and may be granted if:

1. Student is 22 years of age
2. Students’ parents request permission for her/him to live with a close relative who is married and has an established home in or near Rocklin
3. Commuter status is required by a physician for health reasons (Please contact the Associate Dean of Students for appropriate documentation)
4. Students with more than 90 units
5. Off-campus program/internship/student teaching

All students who will not be living in one of the residence halls must complete the form “Application for Commuter Status” as part of the registration process. Registration will not be considered complete until this application is submitted to the Womack Student Life office. It is the expectation of the University that all students paying room and board costs will live in residential housing. In the event campus housing exceeds capacity, a selection process based on academic seniority will be initiated for off-campus housing.

**SECURITY**
916.521.0776

**Patrols**
The department of Campus Safety offers evening patrolling from 7PM to 1AM for the university community. Campus Security officers are on call from 1AM to 7AM. Faculty, Staff and Students may call 916-521-0776 for assistance or for an escort to, or from, their vehicle.

**Campus Security Act**
It is an unfortunate fact that criminal incidents of all types occur on college campuses. The Campus Security Act of 1990 requires colleges to make public the nature and the frequency of crimes. WJU follows this law and believes that reporting this information to the public increases community awareness of taking steps to prevent criminal activity. WJU encourages victims of crime to report incidents to the Department of Campus Safety regardless of how insignificant the crime may appear. You may find WJU’s incident report on our website: http://www.jessup.edu/campus-security/campus-crimes.

**STUDENT LIFE**
In order for students to be prepared as Christian leaders in society, they must continually develop their integrity and Christian character.

Intellectual growth without spiritual and personal growth is of limited value for leadership and service. It is important for students to achieve the right balance of hard work, academic study, spiritual discipline, relationship building, mentoring, and involvement in service at an early stage in their university experience. As faculty, staff, and administration work together for the development of the whole person, we pray that students will develop a deep and meaningful commitment to our Lord while understanding their own particular calling to Christian character and career. Student Development partners with faculty
to help students round out and balance their university experience with growth opportunities beyond classroom and coursework.

The Student Development Department at WJU exists to:

1. Foster a community of learning where intellectual, emotional, spiritual, and physical dimensions of life can be developed
2. Provide opportunities which enable students to grow in their understanding of and ability to confront values, ideas, and cultures which may be new and different
3. Create an atmosphere in which students can cultivate and refine their temperaments and abilities and are empowered with life skills
4. Encourage students to pursue the goal of Christian servanthood on campus, in the church, in the community, and around the world.

**Athletics**

916.577.2361

The athletic program stimulates spiritual, physical, and mental development. WJU offers intercollegiate varsity sports programs in men’s and women’s basketball, soccer, cross country, track and field, women’s volleyball and softball, and men’s golf.

**CAMPUS MINISTRIES**

William Jessup University is committed to being Christ-centered in both our academics and co-curricular programs. With that, we emphasize three areas of spiritual formation within Student Life. These categories are Chapel/Worship, Outreach, and Discipleship. It is the goal of Campus Ministries to provide opportunities for our students in each of these arenas.

WJU students are expected to attend chapels regularly, participate in outreach, as well as attend a spiritual formation group while attending WJU.

Campus Ministries exists to fulfill the mission & educational objectives of WJU by providing a foundation for spiritual growth and leadership through worship, service/outreach and discipleship opportunities.

**Chapel**

Chapel is the heartbeat of community worship at William Jessup University. Twice a week we join together as students, faculty, staff and administration to give glory to God, study His Word, and hear from a broad diversity of speakers/artists from within our community and all over the world! Music worship is primarily student-led.

WJU chapels are held every Wednesday and Friday morning from 9:30AM – 10:20AM during the fall and spring semesters, with a few exceptions including school breaks and major holidays.

Chapel attendance is an enrollment requirement for full-time WJU students, as we believe it is integral for personal growth and community wholeness.

**Chapel Attendance Requirements**

Chapel is required for every semester a student is enrolled in the traditional undergraduate program as a full time (12 units or more) student. Some exemptions by petition include student teaching, study abroad semesters, etc. Students must request to petition chapel by submitting the Chapel Petition Form available online and in the Student Life Office. Chapel credit is acquired by attending 23 of the regular chapels in a given semester. Additional evening chapels are now available twice a month to offer students more options for chapel
If enrolled before Fall 08:

Students are required to have chapel credit for three quarters (¾) of the time they are enrolled full-time in the traditional undergraduate program at William Jessup University. Students who fail to meet the proper requirements will not be eligible for graduation. The following is a chart showing the requirement breakdown based on how many semesters one attends:

Spiritual Formation Groups

Spiritual Formation Groups (SFGs) are small groups of 5-10 students formed with the purpose of building relationships on a more intimate level. Participation in a SFG allows each student to become accountable to a small group, interact with others on tough issues, and support one another through prayer and friendship. SFGs are primarily held during the Monday chapel hour and students may sign up for an SFG as they would any other class, with a choice of leaders and topics. Freshmen students are usually automatically placed in a class which fulfills the SFG requirement for their 1st semester. Students should check with the Registrar, an Advisor, or Student Life to ensure they are meeting the proper requirements.

Spiritual Formation Group Requirements

Students must attain SFG credit for one half (1/2) of the time they are enrolled full-time (12+ units) in WJU’s traditional undergraduate program. A “Credit” or “No Credit” grade will be given at the end of the semester solely based on group attendance. Below is a chart with the breakdown of SFG requirements by semesters attended:

Service

Service has been a long tradition at William Jessup University. This program allows students to put their faith into action by going out and serving in various areas of ministry. School sponsored service opportunities are available throughout the year at WJU. These include ministries for which a student does not receive pay or academic credit such as; homeless ministry, street evangelism, non-profit service, tutoring, mission trips, discipleship, and more. Students are also given the freedom to find an appropriate
volunteer position within a church, mission organization, local community organization, or other ministry. For a list of possible ministries please refer to the Campus Ministries Website.

**Service Requirements**
30 hours of Service are required for one half (1/2) of the semesters a student is enrolled full-time in the traditional undergraduate program. Service credits can also be attained over the summer. A student must submit a completed Service Report Form at the end of each semester (or summer term) and turn it in NO LATER than the Friday before finals week for eligibility. Summer forms can be submitted up until the Fall add/drop deadline (about a week after school starts). A $25 penalty will be issued for late forms.

**Service Parameters:** service credit will not be granted for opportunities for which a student receives payment or academic credit. Only 15 of 30 hours in a given semester may be earned for on-campus service. Up to 2 semesters of an approved non-paid academic internship can be credited. Up to 3 semesters of approved Teacher Education hours (i.e. student teaching) can be credited. Refer to the chart above for the breakdown of Service Requirements by semesters attended.

**Missions**
WJU offers domestic and foreign mission trips each year. These are a great way to earn service credit and we encourage every student to consider going on at least one mission trip during their time at Jessup. The application process for spring and summer mission trips generally begins in October each year for the following semester. All Campus Ministries sponsored mission trips count for a semester of Christian Service credit. Students generally raise funds through support letters to cover trip costs.

**Church Attendance**
Participation in a local faith community is vitally important for spiritual development. It is an expectation of the University that students will choose a local church and attend services regularly. There are many churches in the area who will welcome your students. Both your student and the church will be stronger because he or she is serving with them.

**Prayer Chapel**
The WJU Prayer Chapel facility, a signature building on campus, provides a beautiful space set aside for prayer, reflection and renewal. WJU offers many informal prayer groups throughout the year – as well as prayer support upon request from our staff, faculty, and administration. Additionally, students may submit weekly prayer requests and praises in chapel or on our Discovery Prayer Request page, which are then distributed for prayer by WJU staff, faculty and administration members.

Prayer Chapel Hours: Monday – Friday from 8:00am to 1am.

**Campus Ministries Involvement**
Campus Ministries intern positions, missions and outreach events, chapel production team (sound, media, etc), worship teams and volunteer crew are some of the ways to serve in Campus Ministries at WJU. Students may apply for available Campus Ministries internships each February for the following year. Student leadership positions currently include: Chapel Coordinator, Chapel
Worship Coordinator, Outreach Coordinator and Missions Coordinator (all positions are part time).

Chapel Worship Teams are selected through an application/audition process, starting in February for the following year. Those chosen to serve on one of our worship teams will attend valuable training events for both fall and spring semesters. Our chapel production and volunteer crews are recruited at the beginning of each semester.

**Intramurals**

WJU offers the opportunity for intramurals throughout the year. Students may contact Student Activities for more information at 916.577.7004.

**Residence Life**

Our state of the art residence halls and apartment complex are fully equipped with everything needed for a comfortable and exciting living experience. Each residence hall is staffed by a full-time Resident Director and four student Resident Assistants that are available around the clock to aid students in need. They promote residence policy that is designed to build community and personal growth as well as assist with maintenance issues. Regular activities allow students to get involved and develop friendships in a fun and friendly environment.

**Student Leadership**

The Student Leadership program exists to fulfill the mission and educational objectives of William Jessup University by encouraging students to enhance their personal leadership development, providing positive peer leadership to the student body, emphasizing community development, and promoting the importance of student involvement. There are five major areas of leadership opportunities available through Student Life:

1. **Student Government** is composed of a President, Vice President, Business Manager, and Representatives from each class. Officers are elected by the student body in spring of the preceding year, while class representatives are elected by each class in the fall semester. The Student Government President appoints committee chairpersons to oversee social events, academic affairs, and social publications.

2. **Orientation Assistants** play a vital role in the integration and retention of new students. They assist new students with the transition into college life and the William Jessup University community.

3. **Campus Ministries Coordinators** assist the director of Campus Ministries in the implementation of Chapel services, Christian Service, short-term missions, spiritual formation, discipleship, and prayer groups.

4. **Resident Assistants** provide assistance for the general care and welfare of all students living on campus, as well as provide opportunities for community and relationship building.
5. Activities Assistants organize and implement various social and educational programs throughout the school year.

Students may apply for leadership positions and are selected by Student Life Staff (with the exception of Student Government, which are elected by the WJU student body). Applications are made available for students each February for the following year’s leadership team.

Living on Campus

An important aspect of William Jessup University is a student’s residence life experience. Holistic education seeks to develop well-rounded individuals, and living in a WJU residence hall provides opportunities for growth and development outside the classroom.

Living Options

WJU offers three living options for students: dorm-style residence halls, WJU apartments, and Staybridge Apartments. All options encourage community living while each has distinct differences. Each Residence Hall (Rispoli Hall, Phillips Hall, and Tiffin Hall) is divided into four wings, each housing between 12-20 residents. Every wing has a common living space with a full refrigerator, microwave, sink and kitchen cabinets as well as individual lockers assigned to each resident. Community bathrooms have individual shower and toilet stalls.

WJU Apartments are designated for upper classmen or students at least 21 years of age. These units contain four bedrooms, two bathrooms, common living area, and full kitchen equipped with full refrigerator and dishwasher. Eight residents live in each apartment. Staybridge apartments are located off-campus and house between three and four students per unit.

Returning students participate in Housing Sign-Ups to select their rooms for the following year during the spring semester. They must pay a deposit to hold their room. Students are then assigned to housing by the Housing Office based on their total number of points. New students are placed by Student Life Staff during the summer using the Housing Application submitted by new students.

Housing Contract

All residential students sign a housing contract at the time of move-in. The housing contract is binding for the entire academic year. With the exception of withdrawal from the university, official Leave of Absence, a university-approved off-campus study program, or other action sanctioned by the Student Life Office, signed housing contracts will not be canceled without forfeiture of housing charges. Students who withdraw or take a leave of absence during the semester are entitled to a refund of the room charge as stated in the Institutional Refund Policies. For further details, please see the section of the University Catalogue entitled Residence Cost, Residence Refund Schedule.

On-campus Living Requirements

As a residential university WJU desires to have its students live in campus housing. All non-commuting students are required to reside in residence halls unless permission is granted by the Dean of Students based upon adequate grounds for residence elsewhere. A commuting student is understood to be a married student, or an unmarried student living at home with his/her parents. All other exceptions require the approval of the student life office, and may be granted if:

- A student is above 22 years of age
- Student’s parents request permission for her/him to live with a close relative who is married and has an established home in or near Rocklin
- Required by a physician for health reasons (please contact the Dean of Students for appropriate documentation)
- Students with more than 90 units
- Off-campus program/internship/student teaching
All students who will not be living in one of the residence halls must complete the form “Application for Commuter Status” as part of the registration process. Students will not be allowed to register for courses until this application is submitted to the Student Life office. It is the expectation of the university that all students paying room and board costs will live in residential housing. In the event campus housing exceeds capacity a selection process based on academic seniority will be initiated for off-campus housing.

**Guests and Visitation**

WJU residence halls are single gender living accommodations. Privacy and modesty is expected in all situations. Open Hall hours occur six times weekly in the residence halls and are determined by Residence Hall Staff (current open residence hall hours are Mon-Sat 6-10PM). Open Hall hours may be cancelled at the discretion of residence hall staff.

Open hours for the apartments are 12pm to 11 pm on weekdays and 12pm to 1am on weekends. Members of the opposite sex are not allowed in a resident’s room at any time except under the following three exceptions:

1. University employees (of the opposite sex) have a legitimate right to be in the halls or rooms for maintenance and repairs.
2. Open Hours with the door open at all times and the lights on
3. Family or friends of the opposite gender may be allowed in a resident’s room to assist in moving with the permission of the RA or RD only. In this case, the resident’s room door must be left open.

It is understood that guests are subject to all residence life rules and the resident is responsible for their adherence to these rules. Residents are financially responsible for the actions and conduct of their guests. Guests are required to register with Resident Directors upon arrival.

**Room Decoration**

WJU students are encouraged to decorate their rooms within the guidelines established by the University’s policies that can be found in the student handbook.

**Opening and Closing**

Students will not be permitted in residence halls prior to the official hall opening and will not be allowed to stay past the official closing. The residence halls are open during Fall, Spring, and Thanksgiving breaks and are closed between semesters. The apartments are open during the Fall, Winter, Spring, and Thanksgiving breaks. A student must leave the residence hall within 24 hours of the end of his or her last final exam each semester and no later than the official closing date. Students for whom this presents excessive hardships should contact their Resident Director. Contact the Student Life Office for opening and closing dates.
Help, my student’s having roommate conflict!
Sharing a room with another person can sometimes result in situations that are stressful. If your student is having a roommate conflict, please encourage him or her to talk to the Resident Assistant, who can make suggestions and help mediate the conflict. Another resource for your student is the Resident Director. It is the hope of the University that resolution can be found in the situation; however, if the situation cannot be resolved, room changes are allowed, provided space is available. The resident wishing to change rooms must complete a Campus Housing Change Application and submit the form to the Womack Student Life Office. The room change will then occur if your student is granted permission and will be allowed only during approved room change periods.

**Electrical Appliances**
Due to the limitations of electrical circuits, a variety of safety reasons, and compliance with fire code, electrical appliance usage must be limited. For a list of acceptable electrical appliances, please see the student handbook. A list of items that are acceptable is also available at http://www.jessup.edu/student-life/residence-life/what-bring-residence-halls.

**Disruptive Behavior**
Students who technically conform to campus housing rules and regulations, but who are a disruptive influence because of their attitude and spirit, may have their campus housing privilege revoked. A student may be evicted from campus housing for rule violations and may be simultaneously suspended from the University should the infraction warrant it.

**Personal Property**
WJU is not responsible for the loss of personal property in case of damage (i.e. fire, flooding, etc) or theft. Insurance coverage is the student’s responsibility. Students should take precaution against theft by locking room/car doors, locking bikes, not keeping valuables in rooms, common areas, automobiles, etc. If theft does occur, students should report it immediately to their Resident Director and the Department of Campus Safety.

**Fire Alarms**
In case of emergencies, please inform the RD or RA immediately. If they are not available, dial campus safety 916-577-0776 or 911 for assistance. It is recommended that residents have their own flashlights in their rooms.

In the event a fire alarm sounds students should make their way immediately to the soccer field and wait for further instructions. Do not attempt to re-enter any buildings until the “all clear” is given by either the fire marshal, or one of the Residence Life Staff. Students who do not exit the building, or who re-enter any buildings where an alarm has been triggered may be subject to fines or other disciplinary measures. Students triggering false alarms may be subject to both university and state fines.

**Alcohol**
All students and visitors are expected to observe the regulations set forth in the Alcohol and Drug Policy which can be found in the Student Handbook. WJU is an alcohol- and drug-free campus.

**Smoking**
Smoking is not permitted on WJU’s campus.

**Pets**
No pets other than fish will be permitted in campus housing. All tanks are required to be clean, odor-free, and no more than 15 gallons. See student handbook for more details.
Security Violations
It is a serious infraction of security to tamper with any door so as to cause the door not to shut or lock. Fines will be levied for tampering with the locking devices for all doors or for “propping” them open. All exterior and wing doors are to remain shut and locked at all times (except by permission of the RD). It is in violation of basic rules of residence life to jeopardize the security of any resident. No resident has the right to enter an unoccupied room (other than their own) unless accompanied by a residence hall staff member, with proof of permission for such an entry. Tampering with any door alarms will result in fines.

Keys
Students will be issued a key for their residence hall bedroom/apartment. Lost keys or damage to locks should be reported promptly. Replacement or repair charges will be assessed to the student for each lock/key. When this agreement ends, the resident agrees to return all keys to the dwelling residence hall room/apartment to the university or pay the re-key charge.

LEAVES FROM CAMPUS

Short-term Leave from Campus
Students leaving campus due to medical, the death of a family member or other reasons should contact the Associate Dean of Students. The Associate Dean of Students will then notify professors and other need-to-know offices. This is a notification only, not an excuse. It is the student’s responsibility to contact their professors and make appropriate arrangements to complete work and make up missed class.

Leave of Absence
Students who find an interruption in enrollment necessary should file a Petition for a Leave of Absence before leaving the University. A Leave of Absence allows students to maintain the existing graduation program. Failure to do so will mean that they must fulfill all graduation requirements in the catalog, which is current upon their return to WJU. Students withdrawn from the University for one academic year or more (official or unofficial leave of absence) may be required to update some or all of the admissions requirements. A Leave of Absence is good for a maximum of one year.

Withdrawal from the University
Withdrawing from all courses is a two-step process:
1. Dropping classes: Students who wish to withdraw from all classes in which they are registered must obtain a withdrawal form from the Registrar’s Office and follow the procedures to drop courses
2. Exiting the University: Students must request an Exit Clearance Form from the Registrar and obtain the necessary signatures to ensure clearance or that arrangements have been made with the appropriate department(s). If the leave is temporary, a student should petition for a Leave of Absence at the same time, in order to maintain the existing graduation program

EDUCATIONAL RECORDS
The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records.

They are:

1. The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access.
2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by William Jessup University to comply with the requirements of FERPA.

For procedures and parameters governing the exercise of these rights, consult the University Academic Catalog (t. 180-181) at jessup.edu/academics

WJU reserves the right to refuse students to inspect the following records:
1. Their parents’ financial statements
2. Letters of recommendation that are a part of the admissions file. Once students are admitted, all letters of recommendation will be destroyed
3. Records connected with an application to attend WJU or a component of WJU if that application was denied
4. Those records which are excluded from the FERPA definition of education records

**Directory Information**

William Jessup University designates the following items as Directory Information: student’s name, parent’s name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, most recent previous school attended, and photograph. Students who do not want their directory information to be disclosed must make a written request to the Registrar during registration. If such action is chosen, WJU will not be allowed to announce any awards received, include students name and degrees earned in the graduation program, nor release any information to potential employers, graduate schools, or seminaries. WJU will be allowed to release directory information for students who do not waive their right to disclosure in writing.

**Retention of Student Records**

All student records are clearly and safely maintained, with transcripts held in fire proof, lockable cabinets. Student records are handled in accordance with governmental regulations regarding privacy. These records, kept in computer storage, are only accessible with proper security clearances and are regularly backed up securely according to industry best practices.

**STUDENT CONDUCT**

**Process**

1. **Step One: Identifying and Reporting the Problem**
   Any member of the WJU community is encouraged to discuss concerns regarding a perceived behavior problem with a university staff or member of the Student Life Committee. Our Christian responsibility is to be concerned for one another’s spiritual welfare. We are likewise called to refuse to be hearers or reporters of gossip and to resist the temptation to be unhealthily interested in the lives of others.

2. **Step Two: Confirmation of the Problem**
In dealing with behavior contrary to the guidelines and purpose of WJU, every effort is made to maintain a redemptive concern for all students and a commitment to the preservation of the quality of community life. The guidance and discipline process at WJU is based on developmental principles designed to provide students with opportunities for behavioral changes, as well as to assure them of due process.

3. **Step Three: Confrontation and Conversation**
The student is confronted with the unacceptable behavior by the appropriate staff member.

4. **Step Four: Behavior Modification or Disciplinary Action**
   a. Any disciplinary action will be taken by the appropriate staff member upon approval by the Associate Dean or Dean of Students. By request of the Student or the decision of the Dean of Students, the matter may be presented to the Student Life Committee for review.
   b. **Behavior Modification Confirm, Agree, Resolve:** At this step, an offer of agreement will be extended. A contract is written for a specific period of time and signed by the student and university official. It is understood that the student will be supported by an appropriate mentor during the agreement period. The mentor’s primary role is to assist the student in developing effective behavior patterns. It is the student’s responsibility to consult with and regularly report to the mentor.
   c. **Disciplinary Action:** In the event that an agreement is not considered appropriate or if terms of the agreement are not fulfilled, further disciplinary action (fine, disciplinary probation, suspension, dismissal or eviction) may ensue. The student will have the opportunity to clarify his/her own situation. If the disciplinary action is taken, the student will receive a written summary of the specific standard of conduct violated and the action recommended to the Associate Dean of Students. It will be the responsibility of the Associate Dean of Students to carry out disciplinary action. In case of dismissal, all action will be referred to the Dean of Students. The following personnel may be notified in writing of any disciplinary action: staff involved in the discipline process; the student’s academic advisor; the Registrar (in cases of suspension, eviction, and probation); and the Finance Office (with regard to financial matters).

**Appeals Process**

Students wishing to appeal a disciplinary decision may submit a written request within 24 hours of the time he or she was notified of the decision. The following process must be followed to appeal disciplinary action served a student:

1. The appeal is made in writing to the Dean of Students for presentation of any extenuating circumstances or evidence the student believes applicable
2. The Dean of Students then sets up a hearing with the student to review the appeal
3. The Dean of Students will make a decision based upon the evidence presented and the interview with the student making the appeal
4. The student making the appeal shall be served a written notice concerning the Dean of Students’ decision

In the event the student still feels they have not received satisfaction, the student may then submit an appeal to the Student Life Committee within 24 hours of receiving the Dean of Students’ decision. The appeals process to the Student Life Committee follows the same process and requirements as the appeal to the
Dean of Students.
In the event the student still feels they have not received satisfaction, the student may then submit a final appeal to the President within 24 hours of receiving the decision of the Student Life Committee. The appeals process to the President follows the same process and requirements as the appeal to the Dean of Students.

**Re-Admission**
The following is the process of readmission for a student who has been suspended and desires to be readmitted following an absence from the university:

1. Petition to re-enter the university is made to the Dean of Students or the Student Life Committee.
2. Attend an interview, which will be granted at the discretion of the Dean of Students or Student Life Committee. The Student Life Committee will make recommendation to the Dean of Students, who will notify the student in writing concerning re-admittance.

**Student Life Committee**
All matters related to student regulations, conduct, and welfare for students are under the supervision and direction of the Vice President of Student Development (Dean of Students) and may be taken either by his discretion to the Student Life Committee, or by request of the student. The Student Life Committee is comprised of Dean of Students, Associate Dean of Students, faculty, staff, and student members, and seeks to resolve disciplinary proceedings and make recommendations for behavior modifications or disciplinary actions.

**Student Grievance Procedure**
Every student has access to a formal grievance process. In the event a student has a specific concern regarding a policy of the university, the student is encouraged to communicate the concern in writing to the Dean of Students. The Dean of Students will act to bring formal resolution to the stated grievance either by dealing with the issue directly, or, if necessary, using the Associate Dean of Students in the decision making process. If satisfactory action is not achieved, a student may appeal in writing to the President.

**Administrative Drop & Classroom Conduct**
Failure to attend a course or to submit required work will result in a grade of F. The student who neglects a course is solely responsible for dropping the course or withdrawing from the University. However, an administrative drop may be initiated at the discretion of the instructor, who will record circumstances. The approval of the Vice President for Academic Affairs is required. Deadlines and grades are the same as for a drop initiated by the student and are based on the date received at the Registrar's Office. The student will be notified by the final grade report. Students have a responsibility to conduct themselves in class and in the library in ways which do not interfere with the rights of other students to learn, or of instructors to teach. Use of electronic devices such as pagers, cellular phones, or recording devices, or other potentially disruptive activities, is permitted only with prior explicit consent of the instructor. The instructor may rescind permission at any time during the course.

If a student does not comply with requirements or obstructs the functioning of the class, the instructor may initiate an administrative drop. The instructor must record circumstances. The approval of Vice President for Academic Affairs is required. Prior to a decision, the VPAA will consult with the student and other parties as appropriate. Appeals go to the Academic Committee and the VPAA. Serious cases of misconduct will be referred to the Student Life Committee for appropriate action.

FREQUENTLY ASKED QUESTIONS

Do parents routinely receive copies of student grades?
As per student record confidentiality laws, parents cannot receive copies of student grades unless their students sign a release form that requests grades to be sent to their parents. If your student would like to have his or her grades sent to you, please refer him or her to the registrar’s office in the Reeve-Knight Administrative Building.

Is class attendance mandatory?
Class attendance is vital for academic growth and success. Please direct your student to consult his or her professors and course syllabi for individual course requirements.

Can students change classes?
Yes, however, ADD/DROP procedures and deadlines apply. A full explanation of these guidelines can be found at jessup.edu/registration/policies/and/procedures.

What are the advising responsibilities of students and faculty?
Please consult Academic Support (page 6).

Where do students buy their textbooks and other school supplies?
WJU's Warrior Bookstore is a great source for students to purchase their textbooks and other school necessities. Convenient nearby shopping centers also provide a great selection of additional school supplies.

My student is receiving financial aid from WJU. Do we need to apply every year?
If the only aid your student is receiving is scholarships from WJU, then an annual application is not necessary. However, if you are receiving any of the following - Pell Grant, Cal Grant, or Student Loans - you MUST file the FAFSA (www.fafsa.gov) every year to continue to be eligible for those funds.

Is continuing financial aid contingent on academic performance?
Definitely! Your student must maintain a 2.0 GPA and complete 67% of the courses they received financial aid for to continue to be eligible for all financial aid programs. In addition, several WJU scholarships (especially academic scholarships) have maintenance GPA requirements of at least 3.0 or higher. For a complete list of maintenance requirements, please see the institutional aid page of the WJU website (www.jessup.edu/financial-aid/institutional-aid).

Should WJU students carry health insurance coverage?
Health insurance is required for all students taking 6 units or more per semester. If students have their own insurance, WJU's student insurance coverage can be waived. See page 10 of the Parent Handbook for more coverage and waiver instructions.

How are students with disabilities accommodated?
Please refer to Academic Support (pages 6-7).

Whom can I talk to if I have a concern about my child?
For general concerns, please contact Ezra Johnson, Dean of Students: 916-577-2325.
What happens if there is an emergency and I need to reach my child when campus offices are closed?
In case of emergencies, you may contact the Resident Director (RD) on-call at 916-577-8020.

What happens if students have problems with their room or roommates?
See “Help, my student’s having roommate conflict!” (page 16)

What about laundry?
All on campus students have access to community washers and dryers which each have a set fee payable in quarters.

Where can I find information about crime on campus?
