Greetings from William Jessup University!

You are part of making history! William Jessup University (WJU) is experiencing record growth, record accomplishments by our alumni, and increasing impact on our world. Our graduates are transforming the world for the glory of God.

William Jessup University is growing fast. We have doubled in size the last three years and are on track to double again during these next few years. We fulfill our mission in the spirit of a family where we love one another and help each other to achieve God’s best in our lives. Our University provides high quality Christ-centered higher education. Affordable excellence is available here at Jessup.

We prayed for you. Before we knew your name, and before we even met, we prayed for you. We are looking forward to meeting you as you become part of the Jessup family. You can be part of making history as a graduate of Jessup. We would love to have the opportunity to share in your life as we together seek to glorify God through William Jessup University.

John Jackson, Ph.D.
President
Accreditations, Recognitions, and Memberships

William Jessup University is accredited by the Western Association of Schools and Colleges (WASC) Senior College and University Commission (985 Atlantic Avenue, Suite 100, Alameda, CA 94501, 510.748.9001), one of the six major regional college accreditation agencies in the United States; and the Association for Biblical Higher Education (5850 T G Lee Boulevard, Suite 130, Orlando, FL 32822, 407.207.0808), a national accrediting organization specializing in programs in Bible and religion; and by the California Commission on Teacher Credentialing (CCTC) to offer the preliminary multiple and single subject credential programs.

WJU is a member of the Association of Independent California Colleges and Universities (AICCU) and a member of the Council for Christian Colleges and Universities (CCCU).

WJU is approved by the U.S. Department of Education and the State of California for veterans and for the training of foreign students; to provide California preliminary multiple and single subject teaching credentialing programs; and to award the degrees of Master of Arts, Bachelor of Arts, Bachelor of Science, Associate of Arts, and Associate of Science and a certificate in Addiction Studies.

Extraordinary Times!

As we look to the history of William Jessup University, we see an institution with a consistent and essential purpose: to educate Christians for leadership and service in church and society.

William Jessup University began during the Great Depression of the 1930s, born out of the Independent Christian Church movement. Dr. Eugene Sanderson, who had already started three other Bible colleges, saw the need for a Bible college in the greater San Francisco Bay Area. He purchased two large houses on adjacent lots at Fifth and San Carlos Streets, across from the campus of San Jose State Teachers College. During the next five years, he improved the property and built a chapel for the faculty and student body yet to come.

In January of 1939, Sanderson asked William L. Jessup to carry on the vision and the work of opening the College. Brother Bill, as he was fondly called, and his wife, Carrie, moved to San Jose to open the College and plant a church. On September 20, 1939, classes began with fourteen students: San Jose Bible College, and a lifelong association with church planting, was born. During the next few years, growth at San Jose Bible College created the need for a new and larger campus. Seven and one-half acres were purchased at Twelfth and Virginia Streets where the college remained until the move to Rocklin, California, in 2004. The first three buildings were erected and put into use by February 1951. The first on-campus housing, Beach Memorial Hall, a dormitory for women, was dedicated in 1960.

During the 1960s and 1970s, new buildings included a second dormitory, a cafeteria, a library, the Tiffin Center, a multipurpose gymnasium, and a classroom building. The College received accreditation with the Accrediting Association of Bible Colleges (AABC), presently known as the Association of Biblical Higher Education (ABHE), in 1962.

Since our founding with William L. Jessup, we have been served by five presidents, most notably being Dr. Bryce Jessup. He served as president from 1984 until his retirement in 2010. During his tenure, the University saw great growth in enrollment, facilities, and curriculum. San Jose Bible College became San Jose Christian College on July 1, 1989. The Western Association of Schools and Colleges granted regional accreditation in 2002. The name was changed to William Jessup University in 2003, and the main campus was moved to Rocklin, California, in 2004. The School of Professional Studies continues to have a presence in the San Jose area with a site on Saratoga Avenue. Dr. Jessup actively continues his association with the University as president emeritus.

Our current president, Dr. John Jackson, is the sixth president of William Jessup University. John was selected as president after an extensive national search with over 250 applicants. He brings his strategic leadership gifts and passion for equipping transformational leaders to us at a significant and historic moment in our growth as a University. Jessup University has doubled in size since 2011, and we are rapidly expanding our undergraduate and graduate degree offerings.
Reconstruction of the Herman Miller complex in Rocklin now provides more than 250,000 square feet of finished space on the 125-acre campus. Current facilities include classrooms, library, faculty and administrative offices, student residence halls and apartments, student center, bookstore, prayer chapel, cross country course, soccer field, and athletic practice/training facilities. Come visit campus to experience our new dining facility, gymnasium, visual and performing arts suite, new classrooms, and science labs. Future planned construction includes more classrooms, student residential spaces, science labs, sports and recreation facilities, event center, and performing arts facilities.

With the provision of continued growth, we see God’s faithful hand over seven decades, and yet we are brand new! We celebrate the past, are grateful for the present, and are confidently expectant of our future. God is calling us to His future, and we are leaning in to His call. Jessup is on the move ... watch us grow to Transform Tomorrow, Today!
Greater Sacramento Area
Rocklin, CA – Placer County

In 1839, Johann Augustus Sutter settled at the point where the American and Sacramento Rivers converge. The Mexican Government later granted Sutter 48,000 acres; little did they realize they had given away a goldmine! In 1848, just thirty miles east of Sacramento, gold was discovered. The news quickly spread, and soon fortune hunters from around the world were flocking to the area in what was recorded as the largest human migration in history.

Sacramento became the State capital in 1854 and also serves as the county’s seat. Today, gold is still being discovered in the area, only now it is in the form of beautiful architecture, exciting recreational attractions, and a culturally rich and diverse world-class city.

With a fast-growing population of almost 1.8 million people, the Greater Sacramento area is a thriving metropolis. Sacramento has many professional sports teams, including the Sacramento Kings, the River Cats, and the Republic FC. Performing arts are also important, and residents can enjoy the ballet, opera, symphony, and theater.

William Jessup University is located in Rocklin, California, a beautiful town of 59,000 nestled at the base of the Sierra Nevada foothills in Placer County, 20 miles northeast of Sacramento. The University’s location, halfway between San Francisco and Lake Tahoe and only minutes from downtown Sacramento, provides WJU students with a wide range of service and recreational options.

Placer County offers both urban and rural recreation opportunities. You can catch a play and dinner in Sacramento, or head up to Lake Tahoe for fishing, boating, or camping. World-class ski resorts are only a short drive away, and an extensive regional mall called the Roseville Galleria is just a few minutes from the University.

The county is one of the fastest growing in California. This popularity is not only because of the various recreational attractions but also the strong and diverse economy. Computer and technological companies, business services, medical, freight, and recreation industries are just some of the top employers in the area.

Rocklin and its surrounding area hold many opportunities for service and outreach to people in need. Placer and Sacramento counties are exciting places to be to learn more about the Lord and serve His people!
Vision Statement

The William Jessup University vision is that our graduates will be transformed and help redeem world culture by providing notable servant leadership; by enriching family, church and community life; and by serving with distinction in their chosen career.

Mission Statement

In partnership with the Church, the purpose of William Jessup University is to prepare Christians for leadership and service in church and society, through Christian higher education, spiritual formation, and directed experiences.

Education at William Jessup University is:

- Christ-centered
- Biblical
- Liberal Arts
- Applied
- Missional

Statement of Faith

William Jessup University is committed to an evangelical expression of Christian faith:

We believe in the one God, the maker of heaven and earth: Father, Son and Holy Spirit, as revealed in the Holy Bible and made known in Jesus Christ our Lord,

We believe that Jesus the divine Son became human, was born of a virgin, ministered in word and miracle, died for our sin, was raised bodily from the dead, ascended to God’s right hand, and is coming again for his people,

We believe that the Holy Spirit is presently ministering through the Christian community, empowering lives of godliness and service,

We believe that the Holy Bible is completely God breathed, true in all its teaching, and the final authority for all matters of faith and practice,
We believe that Jesus Christ established his church on earth to carry out his saving mission among all ethnic groups and formed her to be one holy people,

We believe in God’s saving grace that calls forth from all people: faith, repentance, confession, baptism, and new life and ministry through the Spirit,

We commit ourselves to the teaching, practice, and defense of these truths until the coming of our Lord Jesus Christ.

Community Covenant

PREAMBLE
William Jessup University is a Christ-centered institution of higher learning dedicated to the holistic formation of students—their academic, mental, physical, emotional, and spiritual formation.

This Community Covenant presents who we are and who we want to be—a wonderfully diverse community set apart by faith and for faith. It reflects our best collective self and the vision of community we want to affirm and build.

Our University community is comprised of many different groups of people including students, faculty, staff, and others. We represent a range of theological positions within the Christian tradition, and the members of the community reflect many different stages in Christian growth. Thus, it is important that we have a common set of expectations, principles, and values for our life together. These core principles and values form our social compact—our Community Covenant.

Those members of the University community who do not share the Christian faith are asked to affirm this Covenant, not as a statement of personal spiritual conviction but as an affirmation of our community vision, and agree to abide by its principles.

This Covenant is your invitation to join us. It applies to all who voluntarily choose to become part of the William Jessup University community—students, administrators, faculty, and staff—and is structured broadly around the Great Commandments: Love God and love your neighbor as yourself (Matthew 22:36-40).

LOVE GOD
We affirm the Lordship of Christ (Acts 2:26) and the authority of Scripture (2 Timothy 3:16-17).
As the William Jessup University community, we acknowledge the teachings and values of Jesus Christ as the guide for our actions and programs as much as humanly possible, in the power of the Holy Spirit. Our community has chosen Him and His life-changing message as our guide. Furthermore, the words of Scripture provide the authoritative, ethical, and spiritual foundation for our community. Jesus is Lord, and the Bible is our authority.

LOVE OTHERS
We value all persons as created in the image of God (Genesis 1:27)—honoring, loving, and serving one another.

We cannot love God and hate our neighbor. We are to love God and show it by how we live and interact with each other. We value all people—and life—as Jesus did, and we see each other as having a God-given purpose. We speak and act respectfully and with an attitude of service towards each other. Christ urged us to serve rather than be served, so we commit to having this approach with each other in the University community.

We support the weak (Micah 6:8; Isaiah 1:17)—always helping the wounded, the oppressed, and the needy.

We come from many backgrounds, and many of us have had to overcome significant challenges in life. Christ said we should help those around us, especially the weak and the wounded; so we look with extra care to those who are hurting. This includes the poor, the oppressed, and the marginalized in our society. Christ calls us to show care and compassion toward one another and to all in need. We do this with those on our campus and in our local community.

We respect authority (Romans 13:1-4)—affirming the God-given authority of those in leadership over us in the university and beyond.

We affirm the teaching of Christ and the Scripture regarding those in authority over us. God places them in authority for our good. So, we follow the guidance of those authority structures to the extent that they are consistent with the character of God and His Word.

We emphasize reconciliation (2 Corinthians 5:18-19)—expressing grace and forgiveness in conflict.

We choose to act with maturity and grace towards those with whom we disagree. We value and pursue peace with others. When necessary, we strive always to model a community deeply committed to reconciliation and forgiveness.

LOVE OURSELVES

We pursue spiritual formation (2 Corinthians 5:17)—willingly engaging in spiritual disciplines and activities.

We actively engage in practices that will draw us closer to Christ and, at the same time, avoid practices that will draw us away from a relationship with Jesus. We affirm the historical practices of spiritual formation, belonging to a local church, and Christian service.

We practice holiness (Hebrews 12:14; 1 Thessalonians 4:3) and embrace purity (Philippians 4:8-9)—extending this to word, thought, and deed.

As a community we seek to:

a) Demonstrate the Christian virtues of love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control.

b) Love and support that which is good in God’s eyes.

c) Embrace purity in all relationships and reserve sexual intimacy for marriage between a man and a woman.

d) Practice speech that is edifying and uplifting.

e) Model self-control and healthy lifestyle choices.

We live with integrity (Colossians 3:9-10)—committing ourselves always to truth and honesty.
For the community to flourish, it must rest on a foundation of trust and civility. We therefore covenant to practice authenticity and honesty. Integrity requires that we take ownership and responsibility for our mistakes.

This vision for Christian community presents a high standard. By God’s grace we seek to embrace it and uphold it. Consequently, this *Covenant* articulates the foundational framework for our community, subject to the Articles of Incorporation, Bylaws, Statement of Faith, and Board Policy.

More specific applications of this *Covenant* are expressed in the particular policies for faculty, staff, and students within the University.

**University Learning Goals**

William Jessup University desires that its graduates will exemplify transformational leadership in church and society through the integration of their faith, learning, and critical thought in the arenas of Christian literacy, communication and intellectual skills, professional competence, and global citizenship.

WJU students will be prepared to:
- Articulate the relevance of Jesus Christ, His teachings, and a biblical worldview to their personal and professional lives.
- Communicate effectively across cultures.
- Demonstrate critical, analytical, and creative thinking.
- Exhibit competence in their chosen disciplines.
- Engage in a lifelong pursuit of knowledge, character formation, and service to their local and global communities.

**Multicultural Education at WJU**

William Jessup University encourages a multicultural environment where all cultural groups are celebrated and honored. Multicultural education at WJU seeks to remove the barriers of culture and language that would prohibit the contextualization of the gospel of Jesus which is crucial to the ethnically diverse world in which we live.

All students at WJU are expected to acquire skills in cross-cultural communication in order to proclaim the Christian story in our world of many ethnic groups. Students with particular interest in multicultural or cross-cultural education are encouraged to pursue a degree in Intercultural Studies. In this way, students from the dominant culture are equipped not only to appreciate cultural diversity in America but to experience cross-cultural ministry within or beyond our borders.
This rationale for multicultural education is consistent both with our view that God honors people from all cultural heritages without showing favoritism and with our Christian commitment to giving all people an opportunity to respond to the good news of Jesus.

**Equity and Inclusion**

William Jessup University seeks to promote, plan, and monitor academic support programs for students who are academically vulnerable or who feel disenfranchised and who are committed to obtaining a Christian-based education at WJU.

WJU is committed to the following goals:

- Promote respect for individual differences and promote Christian values that individuals be treated with respect and civility
- Assure equity and inclusion services to all domestic and international students
- Assist in the creation of a campus climate that is conducive to the optimal learning and development of all people at Jessup University.
- Provide institutional leadership in fostering policy and transformative program development with and supporting equity, inclusion and diversity of students, faculty, and staff in all departments and offices.
- Provide confidential support services to address concerns and allegations of harassment or discrimination within the Division of Academics.
- Develop, implement, and support programs that celebrate the contributions and perspectives of underrepresented groups at the University.
- Comply with all state, federal, and institutional laws that protect the rights of students and staff including the following: Our commitment is guided by three overriding principles:
  1. Equity – Ensuring institutional equality of opportunity for prospective students, faculty and staff who desire to become official members of the student body, faculty or staff.
  2. Inclusion – Demonstrating and manifesting a welcoming campus environment; seeking to understand the experiences of the campus community and promoting institutional efforts to break down barriers to inclusion.
  3. Diversity – Recognizing that a diversity of people, perspectives, experiences and thought is essential to effective teaching, learning, research, and service.*

Visiting the Campus

We encourage you to visit our campus! We host two main events, Preview Days and Transfer Day. Check our website or call the Admission Department at 916.577.2222 for dates. These events are a time for prospective students and their families to visit the Jessup campus, meet students and faculty, and receive valuable information about the Jessup experience. There is one significant difference between the two events: Transfer Day is entirely focused on assisting college students in making the transition from their former college or university to Jessup. Transfer students are encouraged to attend both a Preview Day and the Transfer Day. There is no cost for either event, but an RSVP is required. Please contact the Admission Office, or check our website for details. If you are unable to attend either event, we also offer a personalized Jessup visit arranged by the Admission Office to serve you best. Simply contact us seven to 10 days in advance through the online sign-up, by email, or by phone, and we will gladly arrange for a meeting with an admission counselor, a campus tour, sitting in on a class, eating in Crossroads Café, and even staying overnight in the residence halls! “Seeing is believing,” and we hope you will take advantage of a visit to our campus.

Application Procedures

The following three steps are necessary and are what constitutes a complete file:

1. Submit application (online version or paper version) and the $45 non-refundable application fee.
2. Submit OFFICIAL transcripts of work completed through the most recent term.
   - High school seniors – Depending upon when applying, at least through the end of the Junior year (sixth semester)
   - Transfers – Final OFFICIAL high school transcripts (with graduation date) and college through the most recent semester completed
3. Submit OFFICIAL SAT/ACT results.
   - May be required from some transfer students

Once the File Is Complete

Once the above steps are done, your file is considered complete. A preliminary file evaluation will be conducted by one of our admission counselors. If necessary, we will contact you for more information to gain further perspective. Otherwise, your file will go to the Director of Admission for decision.

Priority Filing Dates:
Admission Criteria

Jessup seeks to admit applicants committed to a Christ-centered environment who can demonstrate solid academic preparation reflected through their transcript and SAT/ACT scores and who value a traditional undergraduate experience marked by campus community living and involvement. Although Jessup does not set minimum academic GPA or standardized test criterion to apply, we practice selective admission. An interview is recommended and may be required.

William Jessup University may choose to not offer admission or not honor any request for readmission for any reason it may consider valid. Following are examples of reasons that a student may be refused admission to Jessup:
1. Academic record deemed deficient.
2. Substance abuse.
3. Mental illness. Students who apply to Jessup following a hospitalization must sign a release to allow school officials to confer with appropriate professionals. The University reserves the right to be informed of a student’s after-care plan and to determine if a student is ready for the academic and social environment at Jessup. The University requires that students wait one year between completing hospitalization and applying for admission.
4. Moral objections. Persons who show a lack of Christian character by practicing criminal acts of any kind, sexual immorality, witchcraft, or any other immorality and un-Christian acts are requested not to apply for admission.

Admission decisions are determined by the Director of Admission, under the advisement of the Provost’s Office, in accordance with standards established in the best interest of the applicant and the University. All enrolled students agree to abide by the University standards of conduct as outlined in the Student Handbook.

Freshmen

It is recommended that a high school student follow a competitive college preparatory plan that most high schools have established.

Jessup Recommended Core Curriculum

- Four (4) years of English with literature and composition
- Three (3) years of math (minimum: Algebra I and II and geometry)
- Three (3) years of science (general science and two of: biology, chemistry, or physics)
- Three (3) years of social science (U.S. and world history, government/economics)
- Two (2) years of one foreign language (Sign Language is accepted.)
- One to four (1-4) years of an academic elective (i.e. math/science/social science/religion)
Transfer

Jessup welcomes transfer students regardless of the number of units completed at other accredited colleges and universities. A transfer student is defined as a high school graduate who then attends college following the summer of graduation. Applicants who have completed more than 24 solid academic semester units at the time of application will have their admission evaluation done primarily on the basis of college work. On the other hand, if you have completed less than 24 solid academic semester units at the time of application, your admission evaluation will be done primarily on the basis of your final high school transcript, SAT/ACT scores and completed college work. Coursework considered for admission may differ from what coursework is actually transferable. In most cases, a transfer student will transfer in more semester units than were used for the admission decision. An interview is recommended and may be required. **IMPORTANT:** If money is owed to any previous school, that balance must be paid in full and verified before you can be considered for admission to Jessup.

Visit our website, or contact the Traditional Undergraduate Admission Office or Office of the Registrar to obtain a copy of a community college general education articulation of coursework to help you register for the proper classes.

Non-US Citizen/International Student

William Jessup University is approved by the U.S. Citizenship and Immigration Services for the admission of non-U.S. citizen/international students. Non-U.S. citizen/international students play an important role in enhancing the cross-cultural experience of the student body.

There are specific entrance requirements and procedures for non-U.S. citizen/international student applicants that may differ from an applicant who is a U.S. citizen. The strength of the high-school equivalent or college/university program, the record of academic aptitude demonstrated by SAT or ACT results, the TOEFL results, and questions on the application are important in determining admission. **Jessup applicants who submit academic records for coursework taken outside the United States** must submit those records to any credential evaluator approved by the National Association of Credential Evaluation Services (NACES). To view a list of approved service providers, visit the following link: Credential Evaluator Services. **The student is responsible for paying the credential evaluation and translation fees.**

Carefully consider the following:

- **The TOEFL (Test of English as a Foreign Language) exam is required of all international students** and must be taken before acceptance to the university is granted. **NOTE:** Students can be exempt from taking the TOEFL if they have completed at least four (4) years of full-time study at a secondary or post-secondary level in which English was the language of instruction and can provide a letter from the institution stating English is the primary language of instruction. If this is the case, then the student must submit either the SAT or ACT instead, unless they are a college transfer with greater than 24 academic solid semester units completed. See the requirements for the SAT and ACT below. On the TOEFL exam, the **minimum score requirement** is a 550 on the paper-based test (PBT) or a 90 on the internet based test (iBT). General information inquiries about the TOEFL test can be

- No U.S. government aid is available to foreign students, including student loans. However, we do offer a $3,500 International Student Grant, and a student may qualify for Jessup academic and athletic scholarships. We do not offer full scholarships. These scholarships are only partial awards and will not cover the entire cost of an education at Jessup. The student will be responsible for any remaining tuition, fees, room and board, books and supplies, and miscellaneous expenses. Please contact the Admission Office for details about the applicable scholarships.

- The student must provide official evidence of complete financial support for the annual educational costs at Jessup. The annual Cost Of Attendance (COA) for the current academic year may be found in the chart below. The annual COA includes tuition, fees, room and board, books, supplies, transportation and miscellaneous expenses. The official evidence that the funds to cover COA are available must be shown by monthly bank statements for one year with the total amount in U.S. dollars; it can be from more than one source.

**ESTIMATED COST OF ATTENDANCE (COA)**
**ACADEMIC YEAR 2014-2015**

*NOTE: If you are coming to the U.S. with dependents, add $2,000 for spouse and add $1,000 per child.*

- The U.S. Affidavit of Support (form I-134) is the most common form used for official evidence. Affidavit of Support forms may be requested from Jessup Admissions. On this document, the sponsor must state the exact duration and amount of money or provisions the sponsor intends to provide. If you have more than one sponsor, you must provide an Affidavit of Support form for each.

- If the student’s personal funds are going to be used to pay for all or a portion of their educational costs at Jessup, then official evidence that the funds are available must be submitted to Jessup,
shown through monthly bank statements for one year with the total amount in U.S. dollars equaling one of the budgeted amounts below, depending on living situation.

**IMPORTANT NOTICE:** Once the admission requirements are completed and official documentation of complete and sufficient financial support for an I-20 are provided, the admission application will be submitted for consideration. If accepted, the student must pay a $5,000 (U.S. dollars) enrollment deposit in order to reserve a spot and be eligible to register for classes. If the student cancels before starting classes, Jessup will fully refund the $5,000. Upon receipt of the enrollment deposit, an I-20 will be issued to the student. Each semester balance owed must be paid before starting classes or be reported to INS.

**Former Jessup Student**
A Jessup student who withdraws without being granted an approved “Leave of Absence,” or the approved “Leave of Absence” time lapses, will be required to reapply to return. As part of the reapplication process, the student will be asked to update their original application materials. A reapplicant must be cleared by the following three departments: Business Office (no balanced owed), Office of the Registrar (not academically suspended), and Student Life (not expelled). An APPLICATION FOR READMISSION may be obtained from our website or by contacting the Traditional Undergraduate Admission Office.

**Admission on Academic Support**
A student’s academic record may indicate potential scholastic difficulties at Jessup and the student may be accepted on Academic Support. Following are the academic support strategies for first-time freshmen and for transfers:

**First-Time Freshmen:**
Under academic support acceptance, there are necessary requirements to facilitate success:
- During the first year at Jessup, the student will be required to enter into our Freshman Academy which will include valuable tools such as a dedicated academic support professional to come along side and a specific course rooted in strengthening personal and academic success.
- The student will be assigned a prescribed set of courses according to the individual graduation plan (15 semester unit maximum).
- The student is required to achieve minimum satisfactory academic progress towards graduation, in accordance with the catalog with which the student entered Jessup, in order to continue attendance. Confirmation of admission by submitting the enrollment deposit is the covenant to fully and faithfully commit to the requirements of the Freshman Academy program.

**Transfers:**
Under academic support acceptance, there are necessary requirements to facilitate success:
- During the first semester at Jessup, the student will be allowed to take a maximum of 15 semester units, of which one to two units will be a specific course rooted in strengthening personal and academic success.
- The student is required to achieve minimum satisfactory academic progress towards graduation, in accordance with the catalog with which the student entered Jessup, in order to continue attendance.
• We recommend the student connect with Dr. Hank Gardner, Director of the Academy, who is available to assist in the transition to Jessup.

**NOTE:** Transfers with less than 30 transferrable semester units towards a degree at Jessup may be placed into our *Freshman Academy* for directed support.

Any students who do not satisfy the above requirements may be subject to dismissal.

**Confirmation Deposit**

Once offered admission, applicants are required to submit a $250 tuition deposit and either a housing application or application for commuter status to the Admission Office. For fall semester starts, the deposit is **non-refundable after June 1**, or by the date indicated in the Acceptance Letter, thereafter. For spring semester starts, the deposit is **non-refundable after December 1**, or by the date indicated in the Acceptance Letter, thereafter. Priority consideration for housing, registration, and financial aid is given to those students who submit the deposit postmarked by their stated deadline. The $250 tuition deposit is applied directly to the first term of attendance.

**Cancelled Applicants**

An applicant who does not complete the admission application process or enroll for the semester in which they are offered admission will be cancelled and placed in an inactive status. **Offers of admission cannot be deferred to a future semester.** In order to be reconsidered for a future semester, the applicant must submit in writing their desire to have their file reactivated and do so by the subsequent deadline. At that time, an admission professional will assess what is needed to update the student’s previous file and reactivate the admission application process.

**On-Campus Housing**

An important aspect of William Jessup University is a student's residence life experience. Holistic education seeks to develop well rounded individuals, and living in a WJU residence hall provides opportunities for growth and development outside the classroom. As a residential university WJU desires to have its students live in campus housing. All non-commuting students are required to reside in residence halls unless permission is granted by the Dean of Students based upon adequate grounds for residence elsewhere.

A commuting student is understood to be a married student, or an unmarried student living at home with his/her parents. All other exceptions require the approval of the student life office, and may be granted if:

1. A student is at least 22 years of age by September 1 of the incoming fall semester.
2. A student’s parents request permission for her/him to live with a close relative who is married and has an established home in or near Rocklin.
3. Required by a physician for health reasons. (Please contact the Dean of Students for appropriate documentation.)
4. Students with more than 60 units (junior or senior standing).
5. Off-campus program/internship/student teaching.

All students who will not be living in one of the residence halls must complete the form “Application for Commuter Status” as part of the registration process. Students will not be allowed to register for courses
until this application is submitted to the Student Life office. It is the expectation of the university that all students paying room and board costs will live in residential housing. In the event campus housing exceeds capacity, a lottery selection will be initiated.

**English Proficiency**

All degree-track students must satisfy the University’s General Education requirements. Completion of English Composition I and II or their equivalents (as determined by the General Education Department) is required of every candidate for a degree at WJU. Courses in English as a foreign language taken at an overseas school may not be used to satisfy English composition requirements at WJU.

**Placement Testing**

**English**

Placement into ENGL092 or higher will be determined by ACT and SAT verbal scores. A student must attain either score of ACT VERBAL-20 or SAT VERBAL-500 in order to be placed into ENGL101a. Scores below this will require students to take the remedial class of ENGL092. If a student does not believe that they are placed correctly, they are allowed to challenge this decision by taking the English Placement Test for $30.

**Math**

SAT/ACT scores will be used to determine placement into MATH092 or MATH200 or above. A student must attain either a score of ACT MATH – 20 or SAT MATH – 520 in order to be placed into MATH200 or above. Lower scores will require students to take the remedial class of MATH092. If a student scores exceedingly high on the math section of the SAT or ACT, we recommend the student consider taking the College Algebra CLEP test in order to meet the WJU requirement. If a student does not believe that they are placed correctly, they are allowed to challenge this decision by taking the Math Placement Test for $30.

**Challenging a Placement**

Students may pay a $30 fee per subject to use this testing to challenge their course placement. These tests are written and must be scheduled through the Office of the Registrar by calling 916.577.2246.
Admission Criteria for School of Professional Studies

To be admitted to the School of Professional Studies, a student must meet or exceed the following requirements:

1. Completion of two years of full time work experience post high school.
2. Completion of a minimum of 12 transferable semester hours credit from an accredited college or post-secondary institution acceptable to WJU. Exceptional applicants with less than 12 transferrable hours may file an appeal to gain admission.
3. A student who is admitted with 12 to 59 semester hours transferred into the program may begin their general education coursework in the SPS Bridge program.
4. Once a student has 60 semester hours through either transferable application or in combination of units obtained through the SPS Bridge program (including English Composition I and any program specific prerequisites) he/she may begin courses in the major. Once a student enters their degree program, it is possible to finish their degree in 19 months.
5. All students are required to verify high school graduation by submitting a high school transcript or diploma showing graduation date. If no high school graduation transcript is available, talk to the financial aid department to determine the appropriate use of a GED certificate, California Proficiency Exam results, or other means to verify academic standing. In addition, all other post-secondary transcripts should be included.
6. Cumulative grade point average of a 2.0 or higher (4.0 scale) on all prior post-secondary academic work. The GPA requirement will be supplemented with consideration of an academic completion rate (ACR). The ACR is a calculation of all courses passed with a C- or higher compared to all registered courses appearing on the academic transcripts.
7. A willingness to study in a Christian university with requirements, including Bible.

Admission Procedures

Application is a simple process that can lead to a quick decision concerning your eligibility for enrollment. The process requires the submission of the following:

1. A completed application and payment of the nonrefundable application fee.
2. Official transcripts from all colleges and universities previously attended. If you do not have 60 transferable units, you are required to submit documentation verifying graduation, in addition to other post-secondary transcripts. Official transcripts must be sent directly from the institution to the SPS office. Transcripts that pass through a student’s hands (even if in a sealed envelope) are considered unofficial.
3. Complete the Free Application for Federal Student Aid (FAFSA) online, if you plan to use financial aid. Online filing is faster and the preferred method. Contact the Financial Aid Office with any questions.

Upon meeting all the above criteria, the SPS Admissions Committee will consider the admission application. William Jessup University reserves the right to reject any applicant or any request for readmission for any reason it may consider valid.

**Bridge Program**

Bridge classes focus on General Education and Free Electives and are offered in the same accelerated format as major courses. These classes serve as a “bridge” to students seeking to enter their major program (pre-major classes) or for completion of degree requirements (post-major) after a student has completed their major program. Bridge classes are scheduled in a manner consistent with major courses, allowing students to complete all their degree requirements at WJU in a time effective and continuous manner.

**Petition to Change Cohort**

Students who wish to change cohorts must obtain the approval of the SPS Director or Associate Director. A Petition to Change Cohort form must be completed, including SPS Director or Associate Director’s signature, and submitted to the SPS Office or Office of the Registrar. A $120.00 processing fee will be added to the student’s account. Depending on the student’s circumstances, they may also need to file a Petition to Add/Drop form and/or a Leave of Absence form.
Student Development, Activities, and Resources

Student Life

In order for students to be prepared as Christian leaders, they must continue to develop their integrity and Christian character. Intellectual growth without personal growth is of limited value for leadership and service. The right balance of hard work, academic study, spiritual discipline, relationship building, mentoring, and involvement in service is important to develop at an early stage in one’s university experience. As faculty, staff, and administration work together for the development of the whole person, students develop a deep and meaningful commitment to our Lord while understanding their own particular calling to Christian character and career. Student development partners with faculty to help students round out and balance their university experience with growth opportunities beyond classroom and coursework.

Student development at WJU exists to:

1. Foster a community of learning where intellectual, emotional, spiritual, and physical dimensions of life can be developed.
2. Provide opportunities which enable students to grow in their understanding of and ability to confront values, ideas, and cultures which may be new and different.
3. Create an atmosphere in which students can cultivate and refine their temperaments and abilities and are empowered with life skills.
4. Encourage students to pursue the goal of Christian servanthood on campus, in the church, in the community, and around the world.

For the most current information on issues related to student life, please access the student handbook at http://my.jessup.edu/studentlife/ and choose “Student Handbook” in the sidebar.

Student Attitudes and Behavior

Students at WJU are individuals who want to push intellectual, spiritual, and emotional growth to the edges, not push the limits of extreme behavior. WJU emphasizes positive attitudes and values based on biblical understandings of how to live in obedience to Christ, according to God’s grace. The rule of conduct has been described as simply to live in a way which would bring glory to Christ and would be in the best interest of the campus community. The University community seeks to foster responsible Christian freedom, which requires a wise stewardship of mind, body, time, abilities, and resources. However, since all of us are in process and may need some direction, the University makes clear some additional expectations, which are outlined in the Student Handbook.

Campus Ministries

William Jessup University is committed to being Christ-centered in both our academic and co-curricular programs. Campus Ministries exists to fulfill the mission and educational objectives of WJU by providing a foundation for spiritual growth and leadership in three areas: community worship, service/outreach and discipleship. Traditional full-time students are expected to attend chapels regularly, participate in Service, as well as attend a spiritual formation group while attending WJU.

Chapel – Traditional Students
Chapel is at the center of our community expression of worship as a university and includes a broad diversity of speakers, artists and offerings of worship. Chapel is held on campus in the academic warehouse almost every Wednesday and Friday from 9:30am – 10:20am during the traditional fall and spring semesters at William Jessup University (major holidays excluded). Regular chapel attendance is required every semester for full-time (12+ units) traditional students at WJU. Some exemptions can be petitioned using the Chapel Attendance Petition and include student teaching and study abroad semesters. Chapel credit is attained by attending a total of 20 regular chapels in a given semester. Monday evening chapels are now available weekly to offer students more options for chapel attendance. Additional absences for doctors’ appointments, sickness, etc. are not generally granted except in severe circumstances (e.g. hospitalization). Because chapel attendance is an enrollment requirement, students who do not attain credit will be required to meet with the Dean of Students regarding dismissal and appeal options. All chapel credit must be completed prior to the student’s degree posting date. A delay in completion will result in the degree being posted for a subsequent date.

**Service – Traditional Students**

Service hours are required for all full-time traditional students (12+ units) desiring to receive a degree or certificate at WJU. These may be earned through various areas of service within the community which may include church ministry, civic ministry, missions, other areas of outreach, or enrollment in designated service learning courses. To receive a semester of service credit, a student must serve in a volunteer ministry for which they do not receive pay or other academic credit for a minimum of thirty (30) hours during a given term (spring, summer, or fall). Only 15 hours out of your 30 hours in a semester may be earned for on-campus service. Service Report forms need to be turned in no later than the Friday before finals week for eligibility. A late fee will be charged for forms turned in after that date. Summer Service Report forms can be submitted up until the fall add/drop deadline. Service performed prior to enrollment is not eligible for approval. Traditional students are required to attain service credit for one half (1/2) of the time they are enrolled full-time at WJU. All service and outreach credit must be completed prior to the student’s degree posting date. A delay in completion will result in the degree being posted for a subsequent date.

**Spiritual Formation Groups – Traditional Students**

Spiritual Formation Groups (SFGs) are small groups of students led by faculty, staff and student leaders. The purpose of these groups is to engage students in an intentional interactive setting where they can pray for one another, share joys and challenges, discuss ideas and find support. SFGs are normally held during the Monday chapel hour and students may register for SFGs as they register for classes. Traditional students must attain SFG credit for one half (1/2) of the time they are enrolled full time at WJU. A “Credit” or “No Credit” grade will be given at the end of the semester solely based on group attendance. Students may not miss more than 3 SFG meetings to receive credit for the semester. Freshman students are automatically placed in a Contemporary Discipleship class which fulfills the SFG requirement for their 1st semester. Students must be registered for the SFG they attend in order to receive credit. Students should check with Student Life to ensure they are meeting the proper requirements. Please refer to the student handbook for more details about SFG policies. All SFG credit must be completed prior to the student’s degree posting date. A delay in completion will result in the degree being posted for a subsequent date.
Chapel, SFG, and Service Disputes – Traditional Students

It is the student’s responsibility to keep track of their chapel attendance and service hours throughout the semester found in their Student Portal. SFG credit is reported on the regular grade reports after each semester. Any disputes regarding credit must be submitted in writing using the Campus Ministries General Petition form NO LATER than the last Friday of December (for fall semester credit appeals) and the last Friday of May (for spring semester credit appeals). General Petition forms are available in the Womack Student Life Building and at my.jessup.edu.

Student Leadership – Traditional Students

The development of strong leadership skills among our student body is an important purpose of the University; the Student Leadership program provides practical, focused opportunities for leadership development.

The WJU Student Leadership program consists of five major components:

1. Student Government is composed of an executive council including a president, vice president, business manager, and representatives. These executive officers are elected in the spring semester prior to their year of service and representatives are elected early in the fall semester of the year of their service. The primary purpose of Student Government is to provide the student body with representation to the University, as well as provide valuable information back to the student body.

2. The Orientation Leader position is designed to assist new students in the transition to University life and the WJU community through programs such as New Student Orientation and by leading cohort groups. In doing so, Orientation Leaders (OLs) play a vital role in providing academic, social, and spiritual support for new students and the University community.

3. Campus Ministries student leaders work together with the Director of Campus Ministries and Assistant Director of Campus Ministries-Outreach to promote spiritual development and provide opportunities to serve others. They provide leadership through programs such as Chapel, Service, Outreach, Spiritual Formation Groups, Prayer Groups, Missions, and special events.

4. Resident Assistants provide on-campus students with service related to campus residence halls. Their primary purpose is to assist the Resident Directors with building a Christian residential community through implementing residence life policy and providing residence programming. They are available around the clock to assist resident students with any issue related to on-campus living.

5. Student Activities and Intramurals programs provide the university with a wide variety of activities that range from engaging discussions of social issues to night games, movies, and outdoor adventures. The intramural program provides regular athletic events for all students to participate such as volleyball, basketball, ultimate frisbee, flag football, and dodgeball.

Student Activities

Student Activities exists to fulfill the mission and educational objectives of William Jessup University by providing activities and educational programs that emphasize the priority of relationship building and community development, encourages the development of integrated values, systems, and beliefs, as well as promotes a holistic perspective of health and wellness.
University Music Activities
The William Jessup University Music Department provides opportunities for student, faculty and staff involvement in musical activities. Participating in a WJU music group is a great way to make new campus friends, experience excellent musical training, perform, and serve the University. The campus community is welcome to perform in any of the performing groups and ensembles:

- **University Choir and Orchestra:** open to all WJU students by audition
- **Jessup Concert Choir:** open to all WJU students by audition
- **University Wind Ensemble:** open to all WJU instrumentalists by audition

Intercollegiate Athletics
Intercollegiate athletics at WJU provide development for the body, mind, and spirit of each student athlete. It is the goal of the Athletic Department to train athletes in sportsmanship, assist their growth in character, leadership, athletic ability, and provide opportunities for Service. More important than wins and losses, student-athletes are encouraged to develop an ability to “Champion Christ through Sport” both locally and globally.

Athletic programs include varsity intercollegiate teams in men’s and women’s basketball, soccer, cross country, track and field, men’s golf, baseball, women’s volleyball, and softball. The University is a member of the National Association of Intercollegiate Athletics (NAIA), competing in the Golden State Athletic Conference (GSAC).

New Student Orientation – Traditional Students
Transition to university life is filled with many significant changes and challenges. In order to help students make these changes, the New Student Orientation (NSO) program introduces students and their families to the WJU community, campus facilities, campus services, and most importantly, to fellow students and WJU staff. We believe the development of meaningful and healthy relationships is a key to making a smooth transition into the university experience. The orientation program helps develop strong friendships, which often last a lifetime and provide the support needed for the tougher moments of life. Students are required to attend if they are enrolled in six or more units. Some of the activities include a family BBQ, movie on the field, academic workshops, and various interactive activities. Student leadership members play a vital role in New Student Orientation by facilitating directed programming, sharing their personal college experiences, and building relationships with new students.

Student Life Office
The goal of the Student Life Office is to facilitate opportunities beyond the classroom experience that will impact a student’s social, personal, physical, and spiritual development. We believe that the development of relationships and the building of community are essential elements of the overall educational experience and will aid in both success at the University and success in life. As such, we encourage students to benefit from involvement and participation in campus community activities and programs aimed to assist in the
development of relationships and provide experiences that will reinforce the value and importance of community involvement and service.

The Student Life Offices are the focal point of all departments and programs within the Division of Student Development. Here students will find the offices for the Dean of Students, Campus Ministries, Residence Life, Student Activities, Student Leadership, and Student Government.

In addition to our primary goal, a number of services are also provided through the Student Life Office:

1. Distribution of student identification cards.
2. Determination of chapel attendance and completion of SFG and service requirements.
3. Assistance with housing and commuter status processes.
4. Coordination of student activities calendar.
5. Publication of student, parent, and residence life handbooks.
6. Enforcement of University student policies.
7. Management of student insurance policy and Information.
8. Assistance with campus mail services.

Student Union and Student Commons

The Student Union and Student Commons provide space where students may relax, watch TV, participate in student clubs and organizational meetings, study, or visit with fellow students. They provide accessible, fun, and inviting settings for the campus to enjoy and a comfortable social outlet for all WJU faculty, staff, and students. Board games, pool tables, foosball, and ping pong tables are available to all current University students.

Crossroads Café

The café is not only a place to enjoy a meal at WJU, but also a place for fellowship and interaction with the University community. Students, faculty, and staff gather in the cafeteria to spend time with one another, reflect on class discussions, or just relax. Please check for meal times at the café, or online at www.jessup.edu. Meals are not served during vacations or recesses.

Textbooks

WJU has partnered with Follett Virtual Campus to provide our students with course textbooks, reading materials, and digital e-readers. A link is provided during the online registration process and on our website at http://my.jessup.edu/bookstore/order-books/ to purchase or rent new and used books. (Rental and digital textbooks are available on select titles.) Eligible financial aid recipients may use their excess financial aid funds to purchase or rent textbooks through Follett by requesting an electronic book voucher from the Student Accounts Office. This request can be made by sending an email to bookvoucher@jessup.edu.

Instructional Resources

One of the best theological libraries in the Sacramento area, the Paul Nystrom Library of William Jessup University houses hundreds of thousands of books, periodicals, journals, CDs, DVDs, and streaming music and
video in our physical and electronic collections. Collection strengths include biblical studies, counseling psychology, and the restoration movement. The electronic library collections are accessible to students 24/7, on or off campus through the library’s website at http://www.jessup.edu/library.

The library also makes equipment available for student use: personal computers, WiFi and power outlets for laptops, a copy/printer room, a media lab, three group study rooms and a variety of study seating throughout. The library is open year-round; check the library’s website for a current schedule.

Whether you are looking for reference help, deciding where to begin your research, or simply searching for a book or article recommendation, the library staff wants to help. Feel free to make an in-person appointment with a librarian or chat with a librarian online while browsing the website, and if the library doesn’t have a particular book you need, you can even request it through us from another library.

**Student Development Appeal Process**

In the event a student has specific concern regarding a policy or procedure of the University, the student is encouraged to communicate the concern in writing to the Dean of Students. The Dean of Students will act to bring formal resolution to the stated grievance either by addressing the issue directly, or, if necessary referring the issue to another University official. More information on appeals may be found in the Student Handbook.
Student Success Initiative
William Jessup University is committed to the satisfactory academic progress of all students. In striving for a successful college experience, WJU offers the following resources to all students:

Advising
Students are expected to take an active role in their educational planning. Advising and mentoring programs are provided as assistance in understanding degree requirements and program objectives.

Incoming traditional students will meet with the Academic Advising office for their first year of attendance. After a major is declared and a year of residency is met, students are assigned a Faculty Mentor. Students meet with their advisor before registration each semester to develop direction for their academic program. Faculty and academic advisors are available to discuss career goals, assist in choosing classes and selecting a major, give counsel about grades and any other aspect of University life, and plan graduation programs.

To ensure the success of students with special needs, students may be assigned to a personal advisor to guide their progress in the admissions, advising, or academic skills process. SPS advising questions can be directed to the main office at 888.883.ICAN.

Career Guidance
Career and Life Planning provides resources for the students and alumni of William Jessup University in finding gainful employment. We hope to make the education students receive as marketable as possible through a variety of activities, workshops, one-to-one career counseling appointments, and events.

Career testing and guidance instruments are available to help students explore strengths, interests, and personality to help make career decisions. Key work readiness resources include resume and cover letter review and development, interview preparation, vocational and labor market exploration, job/internship search strategies, dressing for success, and access to the Jessup job board.

If these resources can assist you in reaching your career goals, please contact the Director of Career and Internship Services at 916.577.1815 or careerservices@jessup.edu or schedule an appointment at: http://my.jessup.edu/careerdev/schedule-an-appointment-with-career-services/.

Personal Counseling
Personal life and growth is an important part of any student’s total University experience and preparation for ministry. WJU offers several opportunities to encourage personal mental health. Personal support can be sought through meetings with faculty, staff, or administration. Students may also request counseling through the Student Life Office. In addition to on-campus counseling, the University maintains a network of professional counseling services off-campus. For referrals or other information, please call the Student Life Office at 916.577.2321 or visit my.jessup.edu.
Disability and Academic Support

The Success Center is an inclusive resource for all WJU students where they can receive either academic and/or accommodative support. We encourage you to learn more about our available resources, such as tutoring, academic mentoring, and assistance in requesting accommodations for both temporary and permanent challenges/disabilities.

In accordance with Section 504 of the Rehabilitation Act and the Americans with Disabilities Act, the Success Center provides eligible students a variety of specialized support services and reasonable accommodations. These services are intended to assist college students with disabilities to more successfully participate in regular college programs and activities. Accommodations are determined individually for each student through an interactive process and are based on functional limitation as a result of a challenge/disability. Verifiable documentation must be provided by a medical doctor and/or appropriately licensed professional. For more information, please visit: http://my.jessup.edu/successcenter/.

Learning Commons Academy Academic Support Readiness Programs

The Learning Commons Academy academic support readiness programs are designed to guide student registrants with intensive study management skills to achieve optimum academic success. Academy programs are constructed in coordination with University academic standards and point system guided by the Office of the Registrar. There are three levels of academic probation with the ascending point values signaling greater challenges for academic success. With this in mind, students are provided the opportunity to meet and overcome their success challenges through a progression of academic support programs including Principles of Success, Freshmen Academy, Academic Enrichment Academy, academic contracts, non-enrollment college reentry alternatives, and support programming for SPS students. Learning Common Academy programs are annotated below.

Freshmen Academy (FA)
A full-time, one-year, academic support program designed to assist new students admitted on academic support with study and learning skills development. Students are grouped as a cohort for the academic year.

Academic Enrichment Academy (formerly WJU Academy)
A one-semester, one-unit course where students apply to attend classroom and/or individual advising which provides them with an overview of skills necessary for successful completion of programs and degrees. AEA is designed to serve as a “grace” semester for continuing students who have been unsuccessful in maintaining the required term and WJU cumulative grade point average necessary for degree completion.

Transfer Academy
A one-unit, eight-week refresher course with eight-week scheduled advising sessions where transfer students who are admitted on academic support with 30 units or more will be registered.
Principles of Academic Success and Personal Development

A one-semester course for continuing students on Academic Warning (1 point) that is designed to expose them to academic and personal tools that will help them to enhance their strengths to acknowledge and develop their weaknesses and to learn to adapt those tools in such a way that they can be modified for lifelong learning.

Academic Contract

A contract agreed upon by a student and the Learning Commons team on conditions and steps that the student will take during the semester to improve their term and cumulative grade point average.

Timeless Truth...

Timeless Truth in a Changing World – Education for Life

Education at William Jessup University offers students the opportunity to seek meaning, truth, and direction for their lives through a curriculum that is both classic – rooted in the educational traditions of the past – and relevant – vital for success today.

Stimulated by the challenge of educating a new generation of students, the faculty has explored the question: What does it mean to educate Christians in the twenty-first century? Ironically, the answer is found in a first century tale, as the story of Jesus’ encounter with his disciples on the road to Emmaus, recorded in the gospel of Luke, provides the metaphor for Christian higher education at William Jessup University.

Emmaus is a story about one day in the life of two people. Walking together toward a town called Emmaus, they were talking about everything that had happened. At that moment, life was uncertain, the future unsure, and trust in anything or anyone seemed a precious risk. As they talked and discussed these things with each other, Jesus himself came up and walked with them. He listened to their concerns, shared biblical truth, and spent time with them. An encounter with truth and compassion radically changed their lives.

Education at WJU offers our students an Emmaus experience – the opportunity to seek meaning in the person of Jesus Christ, explore truth in both His word and His world, and find direction for their personal and professional lives.

Central to each student’s course of study are the Foundational Studies, a core of classes that position students as leaders in their world. WJU seeks to develop the whole person by developing skills in communication, quantitative reasoning, and critical thinking and by exposing students to a broad cross-section of knowledge in the sciences, social sciences, and humanities. Through their study, students:

- Gain the knowledge and skills to stand firm on an unshakable foundation, strengthened for the challenges ahead;
- Grow as an individual of spiritual and moral integrity who cares for other people, other cultures, and the natural world; and
- Develop a voice of advocacy and compassion.

The individual majors offer students opportunity to focus their education and gain expertise in a particular area. All degree programs at William Jessup University equip the student to apply the principles in their field to positions of leadership in church and society. In these classes students test their interest, develop their skills, and discern God’s direction in their lives.
Academic Programs and Distinctives

An education at WJU offers students the opportunity to seek meaning, explore truth, and find direction for their lives.

Community in Learning. The first century disciples returned to join their friends in Jerusalem, and together they reflected upon the meaning of Jesus’ words to them. Together they moved out to change the world. Our curriculum includes intentional opportunities for students to join a community of seekers, who enjoy laughing, talking, studying, playing, thinking, and sharing. Students are invited to voice fears and doubts in an environment which values growth, as they study with men and women of God who model thoughtful, engaged lives.

Individual majors offer students opportunity to focus their education and gain expertise in a particular area. All degree programs at William Jessup University require a minimum of 128 semester units to equip the student to apply the principles in their field to positions of leadership in church or society.

WJU has a strong heritage in preparing leaders for ministry in the local church around the world and leadership in the workplace. Each major, core requirements, and our co-curricular requirements help prepare our students for servant leadership in the community and their chosen field of study.

Students may choose to complete a minor of in an area or by transfer of units in a field of study other than one at WJU. We also offer minors in archaeology and TESOL. Depending on your major, additional courses may be required to meet the minimum of 128 units for graduation.

Two Associate of Arts degrees of 64 semester units are offered. The AA in Bible offers students a foundational education to formulate a biblical worldview in a multicultural society. The AA in Ministry includes an area of concentration in practical ministry.

Experiential Learning. Because education must be both practical as well as theoretical, most bachelor’s degree program includes a required service learning component. All degree-seeking students will be expected to spend from three to nine months in a practical, supervised ministry for which they will receive academic credit and a grade. In an internship, practicum, or other experiential learning opportunity, opportunities to be involved will vary according to their major program. For example, a Christian education major may spend a semester or more student teaching at a local Christian school; an Intercultural Studies major may spend a summer overseas interning with a missionary; a pastoral or youth ministry major may spend a summer or the school year in a local church ministry. Psychology majors will be placed in a setting where the focus of work will be personally assisting troubled individuals. The goal of this comprehensive internship program is that each student graduates with practical experience in their specialized field.

Capstone Courses. In their senior year, students measure their own learning and growth in a capstone course within their major.
Foundational Studies Core - Traditional

The primary goal of education at William Jessup University is the integration of faith and learning. In pursuing this goal, we accept the unity of all knowledge under God and perceive no contradiction between the truth of the Christian revelation and that of scholarly investigation. WJU offers a 66-unit Foundational Studies Core that emphasizes the content, thinking patterns, and worldview integration to be found in our version of the Trivium: biblical studies, history, and English; along with exposure to content areas in the humanities, social, and natural sciences; and skills in communication, quantitative reasoning, and critical thinking.

The Foundational Studies Core is fundamental to the development of the WJU graduate. Students who complete more than 68 units at WJU will receive a minor in biblical studies as a part of the core, and all students, whether transfer or not, will complete integrative studies of Scripture that ground and bring coherence to their life. Required core courses emphasize development of a personal Christian worldview, as students address issues of personal spiritual formation and societal engagement.

Students who transfer from other institutions will add the flavor of the WJU distinctive courses to their readily transferable units.

Core: 11 units

Contemporary Discipleship (LDRS152, 153, and 154)*
Christian Perspective (PHIL452)
Upper Division Depth Elective (300+ level, not in major)

*Students who transfer in 30 units or more toward degree will take three units of Contemporary Discipleship Praxis.

Biblical Studies: 18 units
All programs at WJU are based upon an 18-unit minor** in bible and theology, which include the following core courses:

Christian Foundations - Old Testament (BIBL101)
Christian Foundations - New Testament (BIBL104)
The Art of Interpretation (BIBL249) or Hermeneutics (BIBL349) for ministry majors
Christian Theology (THEO451)
Bible electives

**Non-ministry major students who transfer in 60 units or more toward degree may elect to take nine units of biblical studies: BIBL101, BIBL104, and BIBL249.

Communication: 9 units

English Composition (ENGL101A)
English Composition (ENGL101B)
Communication elective (some are major specific)

Mathematics and Quantitative Reasoning: 3 units

Must meet WJU MATH100 or above (some are major specific)

Arts and Humanities: 6 units
Topics such as literature, philosophy, ethics, creative arts, and intercultural studies; some are major specific

**Social and Behavioral Science: 12 units**

- Western or World Civilization I (HIST221 or HIST231) 3
- Western or World Civilization II (HIST222 or HIST232) 3
- Social and Behavioral Science electives

Topics such as sociology, psychology, public policy, and business; some are major specific

**Physical and Biological Sciences: 7 units**

- Minimum of two courses and one lab in the biology, chemistry, and science categories 7

**General Education and Bible Options for Transfer Students**

Transfer students may fulfill their general education requirements by completing William Jessup University’s General Education Curriculum or completing the Intersegmental General Education Transfer Curriculum (IGETC) prior to enrolling at WJU.

The IGETC model for the California State University (CSU) and University of California (UC) systems is accepted by WJU with the following provisions:

1. Students who have completed IGETC must also satisfy 6 units of upper division core courses which are required for a bachelor degree: Contemporary Discipleship Praxis and Christian Perspective.
2. The minimum of 128 units for graduation remains the same.
3. In addition to the IGETC, all prerequisites and support courses for existing majors must be met. Please consult anticipated program for major-specific general education requirements.
4. Transfer students following the IGETC should plan to complete it before they enroll at WJU. A signed IGETC agreement must be in the student’s file before enrolling for classes. Students who do not complete it before they enroll will follow the WJU General Education curriculum.

**Non-ministry major transfer students** who have, upon entry, completed a minimum of 60 units toward their degree and who pursue a non-ministry degree program may choose to satisfy nine units of Bible and Theology rather than complete a minor:

- Christian Foundations – Old Testament (BIBL101) 3
- The Art of Interpretation (BIBL249) 3

These students would gain nine units of electives in any area.
Bachelor of Arts
Bible and Theology

The Bible and theology major builds upon the core curriculum requirements to prepare students for seminary training or for graduate work in theology, ethics, and philosophy. The major may be used to prepare students for employment in church and parachurch agencies by achieving a level of biblical literacy that will enable them to be active in local church leadership and teaching ministries.

The degree, likewise, may be taken by those planning a teaching career in Christian schools, colleges, and universities; students preparing for pastoral and teaching ministries in the church; or those already in the pastorate. Also, Christian grade school teachers of the Bible would find this an excellent complement to the teacher education program. Other possible vocational uses of the major include intercultural studies professionals, Christian missionaries, those interested in language study and Bible translation, and Christian church leaders desiring a thorough biblical education.

Students who graduate with a Bible and theology major will demonstrate the ability to:

1. Articulate a biblical theology of ministry from the context of his or her chosen ministry discipline.
2. Be conversant in the basic elements of Christian theology and effectively present biblical truths in individual conversations and group settings.
3. Evaluate all of life and thought from a biblical perspective, discerning truth and falsehood, essential and non-essential in matters of Christian faith and practice.
4. Defend the inspiration and authority of the Bible and evangelical Christian doctrine.
5. Critically examine one’s own assumptions and those of others that influence the way in which the Bible is interpreted.

Bachelor of Arts

Biology

Students with a BA in Biology will acquire the knowledge and develop the skills to explore and reveal God’s creation at the community, population, organismal, and bio-molecular level. This four-year degree program will provide students with a broad, trans-disciplinary perspective on life-sciences in one of three course concentrations: general biology, human biology, and health and the environment. The BA in Biology consists of lower and upper division coursework in biology and supporting physical sciences and mathematics. The program is designed to give students rigorous preparation in biology while also providing a broader exposure to courses outside the major than is generally possible with a Bachelor of Science degree.

Students who graduate with a Bachelor of Arts in Biology from William Jessup will be able to:

1. Demonstrate both a theoretical and a practical mastery of biology across a broad scope of disciplines, ranging from molecular to ecosystem biology.
2. Demonstrate scientific literacy including strategies for review and evaluation of the primary literature, in depth knowledge of experimental design and application, and careful evaluation of content information.
3. Demonstrate appropriate laboratory techniques and mastery of basic laboratory skills in multiple fields of biology.
4. Demonstrate mastery of scientific method and the art of critical thinking, associated cognitive skills in the formulation of a problem, data gathering and analysis, and interpretation of results to address practical questions in biology.
5. Effectively describe scientific concepts and discoveries through oral, written and visual communication.
6. Recognize and develop connections between other academic disciplines and the biological sciences and appreciate the social relevance of biology.
7. Recognize and articulate how the created world reflects God’s goodness and wisdom, in its richness, order, beauty, diversity, and interconnectivity.
8. Develop a worldview that weighs and integrates scientifically informed perspectives with God’s Word and a respect for His creation.

Biology Major

The following courses are part of the requirement for this major and are recommended to fulfill general education requirements.
Principles of Biology I and II and Labs (BIOL101/101L and BIOL102/102L) 10 (GE: Physical and Biological Sciences)
Origins (BIOL176) 3 (GE: Biblical Studies)
Calculus I (MATH140) 4 (GE: Mathematics and Quantitative Reasoning)

Core Courses
Genes and Gene Expression (BIOL341) 4
Bioethics (BIOL478) 3
Introduction to Inorganic Chemistry I and Lab (CHEM105 and CHEM105L)
  or General Chemistry I and Lab (CHEM110 and CHEM110L) (req’d for Human Biology) 5
Introduction to Organic Chemistry and Biochemistry and Lab (CHEM106 and CHEM106L)
  or General Chemistry II and LAB (CHEM111 and CHEM111L) (req’d for Human Biology) 5
Statistics (MATH220) or Business Statistics (BUS190) or Probability and Statistics (MATH320) 3
Physics for Science and Engineering I (SCI220) 4

Total Units 24

Biology Concentrations

Students must choose a concentration listed below.

Human Biology Concentration (35 units)
The Human Biology concentration involves the integration of disciplines that collectively define what it means to be human. This concentration incorporates studies in chemistry, basic, cellular and molecular biology, physiology, anthropology, psychology, sociology, philosophy, and religion. Human Biology approaches the study of man from a biopsychosocial perspective. This holistic approach to understanding the human condition is critical as current trends in medicine and health care move beyond a strictly biomedical model. This concentration will satisfy prerequisites for many professional schools including doctoral programs in medicine, dentistry, and physical therapy and provide training for skills desired by biomedical/biotechnology industries and for graduate studies in the life sciences. Students taking the Human Biology concentration should substitute CHEM 105 and 106 with CHEM 110 and 111.

Principles and Methods of Biochemistry and Lab (BIOL338/BIOL338L) 4
Systemic Physiology (BIOL346) 5
Organic Chemistry I and Lab (CHEM210/CHEM210L) 5
Organic Chemistry II and Lab (CHEM211/CHEM211L) 5
Probability and Statistics (MATH320) or Calculus II (MATH141) 3
Physics for Science and Engineering II (SCI221) 4
Upper division biology electives (or BIOL475) 10
Free general education electives* 3

Health and the Environment (Pre-Allied Health) Concentration (38 units)
The Health and the Environment (Pre-Allied Health) concentration explores the key determinants of human health, including physiological, social, psychological, spiritual, dietary and environmental factors. This concentration incorporates studies in chemistry, basic and environmental biology, human development, sociology, cultural anthropology, psychology, and religion. Biology graduates completing the Health and the Environment concentration will be prepared for entry into Allied Health programs including accelerated or
second degree BS programs or direct-entry MS programs in nursing. Graduates with the Health and the Environment concentration will also be prepared for advanced training in nutrition and diatetics (students should substitute CHEM 106 with CHEM 205 and BIOL 238), health education, public policy, and clinical study management.

- Nutrition: An Applied Approach (BIOL161) 3
- Human Development (BIOL166) 3
- Human Anatomy and Lab (BIOL225 and BIOL225L) 4
- Human Physiology and Lab (BIOL246 and BIOL246L) 5
- General Microbiology (BIOL336) 4
- Nutrition and Metabolism (BIOL361) 4
- Environmental Contaminants and Human Health (BIOL369) 3
- Ecology and Evolution of Human Disease (BIOL468) 3
- Earth and Environmental Science (SCI131) 3
- Upper division biology electives (or BIOL475) 6

**General Biology Concentration (25 units)**

The General Biology concentration is designed to give students a broad perspective on the life sciences, permitting more free electives and a greater exposure to courses outside the major than either human biology or health and the environment concentrations. While not recommended for students who wish to pursue a career in medicine or health-related fields, the General Biology concentration allows students to pursue a variety of specific interests that may lead directly to or advanced studies for positions in government, industry, environmental fields, public policy, and teaching. Students should work closely with academic advisors and department mentors to devise appropriate course paths for specific career directions.

- Biology electives w/ labs 12
- Upper division biology electives (or BIOL475) 13
- Free general education electives* 9

*Students must complete a minimum of 36 units of upper division course work in order to graduate. To meet this requirement, some or all of the nine units of free electives taken for this concentration may need to be at the upper division level.
Bachelor of Science
Business

The business major is designed to develop an individual's leadership capabilities for a career either in business or in ministry. For some students, the program will provide the preparation for a Masters of Business Administration (MBA) or other graduate program. Other students will use this degree to directly enter either business or ministry fields.

Students who graduate with a business major will demonstrate the ability to:
1. Integrate faith in Jesus Christ in the business environment as a highly competent, relevant, and ethical servant-leader.
2. Professionally communicate accurately, creatively, and analytically, both orally and in writing.
3. Deploy critical thinking skills to properly analyze business opportunities, utilizing content-specific knowledge, to make and implement successful business decisions.
4. Effectively collaborate within a team environment to produce superior deliverables.
5. Understand and navigate effectively in the growing global economy and the highly competitive business environment.

The Bachelor of Science in Business program is designed to prepare its graduates for careers in management in any organization: business and non-business, public or private, foreign or domestic, ministry or non-ministry. Students will learn the fundamental principles underlying organizations, improve their critical thinking, develop knowledge of analytical tools of management, and develop skills in analyzing and evaluating managerial problems.

Computer Science

Coming Fall 2015

The computer science major is designed to equip the graduate with the knowledge and skills needed to be successful computing professionals or to pursue graduate studies and, thus equipped, to make a positive impact on society through lifelong Christian service.

Students who graduate with a computer science major will demonstrate:
1. Fluency in reading and writing a variety of computer languages with extensive experience in at least two high-level languages.
2. Proficiency in the use of various software development platforms and tools.
3. Competency in all phases of software development as evidenced by the successful completion of a senior project that demonstrates professional depth and scope.
4. Ability to transfer theories, skills, abilities, and methodologies to new situations in the rapidly changing field of computing.
5. Application of biblically-based ethics in dealing with matters of collaboration, software ownership, intellectual property, data security, information integrity, and privacy.

The Bachelor of Science in Computer Science program is designed to prepare its graduates for careers as a software engineer, software developer, network systems analyst, web developer, mobile application developer, database administrator, hardware engineer, network architect, information security analyst, computer programmer, information systems manager, and project manager.

The Bachelor of Arts in Creative Arts with concentrations in Arts Management, Theatre, and Visual Arts is a groundbreaking degree. This multi-disciplinary exploration of creativity viewed through the lens of a Judeo-Christian Worldview is a synergistic fusion of the arts. Through both theoretical and practical coursework, the students will immerse themselves in the business of visual artistry, music, and theatre and discover the importance of these disciplines in the context of their faith. The students will also take business related courses in order to learn how to market themselves. The ultimate goal of the program is to produce highly employable Christian leaders and entrepreneurs capable of vast, positive influence within the areas of the arts, entertainment, and media.

The curriculum of this program is imbedded in such a way that it becomes a fully integrated, arts survey with a focus on practical application, arts history, aesthetic analysis and management. The core offers a combination of experiential and theoretical classwork so that a student not only advances skill in the arts but also understands the context of the arts in culture from a Judeo-Christian perspective. The concentrations offer a more in-depth study in one of three areas: Arts Management, Theatre and Visual Arts.

A BA in Creative Arts graduate will have:
1. An informed Christian aesthetic and possess the ability to apply their aesthetic to various art forms and artistic media.
2. An increased knowledge of the history of the arts and/or specific media and practices.
3. The ability to effectively analyze art forms from an informed artistic sensibility as viewed through the lens of a Judeo-Christian worldview.
4. Cultivated technical skill sets in various artistic areas.
5. The ability to effectively serve the church and/or the community through practicing his or her art form.

Bachelor of Arts
English

The English program at WJU offers several distinctives. First of all, we approach the study of literature and writing with a Christian worldview. We believe that all truth is God’s truth and that the study of great writings throughout the ages can give us a glimpse of God’s interaction with the world that He created. Secondly, we offer concentrations in both creative and professional writing—a rarity in undergraduate programs at Christian colleges—because we are committed to the highest standards for Christian writers. Finally, we know that the study of literature and of writing can be and should be a transformative experience, and we desire that all students should grow to know themselves, others, and God more deeply through their study of English.

Although many English majors go on to be teachers, the major is also excellent preparation for other fields. Many English graduates go on to law school or to graduate work in the humanities or education. Others find satisfying careers in fields where good communication and people skills are important, such as ministry, human resources, or technical writing. And of course, many go on to become writers themselves.

Students who graduate with an English major will demonstrate the ability to:
1. Critically analyze works of poetry, fiction, and drama from various eras of American and English literature.
2. Think and write clearly and analytically.
3. Integrate aesthetic appreciation and evaluation in a wide variety of written genres.
4. Be prepared for entrance into a single-subject credential program in English.
5. Integrate their faith and their learning in the discipline.

Students who choose the concentration in literature will be able to:
1. Complete an original work of criticism.
2. Be prepared for graduate study in literature.

Students who choose the concentration in creative writing will be able to:
1. Create an original work of literature.
2. Workshop their own work and the work of others.
3. Be prepared for graduate study in a fine arts writing program.

Students who choose the concentration in teaching will be able to:
1. Be prepared for entrance into a single-subject credential program in English.
2. Demonstrate acquisition of content in the four English domains of literature and textual analysis; language, linguistics, and literacy; composition and rhetoric; and communications, speech, media, and creative performance.
3. Complete an original work of scholarship in the discipline, including research and presentation in multiple genres utilizing current technology.
4. Demonstrate an understanding of current and emerging issues in literacy, language acquisition, and multicultural studies.
5. Interpret works in a wide variety of genres, including non-literary, visual, and technologically mediated texts, and from canonical as well as diverse sources, in their cultural contexts.

Students who choose the concentration in professional writing will be able to:
1. Complete an original work of professional writing.
2. Participate in a variety of contemporary professional writing endeavors.

Students who choose the concentration in TESOL will be able to:
1. Qualify for TESOL certification.
2. Be prepared to teach English to speakers of other languages in a wide variety of domestic and foreign situations.

Family and Children’s Ministry

The family and children’s ministry program integrates the disciplines of biblical studies, education, and psychology to offer a holistic approach to ministry and life, establishing a firm foundation through often turbulent cultural challenges. Students will learn to structure creative experiences that contribute to the spiritual development of persons of all ages and to serve as an effective and supportive member of the total pastoral team. As part of the practical theology department, we continue the longstanding heritage of the University to partner with the local church to evangelize, disciple, edify, and unify believers to maturity in Christ.

The family and children’s ministry program excels in educating, equipping, and preparing the student to engage others in the transformative process of spiritual formation. By sharing courses in the same department with pastoral and intercultural studies majors, students experience a strong theoretical and practical model for church leadership.

1. In-depth biblical studies to support a Scriptural understanding of ministry.
2. Internship opportunities working directly with local church and parachurch ministries.
3. Courses available in Christian education, pastoral work, intercultural studies, and psychology.
4. Specializations available in ministry with children, families, small groups, and spiritual formation.
5. Program approved by the Association for Biblical Higher Education.

Students who graduate with a family and children’s ministry major will demonstrate the ability to:

1. Articulate a biblically-based rationale for Christian formation and discipleship.
2. Structure creative experiences that contribute to a person’s spiritual development.
3. Choose and employ different methods available for teaching and learning in a variety of settings.
4. Serve as an effective and supportive member of the total pastoral team.

History

The history major at WJU is unique in that it not only reflects a traditional history curriculum found in the best liberal arts institutions but also requires several courses, such as Literature and Culture and Political Economy, offered by the English and public policy departments. Consequently, this makes for a stronger, better-rounded major. Reflecting WJU’s deep roots in evangelical Christianity, required courses in early church history and American religious history add a further unique flavor to the program. Students studying history at WJU will find themselves well prepared for graduate study in a number of related disciplines in the liberal arts. Students planning on entering seminary will find in a WJU history major a suitable course of study as well – particularly when considered along with the Bible and theology classes required of all students. In conjunction with the Teacher Education program, students should be well prepared for a single subject credential in history.

Students who graduate with a history major will demonstrate the ability to:
1. Demonstrate significant general knowledge in and understanding of history.
2. Engage in informed dialog with culture.
3. Evaluate the various cultural underpinnings and applications of the course of study.
4. Describe various philosophical approaches to the discipline and determine how those approaches fit in with current approaches to other disciplines.
5. Undertake significant primary research in a historical subject and communicate the findings.
6. Think and write clearly and analytically.
7. Be prepared for graduate study in a variety of programs.

In conjunction with the Teacher Education programs, students will also be able to:
1. Demonstrate subject matter competency for a single subject credential in history.
2. Achieve an acceptable score on the Social Science CSET examination 114.

Intercultural Studies

The intercultural studies program prepares students for work and ministry in cross-cultural contexts either in the United States or abroad. The curriculum also provides adequate preparation for those desiring to attend graduate seminary before entering their field of service. Beyond a core of missions theory and content courses, today's intercultural studies students need usable skills that fit either traditional missionary roles (e.g. evangelism, youth ministry, Christian education, or church planting) or nontraditional cross-cultural roles (e.g. business, TESOL, community development, education, counseling, music, or primary health care). The intercultural studies curriculum is designed with flexibility for students to choose either of these approaches to cross-cultural ministry.

Students who graduate with an intercultural studies major will demonstrate:
1. A clear understanding of the biblical and theological bases for missions.
2. A vision and burden for God’s work in today’s world.
3. An understanding of cross-cultural ministry theory and methodology.
4. Development of cross-cultural ministry skills, especially the ability to make the gospel and one’s ministry relevant to local contexts.
5. An appreciation for diverse cultures and the sensitive issues involved in cross-cultural communication.
6. Self-awareness concerning one’s adjustment to diverse cultures.
7. Skill in an area of concentration.

Kinesiology

The kinesiology major offers students the opportunity to explore and engage in critical topics within the field and its related sub-disciplines, prepare for varied professional opportunities, and bring a Christ-centered perspective to the sports and health industries. The program provides educational opportunities and a variety of practical experiences that help prepare students for a professional career and/or advanced study. Energetic, well-educated students receive instruction in a model designed to promote retention, community building, and cooperative learning.

A graduate with a BS in Kinesiology will be able to:
1. Articulate the principles of kinesiology and its sub-disciplines in an academic/professional environment.
2. Understand and apply protocols and processes necessary for evaluation and determination of specific requirements, corrective suggestions, and individual decision-making for specific needs implementation.
4. Achieve and establish significant subject specific relationships.
5. Demonstrate a level of skill and knowledge necessary for employment.
6. Detail and analyze organizational fundamentals of athletic concepts and management.
7. Define current and anticipated systems of application related to sports, health, pedagogy, and allied health.
8. Analyze and evaluate the nature and cause of biomechanical injury and design and implement procedures of restoration.
9. Engage in further research and documentation aspects in all core areas.
10. Engage in graduate level certification, master, and doctoral degrees in related fields (i.e. teaching certification, physical therapy, medicine, and others).

Bachelor of Arts
Liberal Studies

The WJU Liberal Studies and Credentialing Department provides programs leading to a Bachelor of Arts in Liberal Studies, California Multiple Subject Teaching Credential or Subject Concentration, and a minor in Bible and theology. The BA provides a broad exposure to various fields of human knowledge with an emphasis on effective communication, critical thinking, and character formation.

Foundationally, the liberal studies programs seek to:
1. Instill faith in Jesus Christ, the Bible as the inspired word of God, the Church, and in humanity which guides, informs, and supports teaching and learning as a profession and a lifestyle.
2. Encourage personal growth in students toward character attributes that demonstrate clear and positive relationships to truth, people, service and excellence.
3. Instill a love of knowledge and an appreciation for wisdom gained by humanity through the centuries.

All students majoring in liberal studies must declare their program pathway as either a Preliminary California Multiple Subject Teaching Credential (K-8 elementary education) or a specific subject concentration. The subject concentrations include child development, English, history, psychology, or TESOL.

Students choosing the Preliminary California Multiple Subject Credential in K-8 elementary teaching will complete a California Commission on Teacher Credentialing accredited program allowing successful graduates to teach all subjects in kindergarten through grade eight in self-contained classrooms in public and private schools in California.

Graduates with a BA in Liberal Studies, a Preliminary California Multiple Subject Credential, and a minor in Bible and theology are well-equipped, highly-principled individuals who understand diversity as a strength and who provide for individual differences in order to help their students prepare for a diverse and rapidly changing world.

Students choosing a subject concentration will work closely with their advisor to develop a subject concentration plan. The liberal studies subject concentration program allows the student flexibility to develop specific academic skill sets based on concentration areas, yet allows for intellectual and creative exploration.

Graduates with a subject concentration will earn a BA in Liberal Studies, a minor in Bible and theology, and a subject concentration. The graduate will have unique knowledge and skills acquired from the specific subject study areas (dependent on subject concentration plan) and the ability to communicate clearly, understand and analyze concepts, and make judgments and decisions. Liberal studies careers are found in many different sectors including education, research organizations, government, nonprofit, and private. Careers may include teaching, missions, social work, research, writing, public relations, marketing, advertising, sales, and human resources.
Degree Requirements

Liberal Studies majors have specific requirements within the general education options; courses that meet these requirements are marked with a ☐.

- Foundational Studies: 66 units
- Liberal Studies Major: 39-60 units
- Free electives: 2-23 units
- **Degree Total**: 128 units

Transfer students refer to “General Education and Bible options for Transfer Students” for optional requirements under Foundational Studies.

Liberal Studies Major

Core Courses
- American History (HIST291) 3
- College Algebra (MATH101) or math elective 3
- Developmental Psychology (PSYC141) 3
- Science elective 3
- Multicultural Education (TEDU123) 3
- Foundations of Education (TEDU302) 3
- Educational Psychology (TEDU310) 3
- Language, Culture, and Literacy (TEDU323) 3
- Concentration 15-24
- **Total Units**: 45-60

Liberal Studies Concentrations

Students must choose a concentration listed below:

**Concentration in Multiple Subject Education (51 units)**

*Successful completion of this concentration meets the California state requirements for a Preliminary Multiple Subject Teaching Credential.*

- Teaching as a Profession (TEDU101) 3
- Curriculum and Methods in PE and Health Science (TEDU102) 3
- Technology for Teachers (TEDU110) 2
- Curriculum and Methods in Visual and Performing Arts (TEDU251) 3
- Initial Student Teaching 1 (TEDU275) 2
- Curriculum and Methods in History and Social Science (TEDU311) 3
- Initial Student Teaching II (TEDU375) 2
- Curriculum and Methods in Math and Science (TEDU413) 3
- Curriculum and Methods in Literature and Language (TEDU423) 3
- Student Teaching I (TEDU475) 6
- Student Teaching II (TEDU476) 6
Students must also complete General Biology (SCI110), Conceptual Physics (SCI120), Earth and Environmental Science (SCI131), World Civilization I (HIST231), and World Civilization II (HIST232) as part of their foundational studies requirements. State required assessments (e.g.; CBEST, CSETs, RICA and TPAs) must be passed.

Concentration in English (15 units)

*Choose one of the following:*

- Foundations of British Literature (ENGL220) 3
- British Literature from 1800 (ENGL221) 3
- American Literature to 1865 (ENGL231) 3
- American Literature 1865 to Present (ENGL232) 3
- Introduction to Literary Analysis (ENGL160) or Creative Writing (ENGL286) 3
- Curriculum and Methods in Literature and Language (TEDU423) 3
- Upper Division Literature electives 6

Concentration in History (15 units)

- Literature and Culture (ENGL110) or Political Economy (PPOL241) 3
- History of Religion in America (HIST315) 3
- The Twentieth Century (HIST371) 3
- Curriculum and Methods in History and Social Science (TEDU311) 3
- Upper division history electives 3

*Students choosing the Concentration in History should take and Western Civilization I (HIST221) and Western Civilization II (HIST222) as part of their Foundational Studies requirements.*

Concentration in Child Development (15 units)

- Children’s Ministry (CEDU321) 3
- Marriage and Family (PSYC200) 3
- Child and Adolescent Psychology (PSYC342) 3
- Curriculum and Methods in Visual and Performing Arts (TEDU251) 3
- Curriculum and Methods in Literature and Language (TEDU423) 3

Concentration in Psychology (15 units)

- Introduction to Psychology (PSYC100) 3
- Psychology and Christian Thought (PSYC102) 3
- Interpersonal Communication (PSYC222) or Psychology of Relationships (PSYC230) 3
- Abnormal Psychology (PSYC351) 3

*Choose one of the following:*

- Social Psychology (PSYC203) 3
- Cross-cultural Issues in Psychology (PSYC332) 3
- Gender Studies (PSYC345) 3

Concentration in Teaching English to Speakers of Other Languages (TESOL) (19 units)

- Intercultural Communication (ICS310) 3
Linguistics (ICS352) 3
Second Language Acquisition (ICS353) 3
TESOL Methodology (ICS354) 3
TESOL Classroom Practices (ICS355) 3
TESOL Observation (ICS356) 1
TESOL Practicum (ICS357) 3

Mathematics

The mathematics major provides students with a fundamental foundation in mathematics, preparing them for further study or for careers in education or a wide spectrum of industry.

The purpose of the Department of Mathematics and Science is to support the vision and mission of William Jessup University by equipping its students with quantitative and analytical skills necessary to lead and serve in an increasingly technological world. The department has three primary objectives:

1. To prepare students for further study or a career in mathematics or science by offering appropriate undergraduate major programs.
2. To support the teacher education program at WJU by providing instruction to future educators.
3. To enhance the general education experience of WJU students by strengthening their mathematics and science abilities.

Students who graduate with a mathematics major will be able to:

1. Think logically and analytically.
2. Demonstrate problem statement and solution proficiency.
3. Demonstrate the ability to communicate mathematics in both written and verbal form.
4. Apply mathematics to other disciplines.
5. Be prepared for graduate study and employment in mathematics.
6. Integrate mathematics into a Christian worldview.

“Employment of mathematicians is expected to increase by 22 percent during the 2008–18 decade, which is much faster than average for all occupations. Advancements in technology usually lead to expanding applications of mathematics, and more workers with knowledge of mathematics will be required in the future. However, jobs in industry and government often require advanced knowledge of related scientific disciplines in addition to mathematics. The most common fields in which mathematicians study and find work are computer science and software development, physics, engineering, and operations research. Many mathematicians also are involved in financial analysis and in life sciences research.”

Internships and summer employment opportunities span a broad range of industries. One particular listing of possible positions and programs is maintained by the American Mathematical Society at http://www.ams.org/programs/students/undergrad/undergrad#careers. It may also be possible to develop internship relationships with local businesses (e.g., Cisco, Pasco). As a service project, mathematics majors may serve as tutors for the WJU student population through the Success Center or as teaching assistants for the lower division math classes. Technologically inclined students may have an opportunity to serve with the Helpdesk on campus.
Assessment of student outcomes shall be accomplished primarily through a senior portfolio – a compilation of their work from throughout their WJU experience. The completed portfolio is the final product of the senior seminar class. This seminar is the capstone class for the degree and gives students the opportunity to demonstrate verbal and written communication skills, to research mathematical topics of interest, and to prepare for future employment or advanced studies in mathematics.

Bachelor of Arts
Music

The William Jessup University music department provides opportunities for student, faculty, and staff involvement in musical activities. Participating in a WJU music group is a great way to make new campus friends, experience excellent musical training, perform, and serve the University. The campus community is welcome to perform in any of the performing groups and ensembles:

- **University Choir and Orchestra**: The William Jessup University Choir and Orchestra performs the best of choral literature to audiences all over Placer County. Each year the group records a full length album and performs at a variety of venues including WJU events and concerts and local area churches, as well as seasonal concerts. The University Choir and Orchestra is open by audition to all WJU students and may be repeated for credit.

- **Jessup Concert Choir**: The Jessup Concert Choir performs a variety of choral literature, including contemporary Christian choral anthems, worship songs, and gospel music. This choir performs in Placer County at local churches, as well as seasonal concerts. The Jessup Concert Choir is open by audition to all WJU students and may be repeated for credit.

- **Community Wind Ensemble**: The WJU Community Wind Ensemble is open to both WJU students and community musicians who have a desire to continue playing their instruments after high school. Qualified high school musicians are also welcome to join with the permission of their band directors. The ensemble is designed to serve two primary functions: first, to provide a significant performing ensemble for the instrumental music students at WJU, and secondly, to provide an outlet for local musicians to join together in performing some of the great music of all time—marches, show tunes, classics, and more. The Community Wind Ensemble is open by audition to all WJU instrumentalists.

- **Crossroads**: Current groups include a performance repertoire of jazz, gospel, R&B, a cappella, and worship. Groups are formed based on current student abilities and giftings, and auditions are held each spring for the following year. Crossroads travels the Northern California area throughout the school year, leading worship and performing original songs and arrangements for various churches, high schools, and community events.

Non-music majors can register for performance groups through their departmental advisor. Audition information is available from the music department chair, the music department administrative assistant, or from the appropriate group director.

Music department degrees and concentrations are designed, in agreement with the William Jessup University mission statement, to prepare graduates for leadership positions in the church and society as worship leaders, teachers, performers, ministers of music, accompanists, music industry personnel, and choral or instrumental directors. The curriculum structure, content, and time requirements enable students to develop the range of knowledge, skills, and competencies required for successful careers in the field of music and acceptance into post-graduate degree programs. The curriculum stresses sound musicianship and active musical experience.
All students enrolling in the music major are required to attain a high level of performance ability as they complete their required course units:

- Students are required to perform a music jury at the completion of each year’s study in their designated juried applied area of specialization (voice, piano, guitar, drums, composition, other). The purpose of the annual jury is to assess levels of competence attained and to track the student’s progress in preparation for the performance of the required senior recital (see Applied Levels Rubric).
- All music majors must pass a piano proficiency exam before graduation.
- Music majors must fulfill additional recital performance and attendance requirements as established by the department.

In order to assure that WJU graduates reflect the mission and educational philosophy of the University, the music department adheres to the transfer policy established by the Faculty Senate. Non-transferable courses include: Music Organization and Leadership, Senior Recital, Music and Worship, and Music Internship.

Students who graduate with a music major will demonstrate:

1. Ability to perform with excellence as a vocal or instrumental musician.
2. Proficiency in piano.
3. Proficiency in music theory and ear training.
4. Ability to analyze, compose, and arrange music for various vocal and instrumental media.
5. Acquisition of a broad knowledge and aesthetic appreciation of music literature through study and performance.
7. Familiarity with non-western music and musical forms.
8. Ability to develop and lead an effective music ministry, program or business based on sound biblical and educational principles.

Pastoral Ministry

The pastoral ministry program prepares graduates for leadership as senior pastors, associate pastors, chaplains, and various parachurch positions. As part of the practical theology department, we continue the longstanding heritage of the University to partner with the local church to evangelize, disciple, edify, and unify believers to maturity in Christ.

Graduates are expected to put factual knowledge to practical use in the ministry of the local church or parachurch organization. Those attending graduate school will have gained the knowledge and research skills required for advanced study.

Students who graduate with a pastoral ministry major will demonstrate the ability to:

1. Use proper exegetical methods and tools to interpret the Christian scriptures with a view toward preaching, teaching, and church management.
2. Have a system of values and beliefs which are scripturally based and result in a wholesome life of service and example in both church and society.
3. Are skilled in preaching, evangelism, pastoral care, counseling, and Christian leadership.
4. Have entered into a life of spiritual formation integrating vocation, ministry, character, and lifestyle.

Bachelor of Arts
Psychology

The mission of the psychology program is to provide a foundation as students develop their capacities for work in the helping professions in both secular and sacred settings.

The psychology degree prepares students for the soul care dimensions of work with individuals and families. The foundational assumption of the program is that human beings are designed to live in committed relationships from cradle to grave. Thus, healthy attachment is foundational to restoring individuals to wholeness.

The program equips individuals with critical thinking skills that are scripturally based and methods that are culturally relevant and clinically sound. For some, the major will provide foundational studies in preparation for graduate school in the helping professions. Graduates who seek advanced education typically choose advanced studies in psychology, counseling, or social work. Others will apply this degree to work within mental health settings immediately after graduation and/or utilize the relational skills gained in this program in a wide range of careers, including business, human services, and ministry.

Leaders in the psychology department value the development of a Christian worldview in all graduates, academic excellence in teaching and learning, and continuous transformation toward wholeness in both the professors and the students.

In order to accomplish the program mission, the faculty is committed to:

1. Offering a curriculum that reflects the importance of responsible integration considering the wisdom available in both special and general revelation.
2. Exposing students to relevant theoretical frameworks that provide clarity and guidance for understanding the human condition.
3. Mentoring students in the development of skills that are considered state of the art in the application of both a psychological and theological knowledge base.
4. Challenging students toward personal wholeness, relationally, psychologically, and spiritually.
5. Assisting students as they find direction for their personal and professional lives.
6. Motivating students toward a life of service.

A graduate with a psychology degree will demonstrate

1. Integration and application of Christian faith with the study of psychology
2. Foundational knowledge in the broad areas of study within psychology, including: human growth and development, interpersonal skills, personality theory, biopsychology, human relationships, human sexuality, psychopathology, human sensation and perception, human motivation/learning, research methods and statistics, and legal and ethical issues in the helping professions.
3. Utilization of critical thinking skills to resolve issues related to behavioral, mental, and/or ethical processes.
4. Respect for the diversity of human behavior and experience.
5. Skillful communication with individuals and groups.
6. Personal growth emerging from the study in the major.

Public Policy

The public policy degree program is designed to develop students’ knowledge and skills for service and leadership in public sector careers at the local, national, and international levels or for graduate studies in related fields. The public policy major will provide students with a biblical and theoretical foundation in public policy through course work in ethical, philosophical, historical, governmental, procedural, and managerial principles. The program will build on this foundation by offering direct experiences through seminars, internships, and events to develop practical skills and understanding for policymaking.

Students who graduate with a public policy major will demonstrate the ability to:
1. Understand biblical and ethical principles and standards and apply them to public policy issues and institutions.
2. Appreciate the significance of civil society and actively engage in civic participation.
3. Develop critical thinking, problem-solving, and management skills for policymaking and public administration.
4. Recognize and interrelate political structures, participants, and principles for policymaking and implementation.
5. Acquire and apply knowledge of American and comparative history and government to current events, issues, and institutions.
6. Acquire and apply knowledge of constitutional and international principles and organizations for governance, civic participation, and civil and human rights.
7. Identify and utilize effective and principled methods and approaches to political process, policy research and analysis, and public administration.
8. Integrate political knowledge and policy principles to practical public sector fields such as communications and media, criminal justice, economics and management, government and politics, and law and policy.

Youth Ministry

Recognizing the strategic role of the youth minister in the spiritual development of young people (middle school, high school, and college), William Jessup University offers a major in youth ministries. The vision of the youth ministry program is to reach the next generation by preparing students to evangelize and disciple youth and their families. The mission of the youth ministry program is to creatively prepare students to be dynamic leaders and facilitators that inspire youth to the Christian life.

Students who graduate with a youth ministry major will demonstrate:
1. Demonstrate Christian leadership and professional competence
2. Communicate a Christian worldview within a biblical context in a global society
3. Integrate current youth ministry theory and adolescent faith development

Bachelor of Arts
Bible and Theology
with a Transferred Minor

Refer to Bachelor of Arts – Bible and Theology.

This program is preparatory. Graduates will continue in an advanced degree in ministry. In addition to the general objectives, this program is designed to achieve several specific objectives.

The transferred minor is determined by the Office of the Registrar and is based on student transcripts and comparison institutions which offer a minor in a chosen field. Typically, the transferred minor will require upper division units and is therefore available to students who have attended a four-year institution prior to transferring.

Students who graduate with a Bible and theology major will demonstrate:

1. A basic knowledge and appreciation of the importance of the ministry.
2. An ability to use the Greek or Hebrew language in exegetical studies and sermon preparation.
3. A concern for people and their spiritual needs and an elementary knowledge of the ministry skills necessary to help meet those needs.
Second Bachelor’s Degree Program

Many students today are seeking mid-life career changes to enter the ministry. These students occasionally have already graduated from college and are well-educated, yet they may lack the particular biblical education necessary to minister adequately to others. For this reason, WJU has a special program for those who come to a Christian university having already completed a baccalaureate degree.

Contact the Office of the Registrar at 916.577.2245 for further details regarding your specific situation.

Associate Programs

Associate of Arts
in Bible

This two-year degree program is intended either for students who may transfer to a liberal arts college to seek a major not offered at WJU or for students who want a well-rounded education that balances Bible, ministry, and foundational studies.

Students who complete this program will have gained a strong foundation for lifelong autonomous learning and the skills and broad worldview needed for effective service and leadership, both in the church and in an increasingly multicultural society. Furthermore, these students will demonstrate:

1. An ability to communicate the Word of God.
2. An understanding of the world and its history.
3. A basic understanding of the general themes of the Bible and biblical history.
4. An understanding of the church revealed in scripture and several basic principles of New Testament Christianity.

Associate of Arts in Ministry

This two-year degree program is designed to provide graduates with a basic biblical knowledge and specific practical skills to serve as volunteer workers in the church. Students who complete this program will have gained a strong foundation for lifelong autonomous learning, and the skills and broad worldview needed for effective service and leadership, both in the church and in an increasingly multicultural society. Furthermore, these students will demonstrate:

1. An ability to communicate the Word of God.
2. An understanding of the world and its history.
3. A basic understanding of the general themes of the Bible and biblical history.
4. An understanding of the church revealed in scripture and several basic principles of New Testament Christianity.

Certificate Programs

Certificate programs are designed to prepare Christians to serve in specific capacities and are seen as training programs, not holistic educational programs. Certificate programs are in keeping with trends in the business world. Vocational technicians often work under the supervision of professionals quite effectively. Trends in this direction are increasing. Students who enroll in certificate programs are expected to fulfill all the requirements for admission. Placement test scores may necessitate fulfilling ESL or remedial English competency courses before/concurrently with beginning courses.

Additional policies that govern the administration of certificate programs include:

1. Students must declare a program prior to completing eight units.
2. A certificate cannot be earned concurrently with a degree in the same field of study.
3. Students may petition to transfer credit for courses in a certificate program to a degree program, providing the course grade is C or higher.
4. Equivalent courses taken at another college may be waived; in such a case, another course will be substituted in the student’s program.
5. Upper division courses in certificate programs assume English skills comparable to successfully completing two semesters of English composition.

Certificate in Addiction Studies

Offered at the Rocklin site in the traditional program only

(See Adult Degree and Certificate Program section of the catalog for information on the San Jose offering)

Upon completion of the 36 units of coursework in addiction studies, students are qualified to sit for the California Alcohol/Drug Counselor Associate exam. Requirements to sit for the exam include 315 hours of specified course work and 255 hours of field practicum. This certificate may be earned independent of other course work or as a part of the Bachelor of Arts in Psychology. The following courses at WJU have been identified by the California Certification Board of Alcohol/Drug Counselors as meeting these requirements.

Air Force Reserve Officer Training Corps (AFROTC)

Through arrangements with California State University, Sacramento, students may participate in the Air Force Reserve Officer Training Corps (AFROTC) program. All Aerospace Studies classes and AFROTC training are conducted at the CSUS campus.

The Department of Aerospace Studies offers four-, three-, and two-year academic and training programs towards a commission in the United States Air Force. A one-year program is also offered to highly-qualified bachelor and master degree students who meet critical Air Force officer accession requirements. The programs are designed to develop officers who have a broad understanding and high growth potential. Cadets participate in dialogues, problem solving, and other planning activities designed to develop leaders and managers. These goals are achieved through formal academic classes, physical fitness training, and Leadership Laboratory—a two-hour weekly practical military training session. Qualified undergraduate or graduate students may apply for AFROTC. The program accepts students from most of the local two- and four-year community colleges and universities. Contact the department for information on open enrollment procedures for non-Jessup students.

As one of the prerequisites for commissioning, each cadet must attend either a four-week or extended field training encampment. This training is conducted at an Air Force base during the summer, normally between a cadet’s sophomore and junior years. Field training emphasizes military orientation, academics, physical fitness training, leadership exercises, teamwork, job specialty briefings, military drill, and ceremonies.

Upon completion of the AFROTC program and all requirements for a bachelor degree, cadets are commissioned as second lieutenants and serve a minimum of four years in the Air Force. Graduate students are eligible for an Air Force commission upon successful completion of the AFROTC program even if they have not completed their graduate degree. AFROTC students may compete to be selected and enter pilot or navigator training after commissioning. Pilot and navigator training are highly selective career fields, and the competition is intense. Other commissionees go on active duty in specialties consistent with their academic majors, their desires, and the needs of the Air Force. Commissionees may request a delay from entry on active duty to continue their education, or they may apply for Air Force-sponsored graduate study to begin immediately upon entering on active duty service.

AFROTC offers scholarships to qualified students. The competition for these scholarships is highly competitive. Scholarships usually provide for tuition, books, lab and incidental fees, and a tax-free monthly stipend of $250 for freshmen cadets, $300 for sophomore cadets, $350 for junior cadets, and $400 for senior cadets.

Except for scholarship recipients, students are under no obligation to the Air Force until after they successfully pass field training and then sign a contract with the Air Force. After “contracting” with the Air Force, each non-scholarship cadet receives a monthly stipend of $350 for junior cadets and $400 for senior cadets. The semester of graduation and commissioning, cadets are assigned an Air Force specialty code identifying their future job in the Air Force.
For more information, please contact AFROTC Detachment 088 at CSUS at 916.278.7315 or det88recruiting@gmail.com. You can also access the website at http://www.csus.edu/afrotc/.
Adult Degree and Certificate Programs

School of Professional Studies – Rocklin
Bay Area Campus – San Jose

William Jessup University offers nontraditional programs serving the needs of working adults who have worked full-time for at least two years and have a minimum of 12 transferable semester units of college level coursework. These individuals typically work full-time and are interested in completing a four-year college degree in the evening while continuing to work.

Students with less than 60 transferable semester units of college level coursework will begin their studies in the Bridge program, which allows them to take the general electives and free electives needed for entrance into their major course of study. Once students have obtained 60 units by means of transfer or direct credit with the University, they may enter the major component of their program. Bridge courses are designed on an open enrollment basis while major courses have both an open enrollment and cohort structure.

Classes meet on a non-traditional schedule, either one night per week or two weekends per course, or other schedule as dictated by specific programs. Class sizes are typically 12 to 25 students. Courses are taught one at a time. Each class is conducted like a seminar, with an experienced professor facilitating a practical exchange of experiences and ideas to raise the level of learning from the assignments. The focus is on application and use of the learning in new ways. Faculty with a master or doctorate degree and significant leadership and professional and/or ministry experience bring a wealth of real world relevance to the classroom.

For added convenience, textbooks and all required materials are delivered to students with adequate time before each class to allow for the student to be fully prepared for each class. The cost of all books for the program is calculated on a constant per credit unit basis and charged to each student at the time of enrollment of all courses for each respective semester.

The curriculum of each major links theory to practice. One can apply lessons from the classroom to the workplace the following day. Additional college credit may be earned for demonstrating learning accomplished outside the classroom, including technical training, work experience, military training, seminars, and informal learning (Credit for Prior Learning). Contact SPS staff to pursue credit for demonstrated learning.

Bachelor of Science Course Requirements

The School of Professional Studies offers Bachelor of Science degrees in Business Administration, Christian Leadership, Criminal Justice, Organizational Leadership, Psychology, and Public Administration. Each of these degrees requires a minimum of 128 semester units. Each degree is built upon a three-part structure aimed at integrating prior academic and occupational choices, with program emphases on vocation, ministry, character, and lifestyle.

The purpose of the General Education units is to demonstrate a broad range of knowledge, which provides the base for a well-educated citizen. These courses should be completed before starting the major. The academic program is set for each major and follows a prescribed sequence. The sequence for each major is listed in the following pages. Students admitted to the School of Professional Studies with less than 60 applicable units may take classes in the Bridge program.

## Bachelor of Science
### Business Administration

**Business Administration Learning Outcomes**

The business administration major program is designed to prepare its graduates for careers in management in profit and not-for-profit organizations. Students will learn the fundamental principles underlying organizations, improve their critical thinking, develop knowledge of analytical tools of management, explore the human resource component of organizations, and develop skills in analyzing and evaluating managerial problems. This program is integrated with biblical principles that equip students to conduct their careers in a manner which is consistent and reflective of their personal relationship with Christ.

After completing this major, students should be able to:

- Explain fundamental principles underlying organizations.
- Demonstrate critical thinking and interpretative skills.
- Demonstrate skills in using analytical management tools.
- Demonstrate skills in evaluating managerial problems.
- Demonstrate effective oral and written communication.

Business administration majors are required to take Strategies for Success (CM301), Macroeconomics (BUS240), and Microeconomics (BUS241) or Economics for Managers (BUSA242) as prerequisites. Strategies for Success and Economics for Managers are offered through our Bridge Program.

Christian Leadership

Christian Leadership Learning Outcomes
The Christian leadership major provides students with the tools necessary to be effective leaders as Christians in nonprofit, for profit, or public contexts. Individuals seeking this major will benefit from career focused instruction in the area of relational skills, leadership capabilities, and training needed to perform necessary functions in any organization. Students will be given the opportunity to explore the Scriptures and foundational truth to further their knowledge and ability to interpret critically and apply Scripture to their own life. Many students who choose this major find it foundational to the pursuit of full-time Christian ministry in various vocations. Coursework in this major provides a strong biblical foundation for personal relationships and interaction; leadership in the attainment of goals and establishing priorities; understanding the culture in which students live and work; and continued development of skills necessary to lead effectively. This major equips students to continue the pursuit of their education as a life-long experience after receiving their degree.

After completing this major, students should be able to:

- Demonstrate critical thinking and interpretative skills.
- Demonstrate an understanding of leadership theory and praxis.
- Demonstrate the New Testament construct of “servant-leadership.”
- Demonstrate effective oral and written communication.

Christian leadership majors are required to take Strategies for Success (CM301), Introduction to Psychology (PSYC100), and Developmental Psychology (PSYC141) as prerequisites to the major. These three courses are offered in our Bridge program.

Bachelor of Science
Criminal Justice

Criminal Justice Learning Outcomes

The Bachelor of Science in Criminal Justice is designed to be an integrative program allowing professionals and others to achieve their degree through non-traditional delivery. The criminal justice program is focused on preparing those who are professionals in the public sector and those desiring to enter the public sector in the field of criminal justice.

The criminal justice program will equip students with the essential skills for evaluating, planning, and implementing public policy as well as managing public and private sector programs and organizations. Through a comprehensive curriculum taught by practitioners who are working or have worked in the fields in which they teach, students receive both foundational knowledge and practical application. Graduates will be prepared to serve in positions in local (city or county), state, or federal management, program direction, budget consulting and analysis, and human resource management.

After completing this major, students should be able to:

- Demonstrate an understanding of biblical, governance and management principles and their application to public administration and criminal justice decision-making.
- Identify the foundations and core principles underlying the layers of local, state, and national public agencies, and nonprofit organization.
- Examine the scope, purpose, structure of American public administration and criminal justice and their respective roles in policy implementation.
- Review the process and players of public administration and criminal justice and their relationship to decision making and the legal process.
- Identify and analyze latest trends and theories of financial management, human resource management, and administrative practice to formulate best practices and apply to specific scenarios in each concentration.
- Identify, analyze, and develop “real time” application scenarios on how to use this information to manage the complex administrative and justice structures challenges of today and tomorrow.
- Evaluate current issues, how they shape public policy, and how different public sector and government professionals intersect with these issues and how these scenarios would be beneficial and effective.

Criminal justice majors are required to take Strategies for Success (CM301XL) as a prerequisite through the Bridge program.

Bachelor of Science
Psychology
Bay Area Campus

Psychology Learning Outcomes
The mission of the psychology major is to develop an individual’s capacity for work in the helping professions in both secular and sacred settings. The program prepares Christians to lead individuals/groups to wholeness – body, soul, and spirit – using methods that are scripturally based, culturally sensitive, and clinically sound. Some will apply this degree to work within a mental health setting or utilize the relational skills gained in this program in a wide range of careers, including business, human services, and church/parachurch ministry. The major provides foundational studies in preparation for graduate school in the helping professions. Graduates who seek advanced education typically choose studies in psychology, counseling or social work.

After completing this major, students should be able to:

- Integrate their faith and knowledge of scripture with the study of human needs.
- Apply basic theoretical perspectives in psychology.
- Demonstrate critical thinking and interpretative skills.
- Demonstrate fundamental competence in research.
- Demonstrate effective oral and written communication with both individuals and groups.
- Demonstrate an ability to interview, assess, develop treatment plans, carry out interventions, and evaluate progress in helping relationships, utilizing community resources appropriately and effectively as part of the helping process.
- Demonstrate self-awareness, recognizing personal strengths, growth areas, and limitations.

Psychology majors are required to take Strategies for Success (CM301), Introduction to Psychology (PSYC100), and Developmental Psychology (PSYC141) as prerequisites to the major. These three courses are offered in our Bridge program.

Minors Offered Through the School of Professional Studies

The School of Professional Studies is proud to offer the following minors. In addition to a selected major, students may elect to complete a minor. Please note that no more than one-half of a minor may come from units applied toward a student’s major requirements, and none of the courses may overlap with general education requirements. They may, however, overlap with the general electives and free electives.

Academic Information

Planning an Academic Program

Traditional
Prior to registration, all undergraduate students should study carefully the requirements of the University and of the particular academic department to which they have been admitted. Students must have their course selections approved by a faculty advisor who will assist in planning a program leading to a degree. A student can expect to spend two hours in outside study for each hour in class. Thus, a full-time student can expect academics to fill the majority of their week.

SPS
With the SPS Bridge Program, students need not take external courses to complete their entire degree. The main SPS office is equipped to offer degree completion advising for both internal and external courses.

Student Responsibility
Students must assume complete responsibility for fulfilling all requirements to meet planned objectives. All departments have certain academic requirements which must be met before a degree is granted. These are described in the various degree sections of this catalog and concern such things as curricula, majors, and minors. Advisors, department chairs, and the registrar are available to help the student understand and arrange to meet these requirements; the student is responsible for knowing the requirements to be met and for completing them. At the end of any course of study, if requirements for graduation have not been satisfied, the degree will be withheld. For this reason it is important for each student to be acquainted with all regulations, to remain currently informed throughout their college career, and to be responsible for completing all requirements.

Priority of Courses
Priority should be given to required courses in proper sequence. No one should register in an elective course to the exclusion of a required one. Any required course for which a student has failed to receive credit should take priority over all other courses in the arrangement of the student’s program; it should be repeated as soon as it is offered.

Unit Load

Traditional
In general, a student who is not employed more than ten hours per week should register for 16 units each semester. Registering for more than 18 semester units requires petitioning for approval. The petitions for credit overloads may be obtained online at jessup.edu as a “Petition to Change Academic Requirements” and should be filed with the registrar’s Office prior to registration. Students must meet the following provisions to request permission to take more than 18 units:

- Student must demonstrate the existence of exceptional circumstances.
• Student must receive approvals from their academic advisor.
• Student must carry a cumulative GPA of 3.5 or above.
• Meeting these criteria does not guarantee approval of the petition. The registrar and VPAA will consider the petitions and inform the student of a decision via email.

Although the University considers 12 semester units as the minimum full-time undergraduate credit load, this minimum does not necessarily coincide with limitations established by agencies outside of the University. Students who are eligible for educational benefits from agencies are responsible for obtaining information about the specific requirements of the agency granting the benefit. Six units are required for state aid and student loans and three units are required for federal grants and institutional aid.
The registrar or the provost may reduce a student’s registration to less than the normal academic load if the student failed to earn credit in any course or if the student was placed on academic probation the previous semester. Late registrants, provisional acceptance, and probationary acceptance may also be subject to unit limitations.

Traditional students may take no more than one SPS course per semester with approvals from their Advisor and the SPS advisor.

**SPS**

In general, a student will register for 9 units a semester. Because of the accelerated course format, students should speak to the SPS academic advisor if they desire to take two or more courses concurrently.

Traditional students may take no more than one SPS course per semester with approvals from their Advisor and the SPS advisor.

**Double Major**

Additional Major, Minor, or Certificate
Students may not work toward two degrees simultaneously at the University. However, students who choose to complete two majors, each offered by a different department, must complete the requirements of both programs. Students must decide which of the two majors will be their primary major. Students retain their advisor for the primary major, but also meet with an advisor of their choice in the department sponsoring the second major.

No more than one-half of a major, minor, or concentration can be utilized in another major, minor, or concentration. The college prints both majors on the transcript and awards only one bachelor’s degree.

**Attendance Policy – SPS**

Due to the accelerated nature of the SPS courses, the program practices a 100% attendance policy. Consistent class attendance is mandatory for students. Students who miss one class of a five-week
course are expected to make up the class by completing an assignment that relates directly to the discussion covered in the missed class. The session make-up must be completed and submitted to the instructor no later than two (2) weeks after the last class session for the course. Failure to make up the absence will result in a grade reduction. This paper is in addition to the original homework assignment that must also be completed.

**SPS Petition for Reinstatement after Second Absence**

If there are extreme and extenuating circumstances, beyond the control of the student, that necessitate a second absence, a student may petition the automatic U/F received after the second absence. A Second Absence Petition for Reinstatement in Course must be completed and filed within 48 hours of the second absence. In such a case, the Academic Committee will review the petition in order to determine:

1. the nature and reason for both absences,
2. whether the student has had a previous request during their academic career of a similar nature,
3. the overall academic performance of the student with no other late work outstanding,
4. whether the absence warrants special accommodation, and
5. what that accommodation should be, given the circumstances.

In most cases, if such an accommodation is granted, the student will be required to meet with the instructor for a make-up study session to go over the material they missed. In this event, a fee will be charged to cover the cost of the make-up session.

**Final Examinations – Traditional Students**

The University requires an examination to be given at the end of the semester in all courses.

**Change in Final Examinations – Traditional Students**

The university requires an examination be given at the end of the semester in all courses at the time specified in the exam schedule. Examinations may not be changed for sake of convenience or planned personal absence. For legitimate reasons, students may petition a change in time. Vacation and travel plans are not acceptable reasons.

**Application for Graduation**

Certain basic requirements in general education and in Bible and Theology must be completed by all enrolled regular undergraduate students, in addition to the specific courses required by individual departments. Chapel and Service requirements must be met according to the policy found under Student Life. For the requirements in degree and certificate programs, see the “Degree and Certificate Programs” section in the catalog. Complete information regarding application for graduation is found under Graduation Requirements.

Cap and gown orders are the responsibility of the student and may be placed through the University Bookstore.
Transcripts of Credit
Official transcripts are copies of student academic records of all work attempted at WJU and bear the seal of the University and the signature of the registrar. Transcripts are not entered until the semester or registration period officially ends. Upon request from eligible students, the Office of the Registrar will issue official WJU transcripts only; transcripts of work from other institutions will not be issued.

All transcript requests must be made online directly through the National Student Clearinghouse or through the Student Portal. Allow two to three weeks to prepare transcripts during the periods of final examinations, grade recording, and registration. Transcripts will not be released for students who have an outstanding balance in the Business Office, an incomplete academic file, or a library fine or overdue book.

Diploma Replacement
If the original diploma is destroyed, a duplicate may be ordered by contacting the Office of the Registrar. There is a fee for the replacement diploma. The diploma will reflect the signatures of the current officials of the University.

Summer School
WJU has a limited summer school schedule which allows students to earn additional units during the summer. Internship and independent study opportunities are also available during the summer.

Registration Process
Students should study this Catalog and the Schedule of Classes, consider the curricula carefully, and plan the courses needed for graduation and required for their majors as well as courses desired for electives. Students must assume complete responsibility for fulfilling all requirements to meet planned objectives.

Course Schedules
A schedule of the courses to be offered each semester in a given year is available to students before the beginning of the fall term. The schedule is subject to change, and a scheduled class may be cancelled if fewer than ten students enroll.

Traditional
Each student is personally responsible for completing registration on the date and at the time specified in the class schedule for each semester (see the Academic Calendar on the class schedule). Registration materials are posted online at www.jessup.edu and are emailed to each student’s WJU email account.

SPS
A preliminary billing statement will be provided to the student approximately 3 weeks prior to the start of each semester. Payment arrangements for the semester must be completed by the date
indicated, typically a week prior to the start of the semester. Students should be prepared to pay at least one-third of their contracted costs on registration night (plus a deferred payment fee if applicable) if enrolled in at least 9 units.

**Late Registration Policy**
Late registration begins on the first day of classes and terminates on the date stated on the Academic Calendar. Students who fail to complete registration at the assigned time may register during the period of late registration specified on the class schedule for an additional fee. Any change in registration must be completed and paid for before the close of late registration.

**Changes in Registration**
Changing registration after the semester has begun is allowed primarily to adjust for extenuating circumstances beyond the student’s control, registration errors, lack of prerequisite courses, or schedule changes initiated by the University. Student initiated changes are subject to an Add/Drop fee.

After the late registration period is complete, changes may be made only when the University deems the circumstances sufficiently extraordinary to warrant an exception.

**Add a Course**
Student initiated changes are subject to an Add/Drop fee. A student may add classes in their schedule during the first week of instruction without academic penalty. The student is responsible to initiate the process by adding through the Student Portal or by using the proper form, available in the Reeve-Knight Administration Office, and consulting with an academic advisor.

**Changing Audit to Credit**
Audit students may change to a credit basis prior to the close of the late registration period.

**Changing Credit to Audit**
A student may change from credit to audit until the end of the late registration period.

**Dropping (Withdrawing from) a Course**

**Traditional**
Any change in a student’s course schedule after the start of classes is subject to an Add/Drop Fee. A student may drop classes in their schedule during the first week of instruction without academic penalty. A student may withdraw from a course after the late registration period, receiving a “W” grade, until the end of the tenth week of the semester. (To withdraw from all classes, see “Withdrawing from the University”).

For weekend or one-day courses a student must withdraw before the first day of class. Non-attendance of weekend classes will result in an “F”.

The student is responsible to initiate the process by dropping the course online or by obtaining the proper form and signatures of the instructor and academic advisor. Refunds are based on the official drop date, which is the date the completed form is received in the Office of the Registrar. Failure to officially withdraw from a course will result in a grade of “F” or “WF” and forfeiture of tuition refund. A student no longer registered for credit or audit is ineligible for further attendance in the class.

**SPS**

Student initiated changes are subject to a change of registration fee. Students withdrawing from a course must submit a Petition to Add/Drop form to the SPS Office. Students who submit a Petition to Add/Drop before the first class session will not receive a penalty and the course will not appear on the student’s permanent transcript. Students who drop a course after the first class session will receive a “W” on their permanent transcript. The Petition to Add/Drop form is to be submitted to either the University Academic Office or the local SPS Office. The effective date of the drop will be the postmark, fax date and time, or date and time received personally by University staff. Failure to withdraw from class by submission of a Petition to Add/Drop will result in an “F” being entered on the permanent transcript for the class and any refunds for the class are forfeited.

A student who has officially dropped a class and who is no longer registered for credit or for audit is ineligible for further attendance in that class. Dropping a class may affect the student’s financial aid. It is the student’s responsibility to contact the Financial Aid Office for information. Student initiated changes are subject to a change of registration fee.

**Administrative Drop/Classroom Conduct**

Failure to attend a course or to submit required work will result in a grade of “F”. The student who neglects a course is solely responsible for dropping the course or withdrawing from the University. However, an administrative drop may be initiated at the discretion of the instructor, who will record circumstances. The approval of the Provost is required. Deadlines and grades are the same as for a drop initiated by the student and are based on the date received at the Office of the Registrar. The student will be notified by the final grade report.

Students have a responsibility to conduct themselves in class and in the library in ways which do not interfere with the rights of other students to learn or of instructors to teach. Use of electronic devices such as pagers, cellular phones, or recording devices, or other potentially disruptive activities, is permitted only with prior explicit consent of the instructor. The instructor may rescind permission at any time during the course.

If a student does not comply with requirements or obstructs the functioning of the class, the instructor may initiate an administrative drop. The instructor must record circumstances. The approval of the Provost is required. Prior to a decision, the VPAA will consult with the student and other parties as appropriate. Appeals go to the Academic Committee and the VPAA. Serious cases of misconduct will be referred to the Student Life Committee for appropriate action.
**Right to Cancel**

The University reserves the right to cancel any registration in specific courses for which the student is ineligible. The registration of a student who is ineligible to attend the University is subject to immediate cancellation. The University also reserves the right to cancel the registration of a student whose attendance at the University, in the opinion of the appropriate administrative officials, would not be mutually beneficial to that person or the University.

**Leave of Absence**

Students who find an interruption in enrollment necessary should file a Petition for a Leave of Absence before leaving the University. A Leave of Absence allows students to maintain the existing graduation program. Failure to do so will mean that they must fulfill all graduation requirements in the catalog which is current upon their return to WJU. Students withdrawn from the University for one academic year or more (official or unofficial leave of absence) may be required to update some or all of the admissions requirements. A Leave of Absence is good for a maximum of one year.

Filing for an Academic Leave of Absence initiates the Financial Aid Leave of Absence which allows for a 180 day (six month) grace period before student loan repayment must begin. If a student returns to WJU within 180 days, student loans do not go into repayment and the 180 day grace period is not counted against your future 180 day grace period. If a student does not return to WJU within 180 days or begins school at another institution, then any time spent out of school will apply toward your 180-day grace period. For more information, regarding the Financial Aid Leave of Absence, please contact the Financial Aid Office at 916.577.2233.

**Withdrawing from the University**

Withdrawing from all courses is a two-step process:

1. **Dropping classes:** Students who wish to withdraw from all classes in which they are registered must obtain an Add/Drop card from the Office of the Registrar and follow the procedures to drop courses or withdraw from their courses online (see “Drop or Withdraw from a Course”).
2. **Exiting the University:** To ensure that all academic and financial arrangements are cleared, students must solicit a Request for Official Withdrawal from the Administration Office and obtain the necessary signatures from the appropriate University department(s). If the leave is temporary, a student should petition for a Leave of Absence at the same time, in order to maintain the existing graduation program.
Academic Policies

Academic Calendar

Traditional
Students will be on a standard 15-week semester schedule with one week of finals for both fall and spring terms. The traditional program also provides a limited offering of summer classes which runs on varied schedules.

Standard holidays and breaks include:
FALL
- Labor Day
- Thanksgiving week

SPRING
- Martin Luther King, Jr. Day
- Spring Break week
- Easter Monday

SPS
Students will be on a year-round three semester program of fall, spring, and summer terms. Each semester contains 15 weeks in class. During the 16th week, students do not attend class but instead submit requirements for finals. If a class is scheduled to meet on a recognized federal holiday, such as the Fourth of July, an alternate class time within the same week will be arranged.

Prior to entry in the program, students will be provided an information session and/or personal appointment to inform prospective students about the program. Information sessions include:
- A description of the School of Professional Studies
- Meeting the needs of an adult student
- Financial aid matters
- Start dates for classes
- Application procedures
- Alternate credit sources

Academic Appeal Process
In the event a student would like to appeal a decision or policy as it relates to their academic progress, the student is encouraged to communicate the concern in writing to the registrar. Most academic appeal forms can be found of the WJU website, Jessup.edu, under “Forms and Petitions.” The registrar will act to bring formal resolution to the stated grievance either by addressing the issue directly, or, if necessary referring the issue to another University official. If satisfaction is not achieved, the student may appeal directly to the Provost.
Plagiarism and Academic Integrity

Academic integrity is an essential component of Christian higher education. Instances of plagiarism or cheating will not be treated lightly. If it is a student’s first offense, the paper or exam will simply receive a zero. The student may or may not have the option to re-write the assignment for half credit, according to the instructor’s discretion. If evidence of plagiarism or cheating exists a second time, the student will receive an academic dismissal, which can be appealed by the student.

Special Study Experiences at WJU

Special study experiences available to students who display interest and aptitude include independent study, practicum, study-travel tours, study abroad through “Best Semester” (CCCU), and internships.

Directed Independent Study: Only upper division students with at least one semester residence at WJU and a 3.0 GPA may take credit by this means. A student is limited to earning a maximum of 12 units in this manner and each course must be approved by an instructor and the registrar. The academic standards recommended per unit of independent study are 500 pages of reading, 10 pages of writing, and one contact hour with the appointed faculty member. See online fee schedule for current per unit cost.

Practicum: Limited to a maximum of four to six units and must be approved by the department chair.

Travel-Study Tours: Available to sophomores, juniors and seniors. Limited to a maximum of four units and must be approved by the Department Chair.

Internships: for juniors and seniors only. Limited to a maximum of 10 units and must be approved by the Department Chair. Internships are an integral part of WJU’s program of study and serve the following purposes:

1. To enable students to make wise vocational choices by guided practical experiences in Christian vocations.
2. To enable students to grasp the relevance of classroom instruction through guided practical experiences which draw upon the content of classroom instruction.
3. To allow students to work with mature and effective leaders and thereby grasp in a living, practical context the whole range of experiences involved in special Christian ministries.
4. To enable students to experience the difficulties and rewards of Christian vocations.
5. To develop certain basic practical skills necessary for success in specific Christian ministries through supervised experiences.
6. To gain a greater appreciation of the importance of Christian vocations in the plan and purpose of God.

Special Studies: Qualified upper division students may meet certain requirements by taking courses numbered 499 in the area of concentration needed. The 499 course of faculty-guided research requires the writing of a major research paper. The maximum credit toward graduation is limited by the students’ need, ability, and
the decision of the Academic Committee. Colloquiums of five to eight students may do reading and discussion in a special area of study for 299 or 499 course credit.

**Program Crossover:** Students in the Traditional Undergraduate Program will be allowed to register for a maximum of one course per term in the School of Professional Studies program. Approval must be granted by both the student’s advisor and the SPS Academic Advisor.

**Challenge for Credit**

A challenge is appropriate when a student has taken a course at an unaccredited institution which is similar in content to a regularly scheduled course in the WJU curriculum. The following applies:

1. All challenges must be initiated by a petition to the Office of the Registrar.
2. The chairman of the department must determine that a specific course is appropriate for credit by challenge.
3. A student may not challenge a course if he/she has previously enrolled and withdrawn from or failed the course while at WJU.
4. The student will enroll in the course and pay the appropriate tuition when the challenge is approved by the Office of the Registrar.
5. The professor of the course may determine what learning activities, including attending certain sections of the classroom lectures, may be required of the student prior to the challenge exam.
6. The student is given full credit for the course and a “pass” grade upon successful challenge.
7. The transcript will note the course by the phrase, “credit by challenge.”

**Student Classifications**

**Class Standing**

Class standing is determined by the number of semester units a student has completed. The units required for each classification are indicated below.

- **Freshman** less than 30 units
- **Sophomore** at least 30 units, but less than 60 units
- **Junior** at least 60 units, but less than 90 units
- **Senior** 90 units or more

Students transferring from other colleges will be given advanced standing according to the number of transferable credits on their official transcripts and the grades earned in those courses. Prospective transfer students must submit official transcripts of their college work to the registrar for evaluation (see “Advanced Standing” and “Credit Transfer Policy”).

**Course Load**

A matriculated student is one who has been officially admitted to the University.
Non-Matriculated Student Options

An Application for Non-Matriculated Student must be completed and submitted to the Office of the Registrar for each of the following.

Audit Student
Auditing is limited to WJU alumni, WJU faculty and staff, and senior citizens. Non-matriculated students may audit a course when the class is desired for personal enrichment, not academic credit. Some exceptions may apply for certain programs or offerings. Additionally, auditing is not available for applied or performance courses. Those who enroll on an audit basis do not take examinations nor receive grades or college credit for the courses. Upon the approval of the instructor, audit students may participate in certain aspects of the course, but at no time is a grade recorded. Persons interested in auditing SPS courses are encouraged to contact the local SPS office for information. Audit courses are charged an audit fee, which can be found on the Jessup website.

Continuing Education Student
The Continuing Education Unit is a nationally recognized unit of measure for non-credit activities which meet qualifying criteria. One CEU is assigned for every ten contact hours of participation in instructional time and is only given upon completion of program course requirements. The CEU cannot be converted to academic credit or applied toward a degree, yet many business firms and organizations have recognized the CEU when considering promotions, salary increases, and transfers. Student attendance for all contact hours must be documented. The CEU will be combined with the regular credit record (transcript). CE courses are charged the Continuing Education Unit fee which can be found on the Jessup website.

Limited Enrollment Student
Limited Enrollment students may wish to take units for credit for preparation to become a matriculated student, transfer credit, training for employment, or other personal reasons. In any case, Limited Enrollment students are limited to nine units per term with a maximum of 15 units in total. A Limited Enrollment student may be enrolled in a degree program at another institution with permission to take no more than 15 transfer credits of course work as a non-matriculated student at Jessup. Although the student intends to transfer those credits to his/her program, Jessup assumes no responsibility for advising such students or for the applicability of the courses to the student’s degree. Once 15 units are obtained, or sooner, students should consult an Admission Counselor on becoming a matriculated student. Limited Enrollment per unit charges are the same as those for matriculated students taking less than 12 units. The per unit cost can be found on the Jessup website.

Probationary Status
Students may be placed on academic probation, financial aid probation, or disciplinary probation for a number of reasons. The purpose of probation is to alert students to problem areas and to assist in overcoming these difficulties. Students dismissed from the University for any of these reasons may not reapply for admission until a full academic year has passed.

**Academic Probation:** Students will be placed on Academic Probation if their GPA falls below a 2.0 for the semester, regardless of how many units were taken during the semester. (See section “Academic Probation”)

**Financial Aid Probation:** Please see “Satisfactory Academic Progress” under the Financial Aid section for a complete description of what it means to be on financial aid probation.

**Disciplinary Probation:** Students who have failed to live up to the standards and rules of the University and are being considered for dismissal will be placed on disciplinary probation.

**Grading Information**

Each instructor is responsible for determining final grades and for submitting them to the Office of the Registrar. These grades then become a part of the official records of the University. Grades which appear on the student’s grade report at the end of the semester can be found in the Student Portal and are considered final unless the student identifies an error to the registrar before six months elapse.

**Grade Symbols**

Every professor is required to submit a grade for each student registered in the course. The following grade symbols are used in reporting and recording a student’s proficiency in courses:

<table>

Plus and minus symbols are not used to calculate GPA.
Math and English Prerequisite Requirement
SAT/ACT scores are used for initial math and English placement. Students must achieve a grade of C- or better in each math and English course in order to advance to the next level.

Pass/Fail Grading (P/F)
Certain courses are offered only on a pass/fail basis whereby the student will receive a grade of “P” or “F”, rather than a letter grade. A limited number of courses are offered on this “P/F” basis, and no courses are offered with an option of either “P/F” or A-F grading. Courses graded only on “P/F” are identified in the catalog. Policies and procedures governing pass/fail grading are:

1. The grade of “P” is not used in computing the grade point average; F grades are included in averages.
2. A Pass grade indicates work at a “C” or better level.

Repeated Course (R)
Classes in which students receive a D+ or below may be repeated in order to improve their GPA or obtain credit for graduation. Credit will be counted only once for successful completion of the course, except for the courses designated in the catalog as allowable repeats. The original grade will remain on the student’s academic record with the notation “R” but will not be included in the computation of the grade point average. Application of this policy will be allowed for three repeated courses. Thereafter, both the original and the subsequent grades will be factored into the student’s GPA.

A student receiving a final grade of a D (+, -) or an F in a course can obtain credit by reregistering for the course, repeating the class work, and receiving a passing grade. A failed course cannot be challenged by examination. Repetition of a course more than twice requires the approval of the registrar and is granted only under extraordinary circumstances. A failed course does not have to be repeated unless the course is required for graduation.

Failure to Withdraw (WF)
Students who fail to withdraw officially from class generally will be given a “WF” for the class. The “WF” grade will have the same GPA effect as an “F” grade and will also be accompanied by an approximate date of last attendance to determine potential return of Financial Aid funding.

Withdrawal (W)
After a course has begun, a student may withdraw (incrementally per course) prior to two-thirds of the course completion and receive a “W” on their transcript. This letter does not affect GPA.

Students who fail to withdraw officially from class generally will be given a “WF” for the class. Under certain circumstances, students may petition the Office of the Registrar to receive a “W” (Unofficial Withdrawal). If the appeals committee approves the petition for conversion to a “W” grade, the original grade submitted shall be retained as the prior grade but shall not affect the student’s GPA. Any refund is forfeited.
See “Dropping (Withdrawing) from a Course.”

**Incomplete (I)**

**Traditional**

Students are expected to complete all course requirements during the time assigned for that course. In the rare circumstance when it is impossible to complete the course requirements on time, the student may petition to receive an incomplete (“I” grade).

Prior to the week of finals, the student must contact the instructor to request their agreement/endorsement of their petition and to establish a due date for incomplete work which may not exceed 10 weeks from the end of the course. Faculty may endorse the petition if, in their estimation, exceptional circumstances exist which warrant extended time to complete course requirements. In order to petition the University to receive an “I” grade for the course, the student and instructor must have the Petition to Receive an Incomplete form filled out and submitted to the Office of the Registrar by the last day of instruction for the course. For prompt submission, this form may be faxed to 916.577.2240.

It is the student’s responsibility to maintain a copy of the petition so he/she is aware of the conditions. A processing fee will be added to the student’s billing. If the student fails to complete the work within the time limit, the grade for the course will become an F and the student must repeat the course at their own expense.

Upon conversion of the “I” grade to a calculated letter grade (A-F) the “I” will remain noted as the prior (original) grade submission.

**SPS**

School of Professional Studies students are expected to complete all course requirements during the time assigned for that course. The course final must be submitted by the first meeting night of the following course. The instructor will have two weeks to grade the final and submit the course grade.

Failure to turn in a final, or a failing grade on the course final, is an automatic “F” for the course. Any student work, other than the final, not submitted by the date the final is due will be considered a zero and the course grade will be calculated accordingly.

In the rare circumstance when it is impossible to complete the course requirements on time, the student may petition to receive an incomplete (“I” grade). The student must contact the instructor to request their agreement/endorsement of their petition and to establish a due date for incomplete work which may not exceed five weeks from the end of the course. Faculty may endorse the petition if, in their estimation, exceptional circumstances exist which warrant extended time to complete course requirements.
In order to petition the University to receive an “I” grade for the course, the student and instructor must have the Petition to Receive an Incomplete form filled out and submitted to the SPS Office by the night the final is due. The petition will be reviewed for approval by the SPS staff and Academic Office. For prompt submission, this form may be faxed to 916.577.2330, attention: SPS.

Once the petition has been either granted or denied, the Office of the Registrar will contact the student and instructor so both are aware of the outcome. A processing fee will be added to the student’s billing. If the student fails to complete the work within the time limit, the grade for the course will become an “F” and the student must repeat the course at their own expense.

Upon conversion of the “I” grade to a calculated letter grade (A-F), the “I” will remain noted as the prior (original) grade submission.

Grade Changes
Correcting a Grade
An instructor may correct a clerical error on a grade. A request for a grade change should be submitted directly through the Faculty Portal within six months of the last day of the semester.

All instructors are encouraged to retain records of completed course work and grades for a period of one calendar year from the date of the last day of the semester. Part-time, relocating, and retiring instructors should provide these materials to their respective departments.

Appealing a Grade
After final grades have been filed in the Office of the Registrar, a grade in a course may be changed only by the course instructor. Appeals must be directed first to the instructor, then to the department chair, and then to the Provost. The deadline to file an appeal is within six months of the last day of the semester for the grade in question.

Academic Standing
Students are expected to maintain a grade point average of 2.0 (C) or better in their academic work at WJU in order to continue in good standing.

Dean’s List
Students who complete 12 or more units in a semester and earn a GPA of 3.85 or higher are given special recognition by being placed on the Dean’s List.

Honor Roll
Students who complete 12 or more units in a semester and earn a GPA of 3.50 – 3.849 are given recognition by being placed on the Honor Roll.

Academic Probation
The purpose of academic probation is to alert students to problem areas and to assist in overcoming these difficulties. Students who earn a GPA below 2.00 for the semester are placed on academic probation.

Academic probation operates with a 3-point system. Upon accumulation of three points during their academic career at WJU, the student will be academically dismissed. These probationary points will accumulate in the following ways.

- An admission status of “Academic Support” will result in one point. If a student admitted on “Academic Support” status achieves a 2.5 GPA in her/his first term, the probation point assigned to that term will not be counted in their accumulated probationary points.
- A term in which the student’s GPA drops below 2.00 will result in an academic status of “Academic Probation” and the accumulation of one point.
- A term in which the student’s WJU cum GPA or total cum GPA, including transfer GPA, falls below 2.00 will result in an academic status of “Academic Probation” and the accumulation of one point.

There are three levels of academic probation with the ascending point value signaling greater challenges for academic success. With this in mind, students are provided the opportunity to meet and overcome their success challenges through a progression of academic support programs. The chart below serves as a guide to coordinate student academic challenges with appropriate programs.
### Advanced Standing

Students transferring from other colleges will be given advanced standing according to the number of transferable credits on their official transcripts and the grades earned in those courses. Prospective transfer students must submit official transcripts of their college work to the registrar for evaluation according to the University Credit Transfer Policy. WJU follows the American Association of Collegiate Registrars and Admissions Officers (AACRAO) guidelines for transfer of credit.

### Credit Transfer Policy

WJU welcomes transfer students regardless of the number of units completed at other regionally or ABHE accredited colleges and universities. A transfer student is defined as a high school graduate who has then attended college following the summer of graduation. (See “Admission Criteria”)

1. All courses taken at schools with regional or ABHE accreditation, meet UC or CSU transferable credit requirements, do not repeat WJU credits, and are a “C-“ or better will be accepted in transfer during the first semester of enrollment. Units will be accordingly distributed to proper requirements. Decisions about course comparability may be referred to the appropriate department chairs.

2. Transfer credit is generally not awarded for coursework taken at institutions without regional or ABHE accreditation. Credit may be considered after students have successfully completed 24 semester units in residence at WJU. Consideration of such transfer credit may require:
   • students to provide catalog descriptions and/or course plans for the classes that could transfer;
   • evaluation and approval from the respective department chairs; or
   • other appropriate means of validating the credits previously earned. The amount of transfer credit will be decided on a course-by-course basis and only awarded upon verification of the educational integrity of both the individual course and the institution from which the course was taken.
3. Verification of educational integrity for courses and/or degrees completed at a college or university outside the United States must come from an appropriately recognized international educational evaluation source, such as IERF (International Education Research Foundation). A list of acceptable international evaluation services can be obtained from the Office of the Registrar. The cost of such verification will be borne by the student.
4. Students who have been out of college for an extended period of time may have to retake some coursework at the discretion of the Provost.
5. A maximum of 50% of requirements for a major may be allowed in transfer.
6. A student may transfer a total of 96 units toward their degree.
7. A maximum of 70 units may be transferred from a community college. CLEP, DANTES, AP and IB units are included in this count.
8. All credit from community colleges will be transferred as lower division credit. A class taken at a community college or a lower-division class from a four-year school may fulfill the requirement for the major, but will not count as upper-division credit toward graduation requirements. (The total number of upper division units required for a bachelor degree is 36.)
9. Students may appeal for reconsideration of evaluation first to their advisor, then to the registrar. Final decisions about the awarding of transfer credit rest with the Provost.
10. A maximum of 4 units of Physical Education activity classes and 8 units of applied lesson classes (such as painting, voice lessons, etc.) can be counted toward a student's General Education Electives.

WJU will accept the IGETC (Intersegmental General Education Transfer Curriculum) Policy for fulfillment of all lower division General Education requirements. The IGETC is a 37-39 unit general education program by which California community college students may fulfill all lower division general education requirements when transferring to the CSU/UC system. Transfer students must complete all IGETC requirements before they enroll at WJU in order to receive the benefit of this policy. Credit awarded will not exceed the number of units on their IGETC certification. Students are encouraged to follow this program when considering transfer to WJU. Students who have not received certification of completion by the time of enrollment will follow the WJU Foundational Studies program. In addition to the IGETC, all prerequisites and support courses for existing majors must be met. Some of the major prerequisite and support courses meet the general education requirements; therefore, if you don’t meet the major support course requirements through IGETC, additional units will be needed to fulfill your degree. Please consult anticipated program for major-specific general education requirements.
SPS Waived Courses
The cohort model is designed for all 48 major program units to be taken at William Jessup University. A maximum of two courses will be waived if students have taken similar courses elsewhere. Courses taken at other colleges may be used for general education or free elective credit as applicable.

Conversion of Quarter Units to Semester Units
Classes at WJU are offered on the semester system, which consists of 15 weeks of instruction and one week of finals. In terms of the amount of course work required for the degree, the quarter system and the semester system are essentially the same. Students in both systems will take the same number of course hours in order to graduate; however, one is measured in quarter units and one in semester units. One semester unit is equivalent to one-and-a-half quarter units of credit. One quarter unit is equivalent to two-thirds of a semester unit. To convert semester units to quarter units, multiply semester units by 1.5 to get the quarter unit equivalent. Quarter units are already converted to semester units on all WJU documents.

Alternative Educational Experience Options
Credit by Examination and Credit for Prior Learning (CPL)
William Jessup University recognizes that valid college-level learning can take place in many arenas other than the classroom. Adults returning to finish a degree often have developed a level of expertise in several areas that equal or exceed that which is taught to traditional students. Therefore, the University accepts credit earned though several optional methods.

Some students need to earn additional credits beyond the formal educational credits they bring to the School of Professional Studies to complete the requirements for a Bachelor of Science degree. During the admission process, the SPS staff will identify additional courses needed for graduation and help prepare a plan for earning this credit by formal, non-formal, or informal approaches to learning. These approaches include credit documentation by portfolio and credit by examination (College Level Examination Program [CLEP], DANTES, and the United States Armed Forces Institutes [USAFI]). In addition, exercises that assist the student in documenting prior learning are embedded within their course sequence. Academic advisors work with you along the way to help you ensure that you take advantage of these additional types of opportunities that appropriate for your situation.

A maximum of 30 units may be earned through these nontraditional credit options. This limit does not apply to military units.

Advanced Placement/ International Baccalaureate Exams
William Jessup University grants college credit for Advanced Placement and higher level International Baccalaureate exams. Students who complete special advanced placement courses and who present scores of three or higher (3, 4, or 5) for the AP exams or five or higher (5, 6, or 7) on the higher level IB exams to the Office of the Registrar may receive credit for general education courses. If a student takes a college course for which test credit has already been received, the student forfeits the AP/IB credit. A maximum of 30 units can be awarded for all forms of advanced credit (AP/IB).
Independent Study
A student seeking an independent study option must petition the registrar and show cause why such a class is necessary. Valid reasons for approval of an independent study would include:

1. Being blocked out of a required course because of changes in course schedules.
2. Wanting to pursue advanced study in a field beyond what is normally offered.
3. Courses required in a degree program that are not being offered and impede your ability to graduate.
4. Extenuating circumstances that make regular class attendance impossible.

Independent study courses have an additional fee of $100 per unit. The normal independent study class is two units, although three may be allowed in exceptional cases. Only 12 units of independent study can be allowed toward a degree program, with a maximum of six units counting for required courses.

Academic Standards per Unit:
- Recommended 500 pages of reading
- Recommended 10 pages of writing
- Recommended contact hours with faculty – one hour

Study experience may include seminars, workshops, reading, or other comparable instruction methodology. Outside classroom experience to in-class time usually follows this ratio: 1:1 for lower division courses, 2:1 for upper division courses, and 3:1 for internships.

Auditing a Course
Traditional
Students may audit a course when the class is desired for personal enrichment, not academic credit. Performance classes, such as private or class music lessons, speech, or homiletics, cannot be audited. WJU alumni may audit courses on a space available basis. An enrollment fee will be charged; see schedule of fees for details.

SPS
Persons interested in auditing SPS courses are encouraged to contact the local SPS office for information.

Military Training
Military training will be treated as college credit earned at another college or university and transferred to William Jessup University. The amount of credit accepted will be based on the recommendations published by the American Council on Education. The student requesting transfer of credit must submit the appropriate military records specifying exactly what training was received. To receive this credit requires the submission of a DD Form 295 and DD Form 214.

Program Crossover:
Students in the Traditional Undergraduate Program will be allowed to register for a maximum on one course per term in the equivalent School of Professional Studies program (major). Approval must be granted by the student’s advisor, the SPS Academic Advisor, and the Office of the Registrar.
Study Abroad
With prior approval from the Office of the Registrar, students may earn credit for study abroad. Students must meet with an academic supervisor and develop an individual contract for their learning, including assignments to be completed for credit. Students must enroll for the units specified and complete all requirements before receiving credit. These units may be applied to general education, the major, and/or the internship, depending on the focus of study and with approval from the Office of the Registrar.

BestSemester
WJU participates in the Study Abroad programs of the Council for Christian Colleges and Universities (CCCU), a higher education association of more than 150 intentionally Christ-centered institutions around the world. The Council’s mission is to advance the cause of Christ-centered higher education and to help its institutions transform lives by faithfully relating scholarship and service to biblical truth.

BestSemester.com is the portal for the off-campus study programs offered by the CCCU. The nine semester programs and three summer programs designed to serve the academic interests of students are:

- Australia Studies Centre
- American Studies Program
- China Studies Program
- Contemporary Music Center
- Latin American Studies Program
- Los Angeles Film Studies Program
- Middle East Studies Program
- Oxford Summer Programme
- Russian Studies Program
- Summer Institute of Journalism
- The Scholars’ Semester in Oxford
- Uganda Studies Program

Living and Learning International
WJU is a partner with the Living and Learning Study Abroad program. This fall and spring semester program takes place in Quito, Ecuador. It exists to provide an academically excellent semester where students will engage in the challenges of a developing nation and learn to respond with an appropriate Christian worldview. Living and Learning in Quito is part of a 15-year-old organization called Youth World. It offers an amazing mixture of adventure, academic excellence, culture, practical experience, language, mission, and integrated living. Living and Learning is a study abroad program available to students who desire to continue their college education in an international setting. It functions under the supervision and guidelines of William Jessup University. The semester is designed to combine classroom learning and practical internships in a unique and challenging cross-cultural setting. (Some text taken from http://livingandlearninginternational.com/)
Graduation Requirements

To ensure completion of all requirements for graduation, students at William Jessup University should make graduation plans during the first semester of their junior year. These plans are based upon the University catalog of the year in which they entered. Deviations from programs or adjustments for students transferring from other colleges must be cleared by the registrar. Students who have made graduation plans should have them thoroughly checked by their academic advisors.

All those who seek a degree from WJU must fulfill the University’s general education requirements, either by transfer credit or by courses taken in residency. All course requirements must be completed by the last day of final examinations of the candidate’s final semester. All grades, including those for makeup of incompletes, and all transcripts of work attempted at other institutions must be on file in the Office of the Registrar before the degree will be conferred.

No degree, diploma, or certificate may be granted to a candidate unless all general core and department requirements have been fulfilled. If awarded in error or upon fraudulent claims which are discovered later, the degree, diploma, or certificate is immediately revoked.

Minimum Credits for Graduation

Candidates for graduation must accumulate a minimum of 128 semester units according to the prescribed courses for the Bachelor of Arts or Bachelor of Science degree, 64 semester units for the Associate of Arts or Associate of Science degree, and 36 units for an Addiction Studies certificate. All those who seek a degree from WJU must fulfill the University’s general education requirements, either by transfer credit or by courses taken in residency. A maximum of 70 credits from a community college, AP, CLEP, DANTES, and/or IB may apply toward a bachelor degree. The total number of upper division units required for a bachelor degree is 36. All CLEP, DANTES, and CPL units must be completed by December 31 to be eligible for the commencement ceremony in May.

Academic Requirements for Graduation

In order to graduate, a student shall have a minimum cumulative grade point average of 2.0 for the total of all college-level credit attempted at William Jessup University and an overall cumulative grade point average of 2.0. Specific degree program requirements must be met, including appropriate internship requirements, and 36 upper division units.

Resident Credit

Resident credit means any course which is satisfactorily completed at WJU, except credit earned by special examination or correspondence courses. A minimum of 32 units must be completed in residency to receive a degree or diploma from WJU, and a candidate for graduation must complete 24 of the last 30 semester units in uninterrupted resident credit. The last six units may be taken elsewhere in the last semester.

Post-Residency Graduation
Students who have fulfilled the degree residence requirements may seek permission to complete final requirements at other regionally accredited colleges or universities by petitioning to graduate post-residency. A maximum of six of the last 30 units of resident credit may be completed post-residency. Approval to graduate post-residency must be requested in advance. Major or minor course substitutions are to be pre-approved by the appropriate academic departments and GE courses must be pre-approved by the Office of the Registrar. Approval for post-residency graduation will hold catalog requirements for two years. Students may petition for post-residency graduation through the Office of the Registrar.

**Spiritual Formation Group Requirements**

Traditional students must attain SFG credit for one-half of the time they are enrolled full-time at WJU. See the Student Handbook for attendance and appeals policies and procedures. Students are required to attain SFG credit for one-half of the time they are enrolled full-time at WJU. All SFG requirements must be completed prior to the student’s degree posting date. A delay in completion will result in the degree being posted for a subsequent date.

**Service Requirement**

Service hours are required for all full-time traditional students (12+ units) desiring to receive a degree or certificate at WJU. These may be earned through various areas of service within the community which may include church ministry, civic ministry, missions, other areas of outreach, or enrollment in designated service learning courses. To receive a semester of service credit, a student must serve in a volunteer ministry for which they do not receive pay or other academic credit for a minimum of thirty (30) hours during a given term (spring, summer, or fall). Only 15 hours out of your 30 hours in a semester may be earned for on-campus service. Service Report forms need to be turned in no later than the Friday before finals week for eligibility. A late fee will be charged for forms turned in after that date. Summer Service Report forms can be submitted up until the fall add/drop deadline. Service performed prior to enrollment is not eligible for approval. Traditional students are required to attain service credit for one half (1/2) of the time they are enrolled full-time at WJU. All service and outreach credit must be completed prior to the student’s degree posting date. A delay in completion will result in the degree being posted for a subsequent date.

**Application for Graduation**

Candidates for graduation must file an application with the registrar by the given deadline per conferral date. Upon obtaining the application, the student will list all remaining degree requirements, obtain the required approvals, and return the application to the Office of the Registrar. The graduation petition fee will be added to the student’s account when the application has been processed. Students filing a completed application with the registrar after the deadline will be charged an additional late fee. Graduation applications will not be accepted less than one month before conferral. A candidate who fails to graduate on the selected date is required to file a new application for graduation and pay a reapplication fee.

Candidates are cautioned to examine their academic records for accuracy and to verify completion of service and chapel requirements prior to submitting their Application for Graduation (see sections “Service” and “Spiritual Formation”). All service and chapel credit must be completed prior to the student’s degree posting date. A delay in completion will result in the degree being posted for a subsequent date. In addition, candidates for graduation from WJU must satisfy the faculty as to their fitness for Christian
ministry. Students may be disqualified from graduation for inappropriate moral, physical, or social behavior. For more information, a student should contact his/her academic advisor.

All CLEP, DANTES, and CPL units must be completed by December 31 to be eligible for the commencement ceremony in May. All financial obligations must be fulfilled prior to graduation. A student may participate in the commencement ceremony with a maximum of six outstanding units. If these units are not completed in the summer term following commencement, then the student must re-apply for graduation.

All financial obligations must be fulfilled prior to graduation.

**Conferring Degrees**

Degrees are conferred three times a year (August, December, and May) at the close of summer, fall, and spring terms. The date of the diploma reflects that session during which the degree requirements were completed, including SFG and service requirements. One commencement ceremony is held each academic year at the close of the spring semester. Students who have completed all requirements at any time during the previous year are eligible to participate.

In order to maintain the integrity of honors granted, diplomas will be mailed after all grades are received for the semester of graduation.

If the original diploma is destroyed, a duplicate may be ordered by contacting the Office of the Registrar. There is a fee for the replacement diploma. The new diploma will have a reissuing date as well as bearing the signatures of the current officials.

**Academic Honors at Graduation**

Latin Honors for graduation will be based on a student’s entire academic history from all accredited institutions.

- **Summa cum laude**: 3.85 to 4.00 GPA
- **Magna cum laude**: 3.70 to 3.849 GPA
- **Cum laude**: 3.50 to 3.699 GPA

Transfer students, including SPS students, who elect to utilize only WJU credits for honors calculations may graduate “with distinction.” To qualify, they must have achieved at least a 3.75 GPA on their WJU credits, exclusive of their transfer GPA. Certificates, second bachelor degrees, and post-baccalaureate certificates are only eligible for “with distinction.” WJU GPA (exclusive of transfer) must be 3.75 or above.
Expenses

Tuition and Fees
Costs at WJU are significantly lower than those at comparable private institutions, due in part to the gifts of many individuals and churches who provide a large percentage of the operating costs for the University. Contact the Admission Office for WJU’s current tuition package and fee schedule, including residence costs. The current tuition and fee schedule can be found on our website at www.jessup.edu.

Deferred Payments
All charges for a semester are considered due and payable in full upon execution of the student’s semester contract at registration. Students who are unable to pay the contract balance in full at registration may request to be allowed to pay a minimum of one-third of the balance due plus a deferred payment fee with a completed Deferred Payment Program Application at registration and follow the Deferred Payment Program schedule to pay the remaining balance.

Institutional Refund Policies

Tuition and Fees: Students who must withdraw from a class or classes during the semester may receive a refund of a percentage of the semester’s tuition and fees charges. To receive a refund, students must submit a completed drop card to the registrar (See “Drop or Withdraw from a Course”). The date of withdrawal for refund purposes is determined either by the date the registrar receives the completed drop card or the last date a student has attended an academically-related function (typically the last date they attended class or submitted a paper or final). Refunds indicated are percentages of total tuition charges, not of amounts paid to date of withdrawal. The student may be required to pay unpaid charges.

Financial aid eligibility is ‘earned’ based on how many days a student is enrolled in the term/payment period. When a student withdraws from all courses, the percentage of aid earned is calculated and ‘unearned aid’ is returned to the appropriate funding agency. Once a student has attended 60% of the term/payment period, financial aid is considered to be 100% earned in full.

NOTE: Dropping a partial number of units will result in your financial aid eligibility being recalculated. WJU takes a conservative approach on recalculating eligibility and will recalculate all forms of financial aid up to the 60% point of a term/payment period.

Federal Title IV Financial Aid (Pell Grant, SEOG, Direct Loan, Parent PLUS Loan) is refunded based on Return to Title IV regulations using the Federal R2T4 software.

State Financial Aid (Cal Grant) is typically refunded when a student withdraws. However, in certain circumstances it may be beneficial for a student to use Cal Grant eligibility despite withdrawing from school. Those situations will be handled on a case-by-case basis.

WJU Institutional Aid is earned similar to the tuition refund policies below. For example, if a student withdraws and receives an 80% refund of tuition, then the student will also have 80% of WJU Institutional Aid refunded.

Traditional Program Refund Policy
Before or during the first week of instruction  100%
After the first week but before the end of the third week of instruction  80%
After the third week but before the end of the ninth week of instruction  40%
After the end of the ninth week of instruction  0%

**SPS Program Refund Policy**

Before the first week of instruction  100%
After the first week but before the second week of instruction  80%
After the second week but before the third week of instruction  40%
After the third week of instruction  0%

**Online Program Refund Policy**

By the fifth day of instruction  100%
Between the sixth and 10th day of instruction  80%
Between the 11th and 25th day of instruction  40%
26th day of instruction or later  0%

**Residence Costs**

All unmarried traditional students under 22 years of age are required to live in University housing unless they live with family members. Room and board charges will be included in each semester contract.

New students may request a housing application from the Admission Office. Returning students participate in the housing lottery selection process.

**Residence Refund Schedule**

Residents who move out of campus housing before the end of the semester may be entitled to a refund of room and board charges. The refund amount will be pro-rated, based on the date that residents vacate their room, complete the mandatory check-out process, and are cleared through the Residence Life staff.

Through the first week of classes  90%
Through the third week of classes  80%
Through the fourth week of classes  70%
Through the fifth week of classes  60%
Through the sixth week of classes  50%
Through the ninth week of classes  40%
After the ninth week of classes  0%

**Student Meal Plans**

WJU has a cafe and food services for students that are reasonably priced. WJU requires all students living on campus to purchase a meal plan (included in their room and board fee). First-time freshmen are required to participate in the 19 meals per week plan. Students in the residence halls, apartments, and Staybridge Suites must select from a meal plan option that corresponds with their living assignment.
Commuting students may select meal plans for purchase or may add money to their card directly through the Bon Appetit page at http://williamjessup.cafebonappetit.com.

For additional information, please access the Student Handbook in the sidebar at http://my.jessup.edu/studentlife/.

**Medical Insurance Requirement**

All Traditional students, domestic and international, taking 6 units or more, are automatically enrolled in William Jessup University’s student medical insurance program and charged accordingly. Health Insurance costs are listed on the tuition and fees worksheet.

A student can choose to waive out of the medical insurance program if they have private insurance coverage. Students waiving out of the policy must complete the insurance waiver online on the WJU web page under Student Life. Current Student Health Insurance waiver deadlines can be found on the WJU web page under Student Life. The charge is non-refundable and waivers are not accepted after deadlines have passed.

If you have any questions about the waiver, please contact the Student Life Office at 916.577.2321 or email studentlife@jessup.edu.

**Athletic Insurance/Participation Fee**

An Athletic Insurance/Participation Fee will be charged to all students eligible to participate in the University’s Intercollegiate Athletic Programs. This fee is mandatory and cannot be waived with proof of insurance. Athletes are required to pay the full amount before participating in any practice or team activity. This is an annual fee and is not prorated.
Financial Aid - Traditional Undergraduate Program

We believe that your education is an investment in your future and our goal is to assist you in any way possible with the cost of that investment. Therefore, William Jessup University participates in federal, state and institutional programs designed to help fill the gap between the cost of your education and your ability to pay for it.

Application Procedures and Deadlines

Students are required to apply for financial aid each year to qualify for federal, state and need-based institutional money. The Free Application for Federal Student Aid (FAFSA) must be completed to determine eligibility for federal grants, loans, state aid and need-based institutional aid. If a student does not wish to utilize any funds from these categories, please notify the Financial Aid Office that you are waiving your right to file the FAFSA. In addition to the FAFSA application, certain institutional awards will require additional applications specific to those awards.

Federal Deadline: A student may apply for federal funds at any time during the year by filling out the FAFSA. However, payment of your charges is required before enrollment, so it is encouraged to apply early so your eligibility can be factored into your total outstanding charges.

State Deadline (for new Cal Grants): Students must submit both the FAFSA and the GPA Verification Form postmarked on or before the March 2 deadline in order to be considered for Cal Grant for the following year. Continuing students simply need to complete the FAFSA again the next year to continue to receive the award.

Institutional Priority Deadline: The priority deadline for institutional aid is May 1 for enrollment in the Fall Semester and December 1 for enrollment in the Spring Semester. Institutional aid funds are limited by availability. If funds run out, late applicants may not be eligible for institutional aid.

The following is a simple explanation of how to apply for financial aid at William Jessup University:

1. Complete the FAFSA at www.fafsa.gov. WJU's school code is 001281.
2. An electronic Student Aid Report (e-SAR) will be emailed to you in the next few days (check your junk mail!). The e-SAR is a report of all the information you reported on the FAFSA and provides you with your Estimated Family Contribution (EFC). When you receive your e-SAR, check for any corrections that need to be made. Your FAFSA information is sent electronically to WJU.
3. You may receive a letter from the Financial Aid Office requesting additional documents for a process known as verification. Some students will be selected by the Department of Education to have their FAFSA information double-checked for accuracy by the Financial Aid Office.
4. Complete all admissions requirements. You must be granted admission before you can receive an official Financial Aid Offer.
5. You can expect to receive a Financial Aid Offer Letter within 2-3 weeks of being accepted. Review the letter, accept the aid you would like to receive, sign the letter and return a copy to the Financial Aid Office.
6. If you indicate you will be taking out a student loan, you will need to complete a Master Promissory Note (MPN) and Entrance Counseling. These can all be done online under the Loans section of the
Financial Aid website. If a parent is interested in taking out a Parent PLUS loan, please speak with your financial aid counselor.

The Financial Aid Section of the WJU website (www.jessup.edu/financial-aid) is full of additional information which you may find helpful in your journey. Please feel free to reference it at any time. If you have any further questions, please do not hesitate to email us at finaid@jessup.edu or call at 916.577.2233.

1. In order to qualify for federal and state aid programs, an eligible student must:
2. Be a U.S. citizen, U.S. permanent resident or eligible non-citizen.
3. Be enrolled as a regular student in a degree program. The student must complete requirements for a degree within 150% of the normal time allotted for that degree (e.g. six years to complete a four year bachelor’s program).
4. Have a high school diploma, GED, certificate of completion of a state approved home school program, two years of college course work which are completely transferrable to a Bachelor’s degree or have passed a federally approved Ability to Benefit test with the last twelve months.
5. Be enrolled for at least six units to qualify for federal grants, state aid, institutional aid and student loans. Certain federal grant programs are available to students enrolled in as few as three units per semester. If units are dropped during the semester, the amount of financial aid awarded is subject to change.
6. Not be currently in default on a prior student loan or owe money to a Federal Student Aid program.

Federal Aid

Pell Grant: This federal grant, based on financial need, is available only to students working toward their first Bachelor’s degree. Awards range from $602 to $5,730.

Federal Supplemental Educational Opportunity Grant (FSEOG): This $100 federal grant is for students with exceptional need. Student must have received a Pell Grant to be eligible for any FSEOG funds.

Federal Stafford Loan: This federal student loan program provides low interest loans directly from the federal government to help pay educational expenses for students who attend at least half time (six units). Loans vary in amount based upon each student’s grade level and dependency status. Students may be eligible for a Subsidized Stafford Loan, in which the government pays the interest on the loan while students are in school, and/or an Unsubsidized Stafford Loan, for which the student is responsible for paying the interest either during or after school. Repayment on Stafford Loans begins six months after a student graduates, drops below half-time or withdraws from school.

Federal PLUS Loan (Parent Loan for Undergraduate Students): This federal loan program provides loans at low interest rates to parents of eligible students (the student must still be ‘Dependent’ according to the FAFSA). There are three repayment options:

1. Immediate repayment of loan principal and interest within sixty days of the full disbursement of the loan
2. Interest only payments while the student remains in school
3. Deferment of all payments until the student graduates or drops out of school (interest accumulates and is added to the principal of the loan)
Federal Work Study (FWS): This program enables eligible students to earn a portion of their financial aid award through federally subsidized employment through WJU. Work study jobs are available both on and off campus.

Veteran’s Educational Benefits and Vocational Rehabilitation Benefits: William Jessup University is approved for coordination of both of these programs. WJU also participates fully in the new Yellow Ribbon program. Specific documentation will need to be provided by the student and it is the student’s responsibility to notify the Financial Aid Office of eligibility in either program.

State Aid

Cal Grant A: This grant, awarded by the State of California, is based on California residency, GPA and financial need. Students must submit the FAFSA and a GPA Verification Form by March 2 in order to be considered for Cal Grant. If you are home-schooled and a WASC accredited school cannot certify your high-school GPA, you can use your GED or ACT/SAT scores. The California Student Aid Commission will use your test score for Cal Grant consideration purposes. This award is worth $9,084 for the 2014-2015 school year.

Cal Grant B and Cal Grant B Access: This state grant is available only to California residents who come from low-income, disadvantaged backgrounds with high academic potential and demonstrate substantial financial need. In the first year of college, a student receives the Access portion only – $1,648 for books and living expenses. The Financial Aid Office will apply the Access portion to a student’s charges at WJU each year unless a written request is submitted to the Financial Aid Office requesting the money be disbursed directly to the student. In subsequent years, the award amount will be $10,732 – consisting of the normal Cal Grant amount plus the Access portion (disbursement policy for the Access Grant applies each year).

California Chafee Grant: This state grant of up to $5,000 is available for foster youth and former foster youth to use for career training and/or college courses. To qualify, you must be eligible (or have been eligible) for Independent Living Program (ILP) Services between your 16th and 18th birthdays and have not reached your 22nd birthday by July of the award year. More information and a supplemental application can be found on the California Student Aid Commission Chafee Grant website – www.chafee.csac.ca.gov.

Institutional Aid for students entering WJU for the first time in 2014-15

WJU offers various tuition scholarships, grants and awards to new and returning students in the traditional program only (see the School of Professional Studies section for applicable Institutional Scholarships for that program). Application information can be requested from the Financial Aid Office or viewed on our website at http://www.jessup.edu/financial-aid/undergraduate/. Note that some grants require a specific application. Application for all institutional aid must be made by the priority deadline of May 1 unless otherwise specified in the following information.

- **Students living on campus** may receive up to 100% of their tuition charges for any term from WJU Institutional Aid.
• **Commuter Students** may receive up to 50% of their tuition charges for any term from WJU Institutional Aid.

• The total of all WJU Institutional Aid awards combined with Cal Grant (excluding the subsistence portion of Cal Grant B) cannot exceed 100% of tuition charges by state law.

• All WJU Institutional Aid awards are based on one academic year of enrollment at full-time status. Amounts are split in half each semester, and students enrolled in only one semester will receive 50% of the total amount. Students enrolled less than full-time will have awards prorated accordingly based on the number of units for which they are enrolled each term.

### Academic Scholarships for First-time Freshmen

**Academic Achievement**

Given to those first-time freshmen who qualify solely under either Academic GPA **OR** SAT/ACT scores. Amount according to matrix above.

*Academic scholarships, excluding WJU Scholar awards, are renewable with a cumulative WJU GPA of 3.00.*

**First-Time Freshman Academic Scholarships** are determined by using high school transcripts submitted through the 7th semester and SAT/ACT tests taken by April 1 of senior year.

**NOTE:** FTF applicants taking advantage of applying early on in the admission application process may resubmit high school transcripts showing academic coursework through the first semester of their Senior year, as well as, submit additional SAT or ACT test results taken through test administration dates prior to April 1, also of the Senior year. In other words, if a FTF applicant has applied for admission by submitting transcripts showing academic coursework completed through the end of the Junior year, and then hopes to improve their academic GPA, thus improving their academic scholarship amount, they may resubmit, for our consideration, transcripts reflecting the first semester Senior year’s completed academic coursework. Likewise, if a student takes multiple SAT or ACT tests, they may submit additional scores of test administrations offered through April 1 of their Senior year.

For FTF students who apply for admission after April 1 of their Senior year, the recent most completed high school coursework and SAT or ACT test scores will be used and the academic scholarship amount will be finalized at the time of formal admission decision.

*Academic GPA is calculated using the academically solid, college prep courses taken from the following disciplines: English, Math, Science, Social Science and Foreign Language, at the discretion of the Director of Admission. Honors, AP and IB courses will be given extra weight.*

The above review process is not automatic and must be initiated by the student, by April 1, of their Senior year. Academic scholarship decisions, like admission decisions, are contingent upon verification of OFFICIAL transcripts.

These awards will be granted to all eligible transfer students in the traditional undergraduate program with 24 or more academic transferable semester units. Eligibility is determined at the time of acceptance and is annually renewable by maintaining a cumulative WJU GPA of 3.00.

NOTE: Transfers with less than 24 academic semester college units completed at the time of application, with a minimum college academic GPA of 3.00, will have their scholarship award determined by a combination of their high school (academic GPA and SAT/ACT) and college records, using the dollar amounts of the transfer awards.

*Academic GPA is determined by the Director of Admission at the time of formal acceptance into the traditional undergraduate program at William Jessup University. Eligibility will not be re-evaluated based on subsequent tests or coursework. If you have questions, please contact the Admissions Office at admissions@jessup.edu or 916.577.2222.

Continuing Students

Students who initially enroll at WJU and do not qualify for an Academic Scholarship can eventually qualify (or re-qualify if eligibility is lost) for an academic scholarship with sustained excellent academic achievement. A continuing student who does not already have an Academic Scholarship at WJU can, after a minimum of two semesters of full time coursework at WJU, qualify for an academic scholarship in the amount of $2,000 with a minimum qualifying WJU cumulative GPA of 3.20.

Evaluations to determine eligibility for these scholarships are based exclusively on WJU GPA, are only conducted at the end of the spring semester of each year and are only awarded for the following year. Once awarded, these academic scholarships are renewable as long as the student maintains a 3.0 cumulative WJU GPA.

NOTE: Need-based WJU Grants are susceptible to change if an academic award is earned as a continuing student.

**Institutional Aid for Continuing Students for 2014-2015**

WJU offers various tuition scholarships, grants and awards to new and returning students in the traditional program only (see the School of Professional Studies section for applicable Institutional Scholarships for that program). Application information can be requested from the Financial Aid Office or viewed on our website at [www.jessup.edu/financial-aid/undergraduate/](http://www.jessup.edu/financial-aid/undergraduate/) and select Institutional Aid | Prior Years. Note that some grants require a specific application. Application for all institutional aid must be made by the priority deadline of May 1 unless otherwise specified in the following information.

- **Students living on campus may receive up to 100% of their tuition charges for any term from WJU Institutional Aid.**
- **Commuter Students may receive up to 50% of their tuition charges for any term from WJU Institutional Aid.**
- **The total of all WJU Institutional Aid awards combined with Cal Grant (excluding the subsistence portion of Cal Grant B) cannot exceed 100% of tuition charges by state law.**
• All WJU Institutional Aid awards are based on one academic year of enrollment at full-time status. Amounts are split in half each semester, and students enrolled in only one semester will receive 50% of the total amount. Students enrolled less than full-time will have awards prorated accordingly based on the number of units for which they are enrolled each term.

Academic Scholarships: William Jessup University offers academic scholarships to entering first-time freshmen and transfer students who meet the set minimum academic criteria. These scholarships are based on the academic GPA from official transcripts calculated by the Admission Office at the time of admission to the University. A student’s college GPA will be used if the student has graduated from high school and completed at least 24 semester or 36 quarter units of academically solid college courses. Otherwise, a combination of the student’s college and high school GPA, as well as SAT/ACT scores will be used to determine the award. In this case, the transfer dollar amount will be the amount awarded.

First-time Freshman Academic Scholarships

WJU Scholar Award
The most prestigious academic scholarship at WJU, this award is offered to one first-time freshman entering the traditional undergraduate program on the basis of academic achievement, a response to an essay question and a formal interview during a special on-campus event. Applicants must have an academic GPA of 3.85 and an ACT (Composite) of 29 or SAT (Critical Reading and Math) of 1300. The supplemental application can be found online at www.jessup.edu/financial-aid/forms-resources/. This scholarship is renewable if the student maintains a 3.50 WJU GPA. Recipients are required to live on campus for at least the first two years.

These awards will be granted to all eligible transfer students in the traditional undergraduate program with 24 or more academic transferable semester units. Eligibility is determined at the time of acceptance and is annually renewable by maintaining a cumulative WJU GPA of 3.0. No separate application is required.

**NOTE:** Transfers with less than 24 academic semester college units completed at the time of application, with a minimum college academic GPA of 3.0, will have their scholarship award determined by a combination of their high school (academic GPA and SAT/ACT) and college records, using the dollar amounts of the transfer awards.

* The GPA and test score components of all academic scholarships are determined by the Director of Admission at the time of formal acceptance into the traditional undergraduate program at William Jessup University. Eligibility will not be re-evaluated based on subsequent tests or coursework. If you have questions, please contact the Admissions Office at admissions@jessup.edu or 916.577.2222.

**Continuing Students:** Students who initially enroll at WJU and do not qualify for an Academic Scholarship can eventually qualify (or re-qualify if eligibility is lost) for either the University Scholar II or Academic Dean II scholarships with sustained excellent academic achievement. A continuing student who does not already have an Academic Scholarship at WJU can, after a minimum of two semesters of full time coursework at WJU, qualify for an academic scholarship using the criteria for ‘transfer students with 24 or more transferable credits’. In addition, a student who initially enrolls at WJU and receives the University Scholarship can receive the Academic Dean scholarship in the same manner. Evaluations to determine eligibility for these scholarships are based exclusively on WJU GPA, are only conducted at the end of the spring semester of each year and are only awarded for the following year. Once awarded, these academic scholarships are renewable as long as the student maintains a 3.0 cumulative WJU GPA.

**Other Institutional Awards**

The following is a list of other institutional awards for which a student may qualify or apply. These awards are for students enrolled in the Traditional Program only. For a complete description of each award, as well
as award-specific applications, please see the Institutional Aid | Previous Years section of the Financial Aid website –www.jessup.edu/financial-aid/undergraduate/.

**Access Scholarship**: This scholarship is available to first-time freshman who have never attended college before to provide an opportunity to attend WJU for the same cost as attending any University of California campus. If a student is admitted to any UC campus, WJU will match the cost of tuition, room and board at that campus. The University of California is not affiliated with and does not endorse or support the WJU Access Scholarship.

**Athletic Scholarship**: Students competing in intercollegiate athletics may be eligible to receive an Athletic Scholarship. These awards are given at the discretion of the Athletic Director on a yearly basis and the amounts vary. Men’s sports include: basketball, cross-country, golf, soccer and track. Women’s sports include: basketball, cross-country, soccer, softball, track and volleyball.

**Church Partnership Grant**: This need-based grant is available to NEW students who, at the time of initial enrollment, are members of/actively participating in a church that financially supports William Jessup University. (CURRENT students may also apply IF the student was a member of/actively participating in a partner church at the time of initial enrollment OR the church becomes a partner while the student is currently enrolled AND the church continues to be the student’s church home.) The Church Partnership Grant Application form must be filled out by a pastor (at the supporting church) who knows the applicant well. These grants range from $1,500 - $8,000 for the school year and must be applied for each year. Funds are limited. Early application is recommended.

**Community College Grant**: This $2,000 grant is offered to new Traditional Program transfer students coming from a community college who have completed at least 24 transferrable semester units at the time of acceptance with a minimum 2.0 GPA. The grant is renewable as long as the student maintains satisfactory academic progress as defined in the WJU catalog. No application is necessary.

**Department Scholarship**: First-time freshmen and transfer students entering the Traditional Undergraduate Program who declare a major may be eligible to compete for a Department Scholarship. Candidates must be eligible for an academic scholarship and will be contacted by the Admissions Office around January 1 to answer an essay question. From the essay responses, candidates for the award will be selected to attend a special, invitation only on-campus event where a personal interview with department faculty will be conducted. The amounts for and number of recipients for each grant will be contingent upon the applicant pool.

**Diversity Grant**: This grant is competitive and based on financial need, academic achievement, and demonstrated leadership and vision through multiculturalism. To be eligible to apply, a student must be an incoming freshman or transfer and meet the eligibility requirements for an academic scholarship. Students must complete an essay response and submit the Free Application for Federal Student Aid (FAFSA) by April 1. If selected, the recipient must live on campus and be active with multicultural educational activities on campus. The amount of the grant is up to $4,000 and is renewable each year if the student maintains a cumulative WJU GPA of 3.0.
Endowed Scholarship: Based on faculty recommendation, returning students may be awarded privately funded scholarships based on criteria designated by the donors. These scholarships are awarded at the end of each academic year for the following year. No application is necessary unless noted.

Homeschool Scholarship: This competitive, $5,000 scholarship is offered to one first-time freshman that has completed all four years of high school through a homeschool program. Interested students must complete the WJU Admissions Application, be eligible to receive an academic scholarship and submit the Homeschool Scholarship Application by February 1. Candidates for the award will then be contacted and invited to a special on-campus event where a personal interview will be conducted.

Ministry Worker Grant: WJU offers this grant to traditional program students who are involved in full-time, paid ministry, or who are the unmarried dependent of someone who is involved in full-time paid ministry. Examples of full-time, paid ministry include: employees of a church, missionary organization, Christian school, parachurch or other nonprofit organization that focuses on spreading the gospel of Christ. Students must complete an essay response, submit proof of full-time paid ministry status (i.e. a letter from employer or copy of pay stub) and must have submitted the Free Application for Federal Student Aid (FAFSA). This grant is $3,000 and is renewable each year if the student provides proof of continued full-time employment in paid ministry and maintains a cumulative WJU GPA of 2.0. Applications must be submitted by May 1 for the following fall term. Students who miss the fall deadline will be allowed to apply for a Spring term award by December 1, if funds are available.

Music Grant: Students who excel in musical talent and ability may audition with the Music Department Chair for this grant. The amounts of the awards vary. This grant is renewable each year at the discretion of the Music Department.

Nehemiah Scholarships: This $1,000 scholarship is offered to students in the traditional program who are recognized by leadership of a parachurch organization (i.e. Young Life, Youth For Christ, AWANA, etc.) for Christian character, commitment to service and demonstrated leadership potential prior to coming to WJU. A Nehemiah Scholarship certificate (available at www.jessup.edu/financial-aid/forms-resources/) must be completed by the leadership of your organization. Students must apply for admission by April 1 (postmark date) and submit the signed certificate by June 1.

Sibling Grant: In an effort to recognize the commitment of a family to educate two or more children at the same time, William Jessup University has created the Sibling Grant. For each semester that two or more siblings are concurrently enrolled in the traditional program at WJU, each student shall automatically receive a $1,000 scholarship (maximum $2,000, per student, per year). As soon as one student is no longer enrolled, the scholarship no longer applies to either student.

WJU Grant: This need-based grant is determined at the discretion of the Director of Financial Aid after all other scholarships and grants are considered (prior to loans). This grant is used to assist in meeting financial need as determined by the FAFSA. If other scholarships or grants are secured by a student after the awarding of a WJU Grant, the amount of this grant may be reduced.

NOTE: All institutional aid is subject to coordination with federal, state and all other aid sources and may be reduced if required.
Policies Regarding Outside Aid

Students are encouraged to investigate other sources of financial assistance, including churches, employers, corporations, internet scholarship searches, and other organizations. Lists of available internet scholarship searches may be obtained from the Forms and Resources section of the Financial Aid (www.jessup.edu/financial-aid/forms-resources/).

Students who receive financial aid are required to report to the Financial Aid Office ALL scholarships and other resources known or expected to be available to contribute to the cost of each year of school (e.g. church assistance, scholarships received at awards ceremonies, employer assistance, etc.). Failure to report these resources may result in delay in receiving funds, cancellation of awards, or the reversal of funds already received.

Whenever possible, outside aid is simply added to the other scholarships and grants a student receives. Unless required by other federal, state or institutional policies, no other awards will be reduced.

Satisfactory Academic Progress (SAP) Policy

The standard length of the Traditional Program is 4 academic years, in which time 128 semester units must be completed. In order to be eligible for federal, state or institutional aid, ALL students (regardless of Title IV eligibility and regardless of full-time or part-time status) must maintain satisfactory academic progress (SAP) according to the University’s policy.

This policy requires a student to have a cumulative GPA of at least 2.000 at the time of SAP assessment, not have a term GPA of below 2.000 for 2 consecutive semesters and successfully complete a minimum of 66.67% (2/3) of classes in the terms which the student was enrolled each academic year. This percentage is known as the pace of completion. Completing courses at this pace ensures that every student will complete degree requirements within 150% of the standard length of the program (4 years x 150% = 6 years).

To determine the pace of completion, divide the cumulative units successfully completed by the cumulative units attempted. As long as this percentage stays at or above 66.67 % (21.33 units per academic year), a student can be assured they will complete degree requirements in the federally required time frame.

Withdrawals, incomplete courses, repeating courses, non-credit remedial courses and units transferred in from other colleges have the potential to affect the pace of completion. Withdrawals lower the number of successfully completed units. Incomplete courses not completed in a timely fashion act essentially as a withdrawal and also lower the number of successfully completed units. Repeated courses are counted as attempted each time, but only as completed one time. All situations will lower a student’s pace of completion.

Non-credit remedial courses do not count as either attempted or completed, but do have the possibility of extending the time of completion beyond the 150% timeframe and must be carefully monitored by the student to ensure the length of the program is not exceeded.
Units transferred in from other colleges may actually help the pace of completion, as these units are counted on a 1:1 ratio for units completed and units attempted. Grades from ALL transferred courses will be counted in the GPA for all students.

Traditional students will be reviewed annually for SAP compliance at the end of every Spring semester (or more frequently if deemed necessary by any member of the Financial Aid Office) - looking back on enrollment in the previous 3 terms (the most recently completed Spring, the previous Fall, and the previous Summer). Students who have not met the requirements for SAP immediately lose eligibility for all types of financial aid in the future.

Any student who loses financial aid eligibility for failing SAP does have the right to appeal to the Financial Aid Committee if extenuating circumstances have occurred such as medical problems, family emergencies, a death in the family, or other unique circumstances determined applicable by WJU.

An appeal is a request for reinstatement of financial aid eligibility and is initiated by completing the Satisfactory Academic Progress Appeal Form, available at www.jessup.edu/financial-aid/forms-resources/. The appeal must address why the student failed SAP and what has changed in the student’s situation which will allow them to successfully achieve SAP by the next evaluation period.

Financial aid eligibility may or may not be reinstated at the discretion of the Financial Aid Committee. If an appeal is granted, the student will be placed on Financial Aid Probation and financial aid eligibility will be reinstated for one semester. Specific criteria for successfully moving off Probation as well as a student-specific timeline for meeting those criteria will be outlined in a ‘Probation Granted’ letter to the student. The timeline will generally be the next semester (or defined period of enrollment), but can be extended if the Financial Aid Committee deems it appropriate to the situation. Failure to satisfy the terms of the Probation will result in immediate loss of all financial aid eligibility for subsequent semesters.

A student who fails to meet the terms of the Probation may submit a subsequent appeal for reinstatement by repeating the appeal process outlined above. Generally, after failing SAP in two successive semesters, a student may not be granted Probation again until achieving satisfactory progress without any financial aid. Exceptions will be considered on a case-by-case basis.

NOTE: It is possible for a student to fail SAP (and not be eligible for financial aid) but not be academically dismissed from the school. In this situation, a student has successfully earned the right to completely pay for school on their own. Financial Aid SAP and WJU’s Academic Probation/Dismissal policies are different. Please refer to the registrar website at www.jessup.edu/registrar/academics-policies-and-procedures/academic-standings) for specific details on Academic Probation and Academic Dismissal.
Financial Aid – School of Professional Studies  
(Undergraduate Programs)

Financial Aid in the School of Professional Studies (SPS) is structured to coincide with the flexibility a student needs to succeed. Classes begin every 5 weeks and Financial Aid is available for any student beginning at any point during each term (fall, spring, and summer).

There are typically 3 courses per term and each course is typically 3 units. Therefore a student will normally be enrolled in 9 units per term – considered ¾ time by federal standards. Students enrolled in at least 6 units per term are eligible for all types of federal, state and institutional aid, while students enrolled in less than 6 units per term are only eligible for a Federal Pell Grant (if they qualify).

Financial aid deadlines in the SPS program depend on the anticipated start date of each student. A student is required to have a valid FAFSA submitted before registration, or else full payment will be due at registration. For specific deadlines, please contact the Financial Aid Office (916.577.2233 or finaid@jessup.edu) or your individual financial aid counselor.

All students in the SPS program are awarded based on an estimate of the number of enrolled units per term. Having a course requirement waived, skipping a course, failing a course, or adding/dropping a course may have substantial impact on aid eligibility. Please see your financial aid counselor immediately if any of the above apply to you.

To be considered for the Cal Grant (see below), a FAFSA and a GPA Verification Form need to be submitted by March 2 for Fall enrollment or September 2 for Spring enrollment.

**Application Procedures and Deadlines**

1. Complete the FAFSA at [www.fafsa.gov](http://www.fafsa.gov). WJU’s school code is 001281.
2. An electronic Student Aid Report (e-SAR) will be emailed to you in the next few days (check your junk mail!). The e-SAR is a report of all the information you reported on the FAFSA and provides you with your Estimated Family Contribution (EFC). When you receive your e-SAR, check for any corrections that need to be made. Your FAFSA information is sent electronically to WJU.
3. You may receive a letter from the Financial Aid Office requesting additional documents for a process known as **verification**. Some students will be selected by the Department of Education to have their FAFSA information double-checked for accuracy by the Financial Aid Office.
4. Complete all admissions requirements. You must be granted admission before you can receive an official Financial Aid Offer.
5. You can expect to receive a Financial Aid Offer Letter within 2-3 weeks of being accepted and completing the verification process (if applicable). Review the letter, accept the aid you would like to receive, sign the letter and return a copy to the Financial Aid Office.
6. If you indicate you will be taking out a student loan, you will need to complete a Master Promissory Note (MPN) and Entrance Counseling. These can all be done online under the Loans section of the Financial Aid website. If a parent is interested in taking out a Parent PLUS loan, please speak with your financial aid counselor.
The Financial Aid Section of the WJU website (www.jessup.edu/financial-aid/school-of-professional-studies/) is full of additional information which you may find helpful in your journey. Please feel free to reference it at any time. If you have any further questions, please do not hesitate to email us at finaid@jessup.edu or call at 916.577.2233.

In order to qualify for federal and state aid programs, an eligible student must:

2. Be enrolled as a regular student in a degree program. The student must complete requirements for a degree within 150% of the normal time allotted for that degree (e.g. six years to complete a four year bachelor’s program).
3. Have a high school diploma, GED, certificate of completion of a state approved home school program, two years of college course work which are completely transferrable to a Bachelor’s degree or have passed a federally approved Ability to Benefit test with the last twelve months.
4. Be enrolled for at least six units to qualify for state aid and student loans. The student must be enrolled for at least three units to qualify for federal grants and institutional aid. If units are dropped during the semester, the amount of financial aid awarded is subject to change.
5. Not be currently in default on a prior student loan or owe money to a Federal Student Aid program.

**Federal Aid**

To apply for federal and state aid programs, students must submit the Free Application for Federal Student Aid (FAFSA). These programs are:

**Pell Grant**: This federal grant, based on financial need, is available only to students working toward their first Bachelor’s degree. Awards range from $602 to $5,730.

**Federal Supplemental Educational Opportunity Grant (FSEOG)**: This $100 federal grant is for students with exceptional need. Student must have received a Pell Grant to be eligible for any FSEOG funds.

**Federal Stafford Loan**: This federal student loan program provides low interest loans directly from the federal government to help pay educational expenses for students who attend at least half time (six units). Loans vary in amount based upon each student’s grade level and dependency status. Students may be eligible for a Subsidized Stafford Loan, in which the government pays the interest on the loan while students are in school, and/or an Unsubsidized Stafford Loan, for which the student is responsible for paying the interest either during or after school. Repayment on Stafford Loans begins six months after a student graduates, drops below half-time or withdraws from school.

**Federal PLUS Loan (Parent Loan for Undergraduate Students)**: This federal loan program provides loans at low interest rates to parents of eligible students (the student must still be ‘Dependent’ according to the FAFSA). There are three repayment options:

1. Immediate repayment of loan principal and interest within sixty days of the full disbursement of the loan
2. Interest only payments while the student remains in school
3. Deferment of all payments until the student graduates or drops out of school (interest accumulates and is added to the principal of the loan)
Federal Work Study (FWS): This program enables eligible students to earn a portion of their financial aid award through federally subsidized employment through WJU. Work study jobs are available only for students enrolled at the San Jose campus. Interested students should check with the San Jose Site Director for open positions.

Veteran’s Educational Benefits and Vocational Rehabilitation Benefits: William Jessup University is approved for coordination of both of these programs. WJU also participates fully in the new Yellow Ribbon program. Specific documentation will need to be provided by the student and it is the student’s responsibility to notify the Financial Aid Office of eligibility in either program.

State Aid
Cal Grant A: This grant, awarded by the State of California, is based on California residency, GPA and financial need. Students must submit the FAFSA and a GPA Verification Form by March 2 in order to be considered for Cal Grant. If you are home-schooled and a WASC accredited school cannot certify your high-school GPA, you can use your GED or ACT/SAT scores. The California Student Aid Commission will use your test score for Cal Grant consideration purposes. This award is worth $9,084 for 14-15.

Cal Grant B and Cal Grant B Access: This state grant is available only to California residents who come from low-income, disadvantaged backgrounds with high academic potential and demonstrate substantial financial need. In the first year of college, a student receives the Access portion only – $1,648 for books and living expenses. The Financial Aid Office will apply the Access portion to a student’s charges at WJU each year unless a written request is submitted to the Financial Aid Office requesting the money be disbursed directly to the student. In subsequent years, the award amount will be $10,732 – consisting of the normal Cal Grant amount plus the Access portion (disbursement policy for the Access Grant applies each year).

California Chafee Grant: This state grant of up to $5,000 is available for foster youth and former foster youth to use for career training and/or college courses. To qualify, you must be eligible (or have been eligible) for Independent Living Program (ILP) Services between your 16th and 18th birthdays and have not reached your 22nd birthday by July of the award year. More information and a supplemental application can be found on the California Student Aid Commission Chafee Grant website – www.chafee.csac.ca.gov.

Policies Regarding Outside Aid

Students are encouraged to investigate other sources of financial assistance, including churches, employers, corporations, Internet scholarship searches and other organizations. Lists of available internet scholarship searches may be obtained from the Financial Aid section of the WJU website (www.jessup.edu/financial-aid/school-of-professional-studies/).

Students who receive financial aid are required to report to the Financial Aid Office ALL scholarships and other resources known or expected to be available to contribute to the cost of each year of school (e.g. church assistance, scholarships received at awards ceremonies, employer assistance, etc.). Failure to report these resources may result in delay in receiving funds, cancellation of awards, or the reversal of funds already received.

Whenever possible, Outside Aid is simply added to the other scholarships and grants a student receives. Unless required by other federal, state or institutional policies, no other awards will be reduced.

All institutional aid is subject to coordination with federal, state, and all other aid sources. Availability of all aid is subject to federal, state, institutional, and private funding.

Satisfactory Academic Progress (SAP) Policy

Course Descriptions

Course Numbering System

000-099
Developmental courses designed to prepare a student for college-level work and do not count towards graduation

100-299
Lower division courses designed primarily for freshmen and sophomore

300-499
Upper division courses designed primarily for juniors and seniors

500-699
Graduate level courses designed primarily for graduates who desire a teaching credential

1000-1999
Continuing Education Units do not apply toward college units or a degree program

In general, the first digit of the course number indicates the year level at which it is recommended that the course be taken (1=freshman, 2=sophomore, 3=junior, 4=senior, 5=post-baccalaureate, 0=remedial). Lower division courses are to be completed before upper division courses may be taken.

Explanation of Course Notation
The course number is followed by the semester hours of credit earned upon successful completion of the course. The title of the course is listed below the course number. Special studies courses numbered 199, 299, 399, and 499 are offered if needed and if a professor is available. A ✎ denotes a writing intensive course.
AEROSPACE STUDIES (AERO)

All courses held at California State University, Sacramento. See page 81 for more information.

AERO1A. Foundations of the Air Force I (1)
Orientation to the Air Force and Air Force ROTC. Students will gain an understanding of the benefits of AFROTC membership, the Air Force’s organizational structure and its installations, jobs and careers available in the Air Force, the American way of war, and benefits of Air Force membership. Students will be required to complete an oral and written project.

AERO1B. Foundations of the Air Force II (1)
Complete students’ orientation to the Air Force. Specific topics include team building, introduction to leadership, communication skills, Air Force core values, diversity and harassment, and the Oath of Office. An oral and written project is required.

AERO21A. The Evolution of USAF Air and Space Power I (1)
Overview of the history of American air power from the Wright brothers to the beginning of the Cold War. Key leaders and milestones will be discussed. Communication skills will be emphasized and will include public speaking, writing, and class participation.

AERO21B. The Evolution of USAF Air and Space Power II (1)
Overview of the history of American air power from Vietnam to today’s modern Air Force. Key leaders and milestones will be discussed. Communication skills will be emphasized and will include public speaking, writing, and class participation.

AERO99. Special Problems (1-4)
Enrollment Comments: Open only to students who appear competent to complete assigned work and who meet prerequisites established by the Department of Aerospace Studies. Approval in writing by the department chair required.
Academic study and evaluation in specified topics associated with aerospace development, technology, and doctrine.

AERO135A. Leadership and Management I (3)
Survey of selected concepts, principles, and theories on leadership, followership, management, delegation, mentoring and responsibility. Students will be given the opportunity to improve speaking and writing skills.

AERO135B. Leadership and Management II (3)
Survey of selected concepts, principles, and theories on team building, speaking and writing effectively, listening, feedback, performance evaluations, ethics, character, and officership. Students will be given the opportunity to improve speaking and writing skills.

AERO145A. National Security Affairs (3)
Provides an overview of the role of military in our national security policy and processes. It includes an analysis of the roles of the three branches of government as they relate to national security, an examination of the doctrine and organization of the Air Force as well as other branches of the military, an overview of
military ethics, and a discussion of global current events which impact our national security. Students will be expected to participate in class discussions and complete a written and oral presentation.

**AERO145B. Preparation for Active Duty (3)**
Presentation of critical issues facing today’s military professionals. A wide variety of topics are discussed including the military legal system, the laws of armed conflict, security issues, personal finance, professional/unprofessional relationships, information warfare, and issues pertinent to the first assignment after commissioning into the Air Force. Students will be expected to participate in class discussions and complete a written and oral presentation.

**AERO199. Special Problems (1-4)**
*Enrollment Comments:* Open only to those students who appear competent to complete assigned work and who meet prerequisites established by the Department of Aerospace Studies. Approval in writing by the department chair required.
Academic study and evaluation in specific topics associated with aerospace development, technology, and doctrine.

**ARCHAEOLOGY (ARCH)**

**ARCH100. Introduction to Archaeology (3)**
*Prerequisite: ENGL101B*
An introduction to the study of archeology and an overview of the discipline.

**ARCH109XL. Biblical Archaeology (3)**
Biblical archaeology is the study of the material remains of past cultures and societies from Italy to Iran that provide the historical and cultural context for what is written in the Bible. We will examine theories of archaeology, methods, and techniques for investigating, reconstructing, interpreting, preserving, and ultimately, learning from the past. We will look both at the impressive artifacts of kings and the simple objects of everyday life found in villages. Discussions will also focus on the major archaeological finds from the Bronze Age through the first century A.D. relating to biblical history and literature.

**ARCH210. Archaeology of the Hebrew Bible (3)**
*Prerequisite: BIBL101; ENGL101B; HIST221 and HIST222 or HIST231 and HIST232*
An investigation of the major archaeological finds and primary sources relevant for understanding the Old Testament.

**ARCH220. Archaeology of the New Testament (3)**
*Prerequisite: BIBL101; ENGL101B; HIST221 and HIST222 or HIST231 and HIST232*
An investigation of the major archaeological finds and primary sources relevant for understanding the New Testament.

**ARCH475. Bible and Field Archaeology (3)**
*Prerequisite: BIBL101 preferred*
*Course Fee: All costs for trip are to be paid by the student in addition to normal university tuition fees.*
This course will introduce students to the basic principles, techniques, and theories of archaeology of the southern Levant as they participate in a field school in Israel for four weeks in June.
BIBLE (BIBL)

Establishes the foundational strands, evident throughout Scripture, of God’s revelation of His character and plans and of His view of human nature. This introduction to the literature of the Old Testament and the history of the Jewish people through the post-Exilic period will emphasize the relevance of the revelation for today.

A survey of the New Testament from Matthew through Revelation. The course will open up an understanding of the person of Jesus, his teaching and ministry, including his final days, death and resurrection. The course surveys the historical background, content and theology of each book, and integrates the background and message of each book with the rest of the New Testament.

BIBL201. Bible Survey (3)
Enrollment Comments: Not for traditional undergraduate majors
This course introduces the student to the literary genres, historical background, cultural settings and major theological themes of the Bible through a survey and overview approach.

BIBL215. Introduction to Biblical Languages (3)
This class introduces the biblical languages and the tools that are available to research in the original languages.

BIBL224. Origin and Transmission of the Bible (3)
Prerequisite: BIBL249 or BIBL349
A detailed examination of the process by which the Bible came into existence and was transmitted through history to the present day. The course includes discussions of inspiration, canon, manuscript evidence, textual criticism, and translation, as well as application of these topics to ministry.

BIBL249. The Art of Interpretation (3)
Prerequisite: ENGL101A
This course explores the different genres of biblical literature and the various methods of studying them to prepare students to understand and explore God’s Word for themselves and classes. Not available to BIBL, FCM, ICS, PMIN, or YMIN majors. Also, may not be taken concurrently with BIBL349 or if BIBL349 was previously successfully completed.

BIBL349. Hermeneutics (3)
Prerequisite: BIBL101; BIBL104; ENGL101A
A study of the principles whereby we understand, explain, apply, and live God’s word. Provides an understanding of how the Bible came to be and introduces the basic principles and skills required to interpret it accurately. The emphasis will be on the understanding and application of scripture to today’s world. This class is a prerequisite for all upper-division Bible and Theology classes.
BIBL350. New Testament Exposition (3)

Prerequisite: BIBL249 or BIBL349

This is a course of study about the exegesis and exposition of the epistles of the New Testament. A method of both researching epistolary texts and communicating them expositionally in contemporary venues will be explored and implemented. Attention will also be paid to the place of prayer and the practice of the principles of spiritual authority in the character development of the expositor.

BIBL399. Special Topics (4)

Prerequisite: BIBL101 and BIBL102 recommended

A study of the practices and everyday life in the ancient Near East and first century world that illumine and explain the Hebrew Bible and New Testament.

BIBL498. Bible Capstone (3)

The Capstone experience for the Bible/Theology major includes this course which is designed to help the student synthesize and integrate all that has been learned up to this point in his or her educational journey. The class leads the student through developing a major thesis based in exegesis of Scripture, peer-presentations throughout the course, discussions, research and writing leading to a final project presented and defended before the faculty and fellow students.

Biblical Languages (BLG)

BLG215a and b. Greek I and II (3)

BLG225a and b. Hebrew Language and Literature I and II (3)

A basic introduction to biblical Hebrew designed to introduce the basics of vocabulary and grammar as prerequisites for translating the Old Testament. The courses will highlight the contribution language study makes to understanding the richness of the Old Testament.

BLG316. Greek III (3)

Prerequisite: BLG215a and b with a grade of C or higher or consent of instructor

An intermediate study of Koine Greek grammar and syntax through the translation of selections from the Greek New Testament.

BLG317. Greek IV (3)

Prerequisite: BLG316 with a grade of C or higher or consent of instructor

Applies the skills from introductory and intermediate Greek as well as biblical interpretation to the detailed exegesis of a specific New Testament text. Includes principles of New Testament textual criticism and the use of various Greek language tools.

BLG318. Greek V (3)

Prerequisite: Consent of instructor
Reading of selected Greek texts from the Septuagint, the New Testament, and Patristic sources, with attention to textual and exegetical issues.

**Biology (BIOL)**

**BIOL 100. General Biology (3)**

*Enrollment Comments: A complementary lab component (BIOL100L) is offered but not required. BIOL100 meets general education science requirements but does not fulfill the lower division lab course requirement for the biology major.*

Offers an introduction to core topics in life sciences including scientific method, cell biology and reproduction, basic genetics, evolution, biology of plants and animals, and the study of ecosystems.

**BIOL 100L. General Biology Lab (1)**

*Course Fee: $100*

*Enrollment Comments: Must be taken concurrently with BIOL100.*

Laboratory exercises provide students with hands on applications of principles discussed in lecture.

**BIOL 101. Principles of Biology I: Cellular and Molecular Biology and Genetics (4)**

*Prerequisite: AP science courses, general science courses, and/or equivalent*

*Enrollment Comments: Must be taken concurrently with BIOL101L. Field trips may be required. Course is intended for science majors.*

Introduces biological principles that underlie the cellular basis of life. Course topics include biomolecules, cell structure and function, cellular energetics, molecular conveyance of information, cell division, reproduction, development, and genetic inheritance. Students will learn and apply scientific skills, approaches, and strategies to solve problems and to interpret observations in both lecture and lab.

**BIOL 101L. Principles of Biology I Lab (1)**

*Course Fee: $100*

*Enrollment Comments: Must be taken concurrently with BIOL101.*

Laboratory exercises provide students with hands on applications of principles discussed in lecture.

**BIOL 102. Principles of Biology II: Ecology, Speciation, and Biodiversity (5)**

*Prerequisite: BIOL101*

*Course Fee: $100*

*Enrollment Comments: Field trips may be required. Course includes mandatory lab component and is intended for science majors.*

Introduces principles underlying the diversity and interconnectedness of living organisms. The course includes a survey of plant and animal phyla, examines the genealogical relationship between living organisms, and explores the processes that shape biodiversity. The course also covers general principles of ecology, including population dynamics, and properties that define the major ecosystems.

**BIOL 127. Introduction to Environmental Studies (5)**

*Prerequisite: Eligibility for college level English course*

*Enrollment Comments: This course helps satisfy the general education science requirement.*
Interdisciplinary study of the relationships between people and their environment. The use of natural resources, environmental degradation, and human population are examined from ecological, social, and religious perspectives. The goal of this course is to provide students with an understanding of the major environmental issues, how these issues affect their world and lives, how these issues apply to Christians, and how they can contribute to the solution.

Prerequisite: Eligibility for college level English course

Enrollment Comments: This course helps satisfy the general education science requirement as well as lower division coursework for the biology major. Health and Environment course concentration.

Addresses the fundamentals of human nutrition with emphasis on the body’s utilization of food nutrients and disease processes associated with malnutrition. The course includes defining strategies to empower student to reach their personal health and fitness goals. While appropriate for non-science majors, this course is recommended for students interested in the scientific approach to the study of nutrition.

BIOL166. Human Development (3)

Prerequisite: Eligibility for college level English course

Enrollment Comments: This course helps satisfy the general education science requirement as well as lower division coursework for the biology major. Health and Environment course concentration.

Explores the biological, social, and cultural influences in the psychological growth and physical development of humans from infancy to late adulthood. The course emphasizes the normative patterns that characterize specific stages of development.

BIOL176. Origins—An Intersection of Faith and Science (3)

Prerequisite: Eligibility for college level English course

Enrollment Comments: This course is required for the biology major and also satisfies general education requirements as a Bible elective.

Evaluates the scientific evidence for a creator and discusses numerous models of creation from a biblical, theological, and scientific perspective. The course will include in-depth analysis of the creation account in Genesis, considering historical and cultural settings, important theological concepts, and how various interpretive viewpoints have contributed to current conceptual frameworks of creation. The course will also examine the scientific data in support of each of the frameworks or models of creation.

BIOL225. Human Anatomy (3)

Prerequisite: Eligibility for college level English course

Enrollment Comments: Must be taken concurrently with BIOL225L. Course includes a mandatory lab component. This course is designed especially for health science majors interested in careers in medicine, dentistry, nursing, occupational and physical therapy, medical laboratory, and physical education.

Examines structure, relationships among structures, and histology of the human body through a rigorous study of human anatomy.

BIOL225L. Human Anatomy Lab (1)

Fee: $100

Enrollment Comments: Must be taken concurrently with BIOL225.
Laboratory exercises provide students with hands-on applications of principles discussed in lecture. Cadavers and/or animal organ systems are utilized in the laboratory.

**BIOL246. Human Physiology (4)**  
*Prerequisite:* BIOL101; BIOL225; CHEM105 or AP Chemistry, or the equivalent; eligibility for college level English course; consent of instructor may override prerequisite requirements  
*Enrollment Comments:* Must be taken concurrently with BIOL246L. This course is recommended for students interested in nursing, physical education, physical and occupational therapy, psychology, dentistry, and allied health careers.  
Explores the function, regulation, and homeostasis of systems in the human body. Experiments on nonliving systems, blood and circulation, muscle, nervous system and sense organs, ion balance and fluid environment, endocrines, respiration, and digestion.

**BIOL246L. Human Physiology Lab (1)**  
*Prerequisite:* BIOL101L; BIOL225L; CHEM105L or AP Chemistry, or the equivalent  
*Fee:* $100  
*Enrollment Comments:* Must be taken concurrently with BIOL246.  
Laboratory exercises provide students with hands-on applications of principles discussed in lecture.

**BIOL336. General Microbiology (3)**  
*Prerequisite:* BIOL101; CHEM105 or CHEM110  
*Enrollment Comments:* Must be taken concurrently with BIOL336L. This course is designed for students requiring microbiology for professional schools.  
Surveys a diverse spectrum of microorganisms, particularly bacteria and viruses, and emphasizes the interaction of microbes with humans and their role in disease. Topics include microscopy, the immune system, food microbiology, microbial pathogens, and mechanisms of disease transmission.

**BIOL336L. General Microbiology Lab (1)**  
*Prerequisite:* BIOL101L; CHEM105L or CHEM110L  
*Fee:* $100  
*Enrollment Comments:* Must be taken concurrently with BIOL336.  
Laboratory exercises provide students with hands-on applications of principles discussed in lecture. Laboratory work includes aseptic techniques, methods of cultivating and identifying bacteria, and demonstration of microbial properties.

**BIOL338. Principles and Methods of Biochemistry (3)**  
*Prerequisite:* CHEM205 or CHEM210  
*Enrollment Comments:* Must be taken concurrently with BIOL338L. This course is highly recommended for students interested in medicine, graduate studies in biomedical research, or careers in biotechnology. Incorporates discussions on water and biological buffers, thermodynamics of metabolism, structure and function of biomolecules, enzyme kinetics and function, and membrane biology with modern laboratory methods for the separation, purification, identification and biological evaluation of organic compounds.

**BIOL338L. Principles and Methods of Biochemistry Lab (1)**  
*Prerequisite:* CHEM205L or CHEM210L
Fee: $150

Enrollment Comments: Must be taken concurrently with BIOL338

Laboratory exercises provide students with hands-on applications of principles discussed in lecture.

BIOL341. Genes and Gene Expression (4)
Prerequisite: BIOL 101; CHEM106 or CHEM 205 or CHEM210 or equivalent

Enrollment Comments: Course is required for biology majors

Evaluates nucleic acid structure and function; chromosomal structure, gene structure, expression, and regulation; replication; transcription and translation; transmission genetics, and transgenics.

BIOL346. Systemic Physiology (4)
Prerequisite: BIOL101; BIOL246; CHEM105 or CHEM110 or equivalent

Examines the functions of major organ systems of mammals, including man with an emphasis on underlying cellular, biochemical, and bio-physical mechanisms. Structure of organ systems are described as a basis for understanding function.

BIOL361. Nutrition and Metabolism (4)
Prerequisite: BIOL161; CHEM205 or CHEM210; BIOL246 or BIOL346 highly recommended

Introduces the biochemical and physiological bases of metabolism of protein, fat and carbohydrate; the biological role of vitamins and minerals; nutrient requirements during the life cycle; assessment of dietary intake and nutritional status.

BIOL369. Environmental Contaminants and Human Health (3)
Prerequisite: BIOL101; BIOL102; CHEM106 or CHEM205 or CHEM210

Covers select topics concerning environmental toxicants, illustrating their occurrence, structure, and the reactions underlying detection, toxicity, fate, and ecological importance with emphasis on the impact on human health and contribution to disease.

BIOL446. Reproductive Physiology (3)
Prerequisite: BIOL101; CHEM105 or CHEM110; BIOL246 or BIOL346 highly recommended

Systematically advances through the processes of human reproduction, from pubescence and gametogenesis to gamete transport and fertilization, from early embryogenesis to parturition and post-natal development. Course topics include methods and mechanisms of contraception, infertility and assisted reproduction, reproductive developmental disorders, and complications with pregnancy.

BIOL468. Ecology and Evolution of Human Disease (3)
Prerequisite: BIOL101; BIOL102; BIOL336 (can be taken concurrently)

Covers select topics in the natural history of infectious diseases principally affecting humans. Course introduces students to the ecology, epidemiology, and modes of disease induction of infectious microbial agents. Course focuses on diseases of a contemporary nature.

BIOL475. Biology Internship (3)

Senior year program of activity in a life science or health science field; involves field supervision and a faculty advisor. Interns will complete a regimen of assigned tasks and written reports.
BIOL 478. Bioethics (3)
**Prerequisite:** Senior standing. Must have completed all lower division and most upper division courses in biology and supportive physical science.
A capstone course for Biology students in their senior year, Bioethics requires the integration of principles studied in the first through third year curriculum in the critical analysis of ethical issues raised by contemporary medicine and biology. Possible topics include euthanasia, abortion, reproductive technologies, genetic engineering, cloning, practitioner/patient relationships, allocation of medical resources, and experimentation on human subjects. Emphasis is on Christian perspectives and well-reasoned application of biblical principles.

BIOL 488. Neurophysiology (3)
**Prerequisite:** BIOL 101; BIOL 246 or BIOL 346; SCI 220 strongly recommended
Reveals the underpinnings of the function of brains and nervous systems, neurons and neural circuits. Course topics include cellular mechanisms of sensory and motor transduction, cell biology of learning and memory, and extraction of vision and hearing, with emphasis on fundamental physical-chemical and biological mechanisms of cell-to-cell communication.

BIOL 492. Senior Seminar: Health, Current Issues, and Medical Trends (3)
**Prerequisite:** Upper division standing; consent of instructor
Seminar includes select topics in human health with emphasis on most recent advances and discoveries in medicine. Biology students, together with faculty, will review, present, and discuss high profile peer-reviewed journal articles.

**BUSINESS (BUS)**

BUS 140. Management and Organizational Behavior (3)
A study of the major topics in management and organizational behavior by surveying theories and practices relating to managerial roles, organizational cultures, fundamental strategic issues, planning, team building, communication, motivation, leadership, decision-making, control, structure and change.

BUS 190. Business Statistics (3)
An overview of the theory and business application of statistical concepts including: collection and presentation of data; measure of central values and spread; probability as a measure of uncertainty; sampling and sampling distribution of the sample average estimation via confidence intervals; hypothesis testing; regression and correlation.

BUS 210. Management Information Systems (3)
An overview of computer hardware, software concepts, operating system functions, strategic and managerial issues involved in the design, implementation, and maintenance of information systems.

BUS 240. Macroeconomics (3)
An analysis of economic aggregates such as total output of goods and services produced by society and the level of prices. Other issues such as total unemployment, inflation, and the rate of economic growth will be reviewed.

BUS241. Microeconomics (3)
An analysis of household and firm behavior as the foundations of supply and demand. Allocation of resources and distribution of income as affected by the workings of the price system and by government policies.

BUS243. Financial and Budget Management (for non-business majors) (3)
This is an introductory course exploring the financial operations of an organization, either for profit or nonprofit, for non-business majors. Upon the successful completion of this course, learners will have a basic financial understanding of how to more effectively operate an organization. Topics include the business environment (business cycle with major macro/micro economic concepts), organizational structure and governance, forecasting-planning-controlling-decision making, best budgeting practices and principles, business strategy formation and analysis, the fundamentals of finance (debt/equity/leasing alternatives-time value of money), accounting essentials for non-business majors, tax considerations and strategies, and personal money management principles.

BUS245. Financial Accounting (3)
An overview of accounting from the perspective of a non-accounting manager, including the tools to understand the essentials of how accounting functions within an organization. Specific topics include internal controls, the function of accounting, historical accounting data, financial planning, accounting postulates and principles, application of accounting theory to accumulate and summarize financial data, and interpretation of financial statements.

BUS246. Managerial Accounting (3)
Prerequisite: BUS245 recommended
Uses of accounting data for managerial decision-making. Topics include cost accumulation for product costing, cost structure for control and motivation, cost-volume-profit relationships, profit planning, standard costing, flexible budgets, and relevant costs for non-routing decisions.

BUS260. Legal Implications for Business (3)
A general explanation of the law including its sources, development, and terminology. Specific legal doctrines and principles that affect business including an introduction to contracts, legal documents, and property are covered. Business organizations such as corporations and partnerships are described.

BUS302. Organizational Communication (3)
An introduction to the concepts of effective communication. It will enhance communication in building teams and in other organizational settings and addresses important interpersonal exchange issues, such as conflict resolution. This is a writing intensive course and has the WPA imbedded.

BUS320. Marketing (3)
A general explanation of the analysis of marketing opportunities; planning of marketing programs with emphasis on product, price, promotion and distribution; control of the marketing effort; social and ethical responsibilities of marketing.

BUS323. Marketing the Nonprofit (3)

Prerequisite: BUS320
Understanding the principles of marketing as applied to the nonprofit sector. Examine and evaluate the unique marketing strategies for social service organizations, foundations and other nonprofit organizations.

BUS342. Financial Management (3)

Prerequisite: BUS245
An overview of the financial principles and accepted practices which need to be mastered by all managers including banking, money, credit, financial instruments, investments, financial planning, internal and external auditing, profit, stocks, bonds, and other financial forms will be examined.

BUS343. Intermediate Accounting I (3)

Prerequisite: BUS245 or BUS246
This course is an intensive study of accounting theory and principles, control and theory of accounting for assets; correction of prior year’s earnings; measurement and determination of income. Projects involving spreadsheet software required.

BUS344. Intermediate Accounting II (3)

Prerequisite: BUS245 or BUS246
The course continues the study from Intermediated Accounting I covering principles, controls, and theory of accounting for liabilities and equities; preparation, utilization, and analysis of cash flow and fund statements; financial ratios and statistical analysis of financial statements accounting data. Projects involving spreadsheet software required.

BUS345. Cost Accounting (3)

Prerequisite: BUS245 or BUS246
This course explores managerial accounting concepts used in planning and controlling operations, determining cost of production, inventory control and evaluation, budgeting, and long-range planning. Emphasis is placed on cost determination, cost accumulation, cost allocation, cost-volume-profit relationships, standard costs, variances analysis and reporting, and the relationship between controlling costs and controlling operations.

BUS347. Real Estate Finance (3)

Prerequisite: BUS342
Focus on the concepts and tools used by real estate developers, investors, lenders, and government to analyze real estate developments. Students will understand financing techniques, sources of real estate credit, loan underwriting and investment analysis. Microcomputers are used to analyze the cash flow and amortization characteristics of fixed-rate, variable-rate, and graduated-payment mortgages.

BUS372. International Business (3)
A study of management functions and practices in an international context; comparison of management and business practices from various political and cultural perspectives; emphasis on what managers need to be aware of in order to perform in the international environment.

**BUS373. Nonprofit Management (3)**

This course provides students with an overview of the unique management implications of the nonprofit sector. It examines the roles of the executive director, the board, staff, fund-raisers and volunteers. Students will cover the major business functions and how they apply to the unique nature of nonprofits and discuss current trends in the management of these organizations.

**BUS381. Operations Management (3)**

*Prerequisite: BUS190*

An overview of the processes that transform inputs into finished goods and services; helps students understand the importance of operations management and how it interacts with other parts of the organization; develops skills in applying appropriate analytical tools to business operations challenges.

**BUS382. Human Resource Management (3)**

A study of the theories and practices of human resource management; strategies to secure, develop and maintain a productive workforce; job analysis, work design, HR planning, recruitment, selection, training, evaluation, compensation and benefits, EEO, OSHA, labor relations, employee rights and discipline.

**BUS383. Total Quality Management (3)**

*Prerequisite: BUS190*

An introduction to quality management principles and the implementation of quality into an organization. Specific topics include continuous improvement, statistical process control, quality philosophies, quality awards, quality certification and design.

**BUS385. Project Management (3)**

*Prerequisite: BUS210*

An overview of project management from both strategic and operational points of view. Quantitative methods include project planning, budgeting, evaluation, selection, scheduling and control. Project management software will be used to illustrate the concepts. Qualitative methods include project organization structure, staffing and team building. The role and responsibilities of the project manager will be discussed.

**BUS388. Entrepreneurship (3)**

This course provides an insight into the characteristics of entrepreneurs and examines the growth of entrepreneurship. Students will apply the methods used to create, identify and evaluate opportunities for new ventures and the skills that are needed to start and manage new ventures. Students will develop a preliminary business plan including problems and factors involved in launching and operating small profit and nonprofit organizations. Emphasizes entrepreneur characteristics sought by venture capitalists and investors, role of the business plan and evolutionary stages of start-up activity.

**BUS420. Marketing Communication (3)**
Evaluate the major forms of marketing communications channels. Topics address advertising, sales, e-commerce, public relations, integrating promotional ethics.

**BUS421. International Marketing (3)**
*Prerequisite: BUS320; BUS372*
Focus on the business of global marketing. Focus will include the major economic, technological, industrial, political and demographic forces affecting international trade integrated with the marketing management functions.

**BUS441. Auditing (3)**
*Prerequisite: BUS343; BUS344*
This course is a survey of topics in auditing as a control activity in society. A variety of opportunities in the auditing profession will be covered including external auditing, internal auditing, compliance auditing, and operational auditing as well as fraud examinations. Some specific topics include evidence and documentation, professional ethics, auditing computer systems, statistical sampling, and internal controls. The basic approach to planning an audit is discussed as are the audit objectives and procedures applied to the elements in a financial statement.

**BUS442. Federal Tax I (3)**
*Prerequisite: BUS245 or BUS246 or BUS342*
This course is an introductory course in taxation with emphasis on certain themes that pervade the federal income tax system and their impact on business. Federal taxation concepts are used in effective decision making. Students will develop a working knowledge of the concepts of gross income, deductions, tax rates, and property transactions as they pertain to individuals and proficiency in the application of tax concepts as they pertain to taxpayers.

**BUS443. Federal Tax II (3)**
*Prerequisite: BUS245 or BUS246 or BUS342*
This course explores the regulatory structure of the current federal tax code pertaining to business in the United States. The course will examine effective tax practices and planning strategies for U.S. corporations, partnerships, and estates and trusts. Students will also gain a fundamental working knowledge of the content and preparation of required tax documents and filings via federal tax law. This course is designed for those concentrating in accounting but is suitable for business majors interested in business tax preparation and planning.

**BUS475. Business Internship (2)**
A directed educational experience with a business, nonprofit organization, or church. It involves supervision by a manager of the business and a faculty advisor as the business intern applies business principles in a practical environment.

**BUS492. Marketing Research (3)**
*Prerequisite: BUS190; BUS320*
This course is a practical application of contemporary methods for gathering, analyzing, and developing market research for use in business decision making. Research methodology includes specific topic areas as the research process, primary and secondary data, qualitative and quantitative research methods, statistical
analysis, and utilization of technology. Questionnaire and experimental design, attitude measurement, sampling and data analysis are emphasized along with applications to marketing decision-making.

**BUS495. Investment Analysis (3)**
*Prerequisite: BUS342*
Procedures and tools necessary to evaluate investment variables, determine value and analyze risk/return characteristics of equity, fixed income securities, and alternative individual investments. Emphasizes responsible decisions and provides background for portfolio analysis.

**BUS498. Strategic Management (3)**
*Prerequisite: BUS320; BUS342; BUS381*
Integrative capstone seminar analyzing interrelationships of managerial decisions/actions within and between the firm and its environment. Applies multi-disciplinary techniques to diagnose and recommend actions appropriate to specific company situations, using case method.

**BUSINESS ADMINISTRATION (BUS) COURSE NUMBER CHANGE EFFECTIVE SPRING 2015**

**BUSA140. Management and Organizational Behavior (3)**
Introduces the four parts of managing organizations; planning, organizing, leading and controlling within the context of how organizational goals, priorities and strategies interface with the behavior of individuals and groups inside the organization and in other affecting organizations. Attention is given to the effect of organizational culture, organizational development and creating effective work groups. Formerly MGMT340XL.

**BUSA242. Economics for Managers (3)**
An overview of economics from the perspective of management with a special focus on microeconomic concepts applied in specific case studies. This course will include an accelerated review of supply, demand, price, production, strategy and the important elements of economic theory relating to key decision making within the firm. The course will also review relevant macroeconomic theory as it relates to firms existing in different market structures. This course serves as a prerequisite for the business administration major and may be waived by students who have completed both macroeconomics and microeconomics at a qualified college or university. Formerly MGMT342XL.

**BUSA246. Managerial Accounting (3)**
An overview of accounting from the perspective of a non-accounting manager including the tools used to understand how accounting functions within an organization. Specific topics include internal controls, the function of accounting, historical accounting data and financial planning. Formerly ME441XL.

**BUSA260. Business Law (3)**
A general explanation of the law as it pertains to profit and not-for-profit organizations including its sources, development, and terminology. Specific legal doctrines and principles that affect business including an introduction to contracts, legal documents, and property are covered. Business entity structures such as sole-proprietorships, partnerships, limited liability companies and corporations are addressed. Formerly ME450XL.

**BUSA302. Organizational Communication (3)**
An introduction to the concepts of effective oral and written communication. It will enhance communication in building teams and in other organizational settings as well as interpersonal business exchanges. Formerly SP383XL.

**BUSA320. Marketing for Managers (3)**
An introduction to marketing emphasizing the manager’s role in product, price, place and promotion decisions. Topics include: marketing communications, target market identification, segmentation, consumer behavior, product life cycle, planning and marketing strategies. Addresses issues in marketing ethics and marketing for both the profit and not-for-profit organization. Formerly MGMT320XL.

**BUSA342. Financial Management (3)**
*Prerequisite: BUSA246*
An overview of the financial principles and accepted practices which need to be mastered by all managers including: profitability analysis; cash management; ideal capital structure; investment alternative evaluation; reading and interpreting financial statements; understanding financial instruments such as stocks, bonds and promissory notes; financial planning; risk and return calculations; discounting and future value analysis; interest rate calculations; internal and external auditing; understanding financial markets; and other financial terms common to organizations will be examined. Formerly ME442XL.

**BUSA380. Management Principles (3)**
A study of the five parts of managing organizations: planning, organizing, staffing, leading, and controlling/evaluating with the study of principles for application to both not-for-profit and for-profit organizations as informed by Christian perspectives and Scripture. Formerly MGMT330XL.

**BUSA381. Operations Management (3)**
An overview of the processes that transform inputs into finished goods and services. This course helps students understand the importance of operations management and how it interacts with other parts of the organization, providing the necessary framework for developing skills needed to apply appropriate analytical tools to challenges within the business operations. Formerly MGMT481XL.

**BUSA382. Human Resource Management (3)**
From a management perspective, explores the interrelationship of the Human Resource Department and other organizational units in carrying out such activities as workforce planning, job analysis, recruiting, selection, staffing, orientation, training, employee development, performance evaluation, compensation, employee benefits, health and safety, employee relations, discipline, legal implications of HR, and international impact on labor and HR practices. Formerly MGMT382XL.

**BUSA385. Project Management (3)**
A practical overview of the discipline of project management and its broad utilization within profit and not-for-profit organizations including personal application in planning and project execution. Emphasis of the class includes a focus on tools, terminology and software applications used in project management and introduction to the certification requirements and process for various project management professional designations. Formerly MGMT385XL.

**BUSA388. Entrepreneurship (3)**
This course provides an overview of entrepreneurship. Insight will be discussed into the characteristics of entrepreneurs and examines the growth of entrepreneurship. Students will apply the methods used to create, identify and evaluate opportunities for new ventures and assess skills that are needed to start and manage new ventures. Students will develop a preliminary business plan including reviewing problems and actions involved in launching and operating small profit and not-for-profit organizations. This course emphasizes entrepreneur characteristics sought by venture capitalists and investors, roles of the business plan and evolutionary stages of start-up activity. Formerly MGMT388XL.

BUSA440. Managerial Finance and Accounting (3)
This course provides an overview of accounting and financial principles from the perspective of management. It will focus on introducing tools, reports, and other essential components needed to understand the essentials of how finance and accounting function within an organization. The student will be equipped to review and interpret key financial and accounting ratios, reports, and other related documents. Formerly MGMT440XL.

BUSA490. Research Methods and Statistical Concepts (3)
Enrollment Comments: Not for traditional undergraduate Psychology, Business, or Math majors. Cross-listed course – PSYC490XL
Provides the student with an overview and understanding of research methods and statistical terms used in both the psychology and business disciplines with a special focus on compilation and interpretation of data. Research methods will include introduction to identification and procurement of relevant sources of information for conducting research relative to both an academic or practitioner application. Students will learn the proper documentation for applicable formatting of source data within their area of study. Formerly MGMT490XL.

BUSA495a-e. Integration and Applied Learning I-V (1)
This series of one-unit courses are concurrently sequenced with the core curriculum to focus on the integration and application of course concepts. Assignments are designed to complement and enhance the topics in each course through group and individual projects as well as exposure to community resources. Formerly MGMT495XLa-e.

BUSA498. Strategic Management (3)
An integrative course with a focus of analyzing interrelationships of managerial decisions/actions within and between the firm and its environment. Applies multi-disciplinary techniques to diagnose and recommend actions appropriate to specific company situations using the case study method. Formerly MGMT496XL.

CHEMISTRY (CHEM)
CHEM105. Introduction to Inorganic Chemistry (4)
Prerequisite: Completion of high school algebra with a C or higher; eligibility for college level English course
Introduces fundamental principles of inorganic chemistry including types of matter and physical states, physical and chemical transformations, chemical equations and stoichiometry, bonding, atomic and chemical structure, intermolecular forces, gas laws, solutions, colligative properties, acids and bases, and nuclear
chemistry. The course is designed to meet the requirements for certain nursing, dental hygiene, physical therapy, agriculture, and forestry programs and helps satisfy general education science requirements.

**CHEM105L. Introduction to Inorganic Chemistry Lab (1)**

*Course Fee: $150*

*Enrollment Comments: Must be taken concurrently with CHEM105*

Laboratory exercises provide students with hands on applications of principles discussed in lecture.

**CHEM106. Introduction to Organic Chemistry and Biochemistry (4)**

*Prerequisite: CHEM105 or CHEM110 and CHEM111*

A study of the major classes of organic compounds, including nomenclature structure, properties, and isomerism. Emphasizes the chemistry and metabolism of carbohydrates, lipids and proteins, including nucleoprotein and enzymes, through related lecture and laboratory exercises. The course is designed to meet the requirements for certain nursing, dental hygiene, physical therapy, agriculture, and forestry programs, and helps satisfy general education science requirements.

**CHEM106L. Introduction to Organic Chemistry and Biochemistry Lab (1)**

*Course Fee: $150*

*Enrollment Comments: Must be taken concurrently with CHEM106*

Laboratory exercises provide students with hands on applications of principles discussed in lecture.

**CHEM110. General Chemistry I (4)**

*Prerequisite: Completion of high school algebra and chemistry with a C or better; eligibility for college level English course*

*Enrollment Comments: Must be taken concurrently with CHEM110L*

A major level course covering the atomic structure of atoms, organization of the periodic table, chemical bonding, intermolecular forces, physical and chemical changes of elements and compounds, chemical reactions and stoichiometry, properties of solutions, gas laws, and thermochemistry. Intended for students planning professional school studies in medicine or graduate studies in life sciences.

**CHEM110L. General Chemistry I Lab (1)**

*Course Fee: $150*

*Enrollment Comments: Must be taken concurrently with CHEM110*

Laboratory exercises provide students with hands on applications of principles discussed in lecture. Laboratory experiments include stoichiometric relations, properties and collection of gases, atomic spectroscopy, condensed phases and intermolecular forces, and introductory quantitative analysis.

**CHEM 111. General Chemistry II (4)**

*Prerequisite: CHEM110*

*Enrollment Comments: Must be taken concurrently with CHEM111L*

A continuation of CHEM110 covering kinetics, equilibrium, thermodynamics, electrochemistry, and nuclear chemistry. Intended for students planning professional school studies in medicine or graduate studies in life sciences.

**CHEM111L. General Chemistry II Lab (1)**
Course Fee: $150

Enrollment Comments: Must be taken concurrently with CHEM111

Laboratory exercises provide students with hands on applications of principles discussed in lecture. Laboratory experiments include thermochemistry, equilibria, and quantitative analysis using volumetric methods, selected analytical methods and syntheses.

CHEM210. Organic Chemistry I (4)

Prerequisite: CHEM110; CHEM111

Offers a rigorous, in-depth presentation of basic principles with emphasis on stereochemistry and spectroscopy and preparations and reactions of nonaromatic hydrocarbons, haloalkanes, alcohols, ethers, aromatic hydrocarbons, and organometallic compounds. CHEM210 and CHEM211 are intended for students planning professional school studies in medicine or graduate studies in life sciences.

CheM210L. Organic Chemistry I (1)

Course Fee: $150

Enrollment Comments: Must be taken concurrently with CHEM210

Laboratory exercises provide students with hands on applications of principles discussed in lecture.

CHEM211. Organic Chemistry II (4)

Continues the CHEM210 series with emphasis on the preparation, reactions, and identification of aldehydes and ketones, carboxylic acids and their derivatives, alkyl and acyl amines, ß-dicarbonyl compounds, and various classes of naturally occurring, biologically important compounds.

CHEM211L. Organic Chemistry II (1)

Course Fee: $150

Enrollment Comments: Must be taken concurrently with CHEM211

Laboratory exercises provide students with hands on applications of principles discussed in lecture.

CHRISTIAN DOCTRINE (CD)

CD352TE. Christian Perspective in Education (3)

This course will include an examination of the Christian worldview and the interaction between Christianity and various contemporary worldviews. Students will analyze and critique a variety of worldview paradigms, including modernism and postmodernism. Students will be encouraged to develop a distinctly Christian worldview to apply to all aspects of life, particularly to a personal philosophy of education.

CD352. Christian Perspective (3)

Enrollment Comments: Not for traditional undergraduate majors, unless approved by department chair

This course will include an examination of the Christian worldview and the interaction between Christianity and various contemporary worldviews. Students will analyze and critique a variety of worldview paradigms, including modernism and postmodernism. Students will be encouraged to develop a distinctly Christian worldview to apply to all aspects of life, particularly to a personal philosophy of education.
CD461. Christian Theology (3)

Enrollment Comments: Not for traditional undergraduate majors, unless approved by department chair

A study of the teaching of the Bible concerning the nature and attributes of God, the origin and nature of man and sin, and the person and ministry of Christ.

CHRISTIAN EDUCATION (CEDU)

CEDU101a and b. Early Childhood Education I and II (3)

This course covers learning how to nurture and teach the youngest people in the journey of faith, including how children first start to learn, the importance of classroom instruction, how to implement classroom management strategies so students can learn, and specifics in curriculum design for children birth through age five.

CEDU321. Children’s Ministry (3)

Prerequisite: PSYC141

Students will be challenged to gain insights into the nature and needs of children from birth to age twelve and to consider ways to help them grow as disciples of Christ. They will explore issues and possibilities in church-based ministries with children, including basic philosophies of ministry and their practical implications. A portion of class sessions in the second half of the semester will feature children’s ministers working in the Sacramento area, sharing their philosophy of ministry and addressing specific topics.

CEDU337. Family Ministry (2)

Students will be challenged to develop a theology of family, exploring issues and possibilities in church-based ministries with families, including basic philosophies of ministry and their practical implications.

CEDU372. Effective Bible Teaching (1)

This course introduces the student to the purpose and goal of Christian Education and equips teachers for the Church by preparing students to share the fruits of their biblical education with clarity, understanding, and compassion. Since Hermeneutics supplies the interpretation skills needed for Bible study, this course will focus on the goal, preparation, and delivery of the lessons.

CEDU375. Christian Education Practicum (1-2)

Prerequisite: Consent of instructor

An assignment of field work that contributes to advancing the experiential level of learning for the student. The focus is identified in a proposal and the experience is monitored by the instructor.

CEDU409. Christian Education Travel Study (1-4)

Prerequisite: Consent of instructor

A program of study involving research, travel, reporting, and evaluating some aspect of the educational enterprise. Such events are group oriented and use the group process as well as the course content to enhance learning.

CEDU453. Christian Spirituality (3)

Prerequisite: LDRS152 or LDRS352
This course seeks to engage the student in the spiritual formation process through the writings and interpretation of a body of literature, built throughout history, known as devotional classics. Students will be expected to define Christian spirituality and contrast its interpretation from five traditions: Contemplative, Holiness, Pentecostal or Charismatic, Social Justice, and Evangelical.

**CEDU454. Spiritual Direction (3)**  
*Prerequisite: CEDU453*
An introduction to the history and theory of spiritual direction from a biblical and experiential perspective. Specific focus is on assisting others in deepening their relationship with God through increased sensitivity and responsiveness to the Holy Spirit’s presence and work in all areas of life.

**CEDU472. Christian Formation and Discipleship (3)**  
*Prerequisite: BIBL101; BIBL104; CEDU321; CEDU475; upper division standing*  
*Enrollment Comments: This is a writing intensive course.*
This capstone course is designed to help the student synthesize Christian education theory and practice in a major contribution to the field of Christian education or an application of sound educational philosophy to an educational aspect of the Church. A further goal of this course is to enlighten the student with respect to the historical development of education in the church and in America, in order that students articulate a biblically based rationale for Christian education which integrates a Christian worldview of education with implementation in a church or school environment.

**CEDU475. Christian Education Internship (3)**  
*Prerequisite: Two CEDU concentration courses; approved internship proposal*
Building on the learning experiences from the concentration, the student will apply classroom learning to a direct field experience. HIST310. The Early Church: Paul to Justinian (3)
_Prerequisite: HIST221 and 222 or HIST231 and 232_
An overview of the expansion of Christianity from the New Testament era through the sixth century. Particular attention will be paid to the lives and writings of the Church fathers and Church councils.

HIST315. History of Religion in America (3)
_Prerequisite: HIST221 and 222 or HIST231 and 232_
**Enrollment Comments:** This is a writing intensive course.
An overview of the history of religion, particularly Christianity, in America from the colonial era through the present. Specific attention will be paid to the interaction of religion with cultural institutions. Embedded in this course is a service learning project.

HIST330. History of the Ancient Near East (3)
This course is a survey of ancient Near Eastern history from the dawn of civilization to the death of Alexander the Great. The course will concentrate on the region of Mesopotamia, but will also include peripheral areas including Iran, Anatolia, Syria, and Palestine within its cultural sphere of influence. It will integrate primary sources, art, and archaeology in discussing the region.

HIST331. Ancient Greece (3)
A survey of Ancient Greece from the Minoan and Mycenaean Bronze Age to the Roman conquest of Greece. This survey will emphasize the political, social, cultural, and economic institutions and values that Hellas created to revolutionize the Ancient Mediterranean world.

**HIST336. History and Archaeology of Ancient Rome (3)**  
*Prerequisite: HIST221 or HIST231*  
The history of Rome from its foundation to the end of the Empire with emphasis on its political institutions, social structure, economy, religions, and culture. Written sources will be studied as well as the art and architecture of Rome and nearby cities of Ostia, Pompeii, and Herculaneum to gain a comprehensive view of ancient Rome.

**HIST371. The Twentieth Century (3)**  
*Prerequisite: HIST221 and 222 or HIST231 and 232*  
This course will focus on developments and trends in Europe, Asia, and the Third World during the 20th century, including various ideological movements and their consequences, post-colonialism and globalization.

**HIST372. Christianity and Islam in Conflict (3)**  
*Prerequisite: HIST221 and 222 or HIST231 and 232*  
This course will take an in-depth look at the interaction of Christianity and Islam from the conquests of Mohammed in the Middle East through the current world-wide struggle arising from a newly resurgent and often militant Islam. The course will explore the historical, cultural and theological aspects of this interaction between two of the world’s great monotheistic faiths.

**HIST374. Military History (3)**  
*Prerequisite: HIST221 and 222 or HIST231 and 232*  
A study of the origins and development of military institutions, traditions and practices from ancient Mesopotamia to the 21st century.

**HIST380. Topics in History (3)**  
*Prerequisite: HIST221 and 222 or HIST231 and 232*  
An in-depth study of a specialized topic in history, subject to interest and instructor availability.

**HIST441. Renaissance and Reformation (3)**  
*Prerequisite: HIST221 and 222 or HIST231 and 232*  
An overview of the artistic, philosophical and technological innovations of the Renaissance as well as the change in the religious landscape of Europe caused by the protestant Reformation and the Counter-Reformation.

**HIST443. History of the Renaissance (3)**  
An overview of the artistic, philosophical, and technological innovations of the Renaissance (particularly in Italy), with particular attention paid to the renewal of classical scholarship and its impact on subsequent centuries of European thought.

**HIST461. History of Latin America (3)**  
*Prerequisite: HIST221 and 222 or HIST231 and 232*
An overview of the political and cultural history of the modern states of Latin America from its pre-Columbian origins to the present day.

HIST481. California History (3)
Prerequisite: HIST221 and 222 or HIST231 and 232
This course will survey California history from exploration to the present day. Contemporary issues in California’s economy, ecology and society will also be examined.

HIST485. The American Frontier (3)
Prerequisite: HIST221 and 222 or HIST231 and 232
An overview of westward expansion of the United States from the colonial period through the “closing of the frontier” (Frederick Jackson Turner) near the close of the 19th century. The continuing legacy of the frontier and what that means for the American mythos will also be studied.

HIST498. Research and Historiography (3)
Prerequisite: HIST221 and 222 or HIST231 and 232
This course will serve as the capstone for the history major. Philosophies of history, methodological concerns and the development of history as a discipline will be examined. Students will be required to do primary research and writing on an historical issue of their choice.

INTERCULTURAL STUDIES (ICS)

ICS103. Kairos: God, the Church, and the World (3)
A foundational course on the study of God’s global purposes from biblical, historical, cultural, and strategic perspectives. This course guides the students in envisioning their role in the world Christian movement.

ICS202. Cultural Anthropology (3)
Prerequisite: Sophomore standing
An introduction to the science of the study of man in his cultural setting. The end in view is the gaining of a better understanding of different customs and cultures to enable more effective cross-cultural communication.

ICS210. Identity of Asian Americans (3)
An examination of the unique issues experienced by Asian-Americans in American culture, with an emphasis on identity development and cross-cultural ministry.

ICS246. Building a People of Power (3)
An independent study course with integrative discussions based on Robert C. Linthicum’s VHS series and book, Building a People of Power. This course explores how God’s people can exercise power in ways that further God’s kingdom by transforming urban neighborhoods into shalom communities.

ICS280OL. Introduction to Islam: Understanding and Relating to the World’s Second Largest and Most Misunderstood Religion (3)
In this course, students will learn about the basic tenets of the religion of Islam. They will understand the similarities and differences with the other two "Middle Eastern Religions" of Judaism and Christianity and be able to appreciate each one for what it is and what it has offered to the world. The student will be able to discern what is good and what is deficient in Islam, but do so in a respectful manner.

ICS281OL. Jesus in the Muslim Context: Methods from the Life of Christ (3)
In this course, students will understand the history of missionary methods in Muslim nations and what has worked and what has not, and why. They will also learn how Muslims have tried to evangelize Christians throughout history - and why that is important for us to understand as well. Primarily, the student will finish this class with a great sense of hope that Muslims do, in fact, come to know the biblical Lord and Savior Jesus Christ quite easily when they are presented a clear message.

ICS310. Intercultural Communication (3)
An introduction to how culture affects the process of intercultural communication with practical experience as a high contrast cultural partnership. Understanding is the priority as students look at the vast varieties of worldviews, customs, attitudes, values, belief systems, and behaviors which culture includes. Enhanced communication of the Christian gospel is cross-culturally is one expected outcome.

ICS320. World Religions (3)
Prerequisite: Sophomore standing
This course is an objective study of world religions including Judaism, Islam, Hinduism, Buddhism, and traditional religions. Discussions include the exclusivity of Christianity in a pluralistic society and strategic opportunities for apologetic and evangelistic engagement with adherents of other religions. Efforts are made to discover bridges of approach for sharing the uniqueness of Christ.

ICS330. Introduction to Missiology (3)
Enrollment Comments: Not for Intercultural Studies majors
This course is an introduction to missiology with an emphasis on the biblical theology of missions. This course explores the most effective church planting strategies through a historical and current perspective as well as providing practical steps in bringing closure to the Great Commission. This course will equip and prepare students who become missionaries, mission committee members, or short term missionary participants by studying and gaining greater understanding of God’s missionary heart.

ICS332. Business in the Global Marketplace (3)
This course addresses the missional issues of working in, to and through business to accomplish the missio Dei. Issues in this course include: an overview of the missio Dei, basic issues in contextualization, living and working cross-culturally, models of business as mission, challenges facing the establishing business as mission, and resources for business as mission.

ICS333. Partnership Development and Management (3)
A study of the relationship between the local church and missions. This course will explore means of developing, maintaining, and maximizing the potential of synergistic partnerships between cross-cultural missionaries, mission agencies, and local churches.

ICS341. Serving in Urban Contexts (3)
A critical reflection on the theological, biblical and philosophical bases for cities. Issues such as rapid urbanization and development, effects of marginalization, promoting Kingdom signs in the city, and leadership and discipleship for the urban church will be discussed. This is a writing intensive course and has the WPA imbedded.

ICS350. Cross-Cultural Teaching and Learning (3)
Theories and strategies in preparing people for various roles using formal and non-formal approaches. The focus of this course is on contextualizing curriculum, content, methodology and delivery systems to meet learner needs.

ICS351. Teaching Effectively (1)
Incorporates the integration of biblical teaching, concepts, and points of view into the analysis of teaching behavior. The concepts are explored of teacher as spiritual model, mentor, gospel presenter and the explicit spiritual formation and character development of students.

ICS352. Linguistics (3)
Prerequisite: ENGL101B
Introduction to the field of linguistics. Students will develop an understanding of the nature of language and modern grammar through the study of core areas including phonetics, phonology, morphology, syntax, semantics, and pragmatics. Students will have the opportunity to read, write, and think critically about related fields such as historical linguistics, psycholinguistics, sociolinguistics, and animal communication. This course is designed for students who have a general interest in linguistics and modern grammar.

ICS353. Second Language Acquisition (3)
Learning another language involves numerous linguistic, social, and affective factors. Accordingly, we examine these factors in detail to raise awareness of the complicated processes involved. Some of the questions explored include: What is native language transfer? How do learner expectations influence classroom behaviors? Why is intrinsic motivation an important element of success?

ICS354. TESOL Methodology (3)
This course examines several foundational approaches and methods that have contributed to current TESOL practices. Students in this course will develop the skills necessary for assessing learning environments and choosing successful approaches. Further, students will be introduced to methods of classroom research.

ICS355. TESOL Classroom Practices (3)
This course examines the processes involved in designing lesson plans, conducting activities, and selecting appropriate assessment tools. Further, we will review classroom materials and the role of information technologies in language learning.

ICS356. TESOL Observation (1)
Learning how to observe and think critically about language classrooms is an important skill in understanding what practices are effective in specific learning environments. This course challenges students to do close observations of specific classroom behaviors and to prepare short research papers of their findings.
ICS357. TESOL Practicum (3)
In this course, students develop a case study of specific learners and their environment as well as plan a lesson and participate in classroom instruction. Students will be observed by the course instructor and are expected to synthesize these observations with relevant TESOL research to culminate in an action research project of their experiences.

ICS375. Intercultural Studies Practicum (3)
An application and integration of classroom instruction into the fabric of cross-cultural ministry by providing opportunities for learning through experiences under the guidance of qualified personnel. Applications should be submitted to the Intercultural Studies department chair. Briefings and debriefings as well as a written self-evaluation and supervisor’s report are required.

ICS380OL. The Modern Middle East: At the Intersection of Oil, Religion, and Terror (3)
In this course, students will develop an understanding of all things “Middle East.” They will be able to recognize the similarities and unique differences in the nations, cultures and tribes of the region while focusing on the rich diversity of this vital part of our world. They will learn and understand the interplay between religion, politics and economics and how those have played out both positively and negatively on the international stage.

ICS381OL. Muslim-Christian-Jewish Relations: Principles for Building Common Ground (3)
In this course, students will understand the basic tenets of each of these three religions and their historical, cultural and theological ties to the Middle East. Students will gain an appreciation for the people who practice these religions and come to understand how they can work together to build bridges that unite rather than divide, while still holding on to our distinctive Evangelical beliefs.

ICS382OL. The Israeli-Palestinian Conflict: Sorting out the World’s Most Divisive Conflict (3)
In this course, students will be able to understand and interpret the cultural, religious, historical and political nuances to a highly complex region and its ongoing conflict. They will know the roots of the conflict and the current realities that continue to fuel this fight for a single piece of land. The students will also leave the class with a sense of hope for the future as they see the vast array of people who are working for the good of all in the Holy Land.

ICS383OL. American Interests in the Middle East: Public Policy and Economic Opportunity (3)
In this course, students will be able to understand how America plays a key role in all things Middle East, and how through strategic initiatives that role can be even more productive. The students will learn to appreciate and envision a positive American role in its foreign policy towards the region and in sponsoring robust economic exchange between the East and West.

ICS401. Establishing Faith Communities (3)
Enrollment Comments: Cross-listed course – PMIN401
Survey of the theology, history, and practical skills relative to starting a new church. The practical instruction emphasizes evangelism, demographics, facilities, leadership development, and promotion.

ICS403. Issues in Intercultural Life and Work (3)
Prerequisites: ICS103; upper division standing
Enrollment Comments: This is a writing intensive course.
A discussion of the theological basis of God’s plan for global evangelism and principles and methods used in today’s mission efforts.

ICS413. Care and Counseling (3)
Prerequisite: PSYC100
Deals with counseling issues most common to the local master: premarital and family counseling, death, loss, and other crises. The emphasis is on informal, short-term methods. Preparation for a role in counseling, weddings, funerals, baptisms, and other pastoral situations of Christian ministry

ICS475. Intercultural Studies Internship (2-5)
Prerequisite: Junior standing or consent of instructor
An application and integration of classroom instruction into the fabric of cross-cultural ministry by providing opportunities for learning through experiences under the guidance of qualified personnel during an extended period in the summer. This course is the designated service learning course within this major. Service credit can be earned for successful completion of this course.

ICS492. Advanced Intercultural Studies Seminar (3)
Prerequisite: ICS103; ICS202; ICS341; ICS403
A study of innovation and best practices in ministry. As participant observers students will examine 3-4 area cross-cultural and/or urban ministries of their choice. Students will use research to determine best practices for similar ministries and use these benchmarks to evaluate the ministries they have observed and set patterns for their own ministries. Students will report their findings to the class in integration sessions.

Kinesiology (KINE)

KINE101. Foundations of Kinesiology (3)
This course is designed to develop student competencies in the understanding of kinesiology on both a scientific and practical basis. This course explores relevant fields in the study of kinesiology including biomechanics, exercise physiology, nutrition, motor learning and control, and psychosocial aspects of sport and exercise. Career options available to students in the field are also examined.

KINE165. Health and Wellness (3)
Introductory course studying the individual, societal, and cultural influences in health and wellness. The course emphasizes decision making strategies and focuses on the integration of faith and health-related factors (including fitness and nutrition) that are under the control or influence of the individual.

KINE203. Foundations of Movement (3)
An introduction to the analysis and assessment of fundamental movement skills and patterns. Students will learn to select, monitor, and assess appropriate activities based on children’s motor and growth development. Students will plan and implement relevant teaching and learning programs.

KINE211. Assessment in Kinesiology (3)
An introduction to essential principles and skills involved in assessing characteristics of health- and sport-related physical fitness. Application of tests and measurements in the evaluation of sport skill, motor ability, physical performance, and physical fitness.

**KINE205. Ethics and Values in Sports (3)**
This course offers an introduction to ethics within the context of competitive athletics. The values promoted within sports will be examined along with common ethical dilemmas faced by those involved in sports. Students evaluate and learn decision-making strategies that can be applied in sports management.

**KINE211. Emergency Response (2)**
This course is designed around the *American Red Cross First Aid: Responding to Emergencies* training program. The purpose of the course is to provide students with the knowledge and skills necessary to help sustain life and minimize the consequences of injury or sudden illness until the arrival of advanced care.

**KINE222. Health Education for the Classroom Teacher (3)**
Assists with preparation of curriculum ideas and strategies for teaching health education. Students gain a thorough understanding of the wellness philosophy approach to health education. Students practice critical and evaluative thinking while debating current social issues and health topics.

**KINE226. Introduction to Sports Management (3)**
Provides an overview of the sports management industry. Types of careers, training, experiences, courses of study, as well as characteristics of a successful manager are discussed.

**KINE266. Principles of Human Growth and Development (3)**
An introduction to the concepts, principles, and issues associated with growth and development throughout the lifespan. The role of normal growth and development of motor, fitness, and sport skill development is emphasized.

**KINE280. Exercise and Sport Psychology (3)**
This course examines the foundations of psycho-social principles, theories, and research related to sport and exercise behavior. Select topics include motivation, goal-setting, stress, anxiety, group dynamics, leadership, injury, and exercise adherence.

**KINE317. Principles of Coaching (3)**
Explores the basic principles of psychology and physiology as they pertain to coaching individuals and teams. Students learn to become more cognizant and responsive to the needs and differences of individual athletes. Students learn how to implement effective motivation and communication techniques for various scenarios in organized sports as well as develop a foundation for a personal coaching philosophy.

**KINE319. Care and Prevention of Athletic Injuries (3)**
An introduction to principles of prevention, evaluation, care, treatment, and rehabilitation of injuries commonly encountered in sport and competitive athletics.

**KINE323. Pedagogy and Leadership Principles in Kinesiology (4)**
*Prerequisite: Eligibility for college level English course*
Course Fee: $100

Students explore models of leadership and pedagogy and learn to apply underlying principles in diverse scenarios in a leadership laboratory. Students observe, evaluate and analyze the effectiveness of instruction and leadership. Students are expected to exhibit effective communication and public delivery skills, provide and respond to written feedback, work cooperatively with fellow students, and develop a personal leadership philosophy. Class is organized as a laboratory to allow for development.

KINE324. Exploring Public Health (3)
This course provides an understanding of current healthcare issues including high cost, high demand, and barriers to access. In addition, focus will be on health and disease prevention strategies to reduce healthcare costs and improve the quality and quantity of life. Students will also explore career options related to the field of public health.

KINE350. Exercise and Aging (3)
This course explores the physical, psychological, and demographic characteristics of an aging population. Students develop an understanding of the beneficial effects of exercise on conditions associated with aging. Students learn how to formulate guidelines for exercise, and implement different types of exercise programming.

KINE351. Essentials of Strength and Conditioning (3)
This course provides students with a theoretical and practical understanding of fundamental principles involved in the planning and implementation of strength and condition programs for individuals involved in sports and physical activities.

KINE352. Biomechanics (4)
Prerequisite: BIOL225 and 225L; BIOL246 and 246L; eligibility for college level English course
Course Fee: $100
In depth review of functional anatomy of the human skeletal and muscular systems, muscle and joint action with emphasis on mechanical concepts and physical laws involved. Students integrate anatomical, physiological and mechanical principles in their investigation and analysis of human motion.

KINE353. Exercise Physiology (4)
Prerequisite: BIOL246 or equivalent, or consent of instructor
This course is an in-depth study of exercise and its relationship to the circulatory, pulmonary, and neuroendocrine systems. Practical application will be placed on how the human body responds and adapts to exercise under normal and varying conditions including aging, chronic disease and disability, gender differences, and the environment. Concepts will be reinforced through laboratory exercises.

KINE449. Exercise for Chronic Disease and Disability (3)
Course Fee: $100
This course presents students with an in-depth discussion of the role of physical exercise in the treatment and management of various chronic diseases and disabilities. This course presents current evidence-based research and guidelines on exercise training for individuals with chronic disease and existing physical disabilities.
KINE459. Motor Learning and Behavior (3)

Prerequisite: BIOL225 and 225L; BIOL246 and 246L

Introduction of current theories and concepts involved in the processes of motor skill acquisition and performance from a behavioral perspective. The course provides a neurophysiological bases of motor development, learning, control and performance, with applications to clinical and instructional settings. By exploring practical applications and examining core concepts that are present in motor control and learning, students will be prepared to more effectively educate clients/students in clinical and other psycho-motor teaching environments.

KINE475. Internship/Practicum (1-3)

Designed to expose students to work within real settings relative to specific interests and track of choice. Students may work within a variety of sport settings in proximity to the university campus. In conjunction, seminars offer an opportunity for students to compare, contrast, analyze, and evaluate their experience in the various settings. This course can be taken for one to three units with approval of major advisor.

KINE498. Senior Seminar (3)

In this culminating course, students are presented with the broad scope of career possibilities available with a major in kinesiology, as well as exposure to current issues in the field. Specialists from different areas in the profession provide quest presentations, consultation and dialogue. Students are given the opportunity to develop and articulate their own personal approach to professional goals and perceptions of the discipline. In addition, students acquire important tools for conducting a career search, such as writing a resume, doing a networking interview and analyzing current research.

LEADERSHIP (LDRS)

LDRS100. Principles of Academic and Personal Development (1)

Enrollment Comments: Not available to students who have taken CM301.

The purpose of this course is to expose students to academic and personal tools that will help them enhance their strengths, acknowledge and develop their weaknesses, and learn to adapt the tools in such a way that they can be modified for lifelong learning.

LDRS102. Implementing Academic and Personal Development Principles (5)

The purpose of this course is to take the principles learned in Principles for Academic and Personal Development (LDRS100) or Discipleship for Personal Development (LDRS152b) and continue to apply them to academics, daily living, and a career path.

LDRS152. Contemporary Discipleship for Freshmen (3)

Prerequisite: Must be taken concurrently with LDRS153 and LDRS154

Enrollment Comments: Course is required of all freshmen and freshmen transfer students.

A beginning study of the Christian faith exploring the doctrines, worship, ethics, and life of the intentional Christian life. Students are challenged to begin a journey of faith and join their lives to the overarching story of God’s seeking love for mankind. Students will take the three-unit lecture course and choose a two-unit learning community. Learning communities are Discipleship for Christian Theology, Discipleship for a
Relationship with God, Discipleship for Personal Development, Discipleship for Culture, Discipleship for Apologetics and Evangelism, and Discipleship for Service.

**LDRS153. First Year Experience (1)**

*Prerequisite: Must be taken concurrently with LDRS152 and LDRS154*

First year experience course with special topic focus. Designed to help students think critically and engage on a deeper level with a faculty leading discussion.

**LDRS154. Success in College (1)**

*Prerequisite: Must be taken concurrently with LDRS152 and LDRS153*

Understanding your life in context of college and goal development through multiple learning methods. Mapping your choices and accomplishing academic and life skill competency.

**LDRS200a and b. Seminar in Student Leadership (1)**

This course provides an overview of the leading theories of leadership and application of leadership theory to work in higher education. In addition to providing a theory base, self-evaluations of leadership skills are administered, aiding students in a greater understanding of their strengths and weaknesses. Students are then given an opportunity to put leadership into practice through student leadership activities and campus responsibilities.

**LDRS201. WJU Academy (1)**

WJU Academy is reserved for students who need an intensive academic support environment, providing skills in time management, personal assessment, study skills, career development, and Christian ethics and integrity.

**LDRS300. Foundations of Leadership (3)**

Introduces basic leadership theory and foundational leadership perspectives from the Bible.

**LDRS341. Spiritual Dimensions of Leadership (3)**

*Prerequisites: LDRS152 or LDRS352; PSYC141; junior level standing*

In the midst of the contemporary leadership crisis, this course is designed to equip students to thoughtfully and intentionally accept the challenge of spiritual leadership through a process which requires personal reflection, spiritual discipline, and leadership skills that can be implemented in a variety of settings.

**LDRS352. Contemporary Discipleship Praxis (3)**

Transfer students who transfer to WJU with 30 or more units will take this course in place of Contemporary Discipleship for Freshman (LDRS152). This course covers the same material as LDRS152 at an accelerated pace and without learning communities.

**LDRS495a-e. Integration and Applied Learning I-V (3)**

*Enrollment Comments: Not for traditional undergraduate students*

This series of one-unit courses are concurrently sequenced with the core curriculum to focus on the integration and application of course concepts. Assignments are designed to complement and enhance the
topics in each course through group and individual projects as well as exposure to community resources. Formerly LDRS495XLa-e.

**MATHEMATICS (MATH)**

**MATH092. General Mathematics (F) (3)**

*Prerequisite:* Course placement by ACT or SAT scores or by Math Placement Test score

*Enrollment Comments:* Credits not applicable to degree program requirements

A review of general math skills, including computation, elementary algebra, and geometry. This course also covers the principle topics of high school algebra. Topics include solving equations and inequalities, polynomials and exponents, factoring, rational expressions, and equations and inequalities in two variables.

**MATH100. Analytical Inquiry (3)**

*Prerequisite:* Grade of C- or better in MATH092 or approved ACT or SAT scores; credit for passing score of CLEP College Mathematics approved

This course is an introduction to the connection between mathematics and contemporary culture. Topics include critical thinking skills regarding mathematical information in society, some statistics and probability, mathematical models and their applications, number theory, some algebra and graphs and functions.

**MATH101. College Algebra (3)**

Geometry, including functional relationships, linear and quadratic equations, representational systems, and statistics.

**MATH102. Pre-Calculus (3)**

This course prepares students for the calculus sequence. Topics covered include number systems, analytic geometry, elementary function theory (including logarithmic and trigonometric functions), and basic proof techniques.

**MATH140. Calculus I (4)**

*Prerequisite: MATH102 or high school trigonometry/pre-calculus*

*Enrollment Comments:* Students with a three or higher on the AP Calculus A/B or AP Calculus B/C exam may meet their GE mathematics requirement. However, a four or higher is required to receive credit for Calculus I.

This course covers fundamentals of calculus including functions, limits and continuity, differentiation, and integration.

**MATH141. Calculus II (4)**

*Prerequisite: MATH140*

*Enrollment Comments:* Students entering with a four or higher on the AP Calculus B/C exam may receive credit for Calculus II.

This course continues in topics of calculus including integrals and transcendental functions, techniques of integration, first order differential equations, infinite sequence and series, and parametric equations.
MATH200XL. Math for the Educated Citizen (3)

*Enrollment Comments: Not for traditional undergraduate students*
A study of some of the uses of mathematics in society today, including probability and statistics, business applications, and the analysis of patterns.

MATH210. Linear Algebra (3)

*Prerequisite: MATH141*
Linear systems, matrices, vectors and vector spaces, linear transformations, inner products, norms, eigenvalues and eigenvectors, orthogonality and applications. Provides a foundation for many areas of study in mathematics, computer science, engineering, and science.

MATH220. Statistics (3)

*Prerequisites: Grade of C- or better in MATH092 or approved ACT or SAT scores*
An introduction to the tools of statistics covering such topics as frequency distributions, variability, probability, and hypothesis testing.

MATH241. Differential Equations (3)

*Prerequisite: MATH242*
An introduction into the theory, methods of solution, and selected applications of ordinary differential equations. Topics include first order equations, second order linear equations with constant coefficients, numerical analysis of ordinary differential equations, Laplace Transforms, series solutions, and systems of differential equations.

MATH242. Calculus III (4)

*Prerequisite: MATH141*
The differential and integral calculus of Euclidean 2- and 3-space are developed in this course. The treatment of real-valued functions of two or more real variables and their partial derivatives are also included. Functions that associate vectors with real numbers are studied. Applications to geometry, physics, and engineering are covered. The course provides a brief study of both double and triple integrals for functions of two or three variables. A laboratory approach is used in graphing two- and three-space group activities and projects.

MATH300. History of Mathematics and Number Theory (3)

*Prerequisite: MATH301*
This course is designed to acquaint the student with the widely known theorem, conjectures, unsolved problems and proofs of number theory. Topics may include divisibility, primes, congruencies, Diophantine equations and arithmetic functions. In addition, the history of mathematics, from the beginning of recorded civilization to the present, will be covered.

MATH301. Introduction to Mathematical Proof (3)

*Prerequisite: MATH140; MATH242 recommended*
A practical introduction to formal mathematical proof emphasizing preparation for advanced study in mathematics. Special attention is paid to reading and building proofs using standard forms and models within the context of specific examples.
MATH305. Discrete Mathematics (3)
Prerequisite: MATH141
Covers a collection of topics useful to mathematics and computer science majors. The unifying factor is that the topics deal mainly with finite collections of mathematical objects (graphs, trees, finite state machines, etc.). Also includes examination of sets, logic, Boolean algebras, proof techniques, algorithm analysis, and recursion.

MATH320. Probability and Statistics (3)
Prerequisite: MATH141

MATH350. Modern Geometry (3)
Prerequisite: MATH301
This course presents the foundation of Euclidean geometry and the development of non-Euclidean geometry from its Euclidean roots. The main structure is Hilbert’s axiomatic approach.

MATH410. Abstract Algebra (3)
Prerequisite: MATH210; MATH301
An introduction to the theory of groups, rings, and fields. Topics in group theory include Lagrange’s theorem, quotient groups, applications to geometry, public key cryptography, and finitely generated abelian groups. Topics in ring theory include ideals, quotient rings, and polynomial rings. Topics in field theory include field extensions, Euclidean construction problems, cubic and quartic equations.

MATH460. Complex Analysis (3)
Prerequisite: MATH242 or MATH301
This course is an introduction to complex analysis. Topics to be covered may include complex numbers, analytic functions, elementary functions, integrals, Laurent series, residues, poles, and applications of residues.

MATH461. Real Analysis (3)
Prerequisite: MATH301
This course offers an advanced study of the real-number system, functions, sequences, series, continuity, differentiation, integrability, and convergence by use of the limit concept and basic axioms of the real number field.

MATH462. Numerical Analysis (3)
Prerequisite: MATH301
Numerical methods for solving systems of linear equations, finding roots and fixed points, approximating data and functions, numerical integration, finding solutions to differential equations.

MATH498. Senior Seminar (2)
Prerequisite: Senior standing
This capstone course is a seminar in which faculty members, some guests, and the students give lectures on topics of general interest in mathematics. Students compile their senior portfolio, which encapsulates their learning experience in the mathematics program.

**MATH499. Topics in Mathematics (3)**

*Prerequisite: MATH301; consent of department chair*

Study of a selected problem or topic under the direction of an instructor. The instructor and student propose the course of study.

**MUSIC (MUS)**

**MUS100-400. Applied Lessons (.5)**

One 25-minute private lesson per week in the area of voice, keyboard, or instrument specified as the applied major. Students must obtain a juried level 400 in one applied area before presenting their senior recital. Students are encouraged to broaden and develop their skills in non-concentration applied areas as well.

**MUS101. Music Appreciation (3)**

This course provides a foundation for responsible leadership within organizations and society. Students will engage in value clarification and understand how their faith influences ethical behavior. Through the use of conceptual and real-world ethical dilemmas, students will build their personal decision-making model and apply it to organizational situations. Students will wrestle with personal, team, and organizational based ethical challenges.

ORLD422. Leadership and Planning (3)
Students will examine the role of planning in maximizing resources and addressing organizational change. Project planning and management concepts will be discussed and applied to real-world planning initiatives. Specific techniques for analyzing complex problems and for planning and evaluating interventions will be applied. Students will examine a problem or issue in their current or proposed future vocational setting and prepare plans for the implementation of a well-designed program or policy.

ORLD430. Leadership in Global Society (3)
This course will explore the nature of leadership in various cultures and the skills needed in a global economy and society. Students will examine the leadership implications for cross-cultural and multi-national organizations. Students will engage in discussions of the “Great Commission” and reflect on historical aspects of global leadership. The future of global leadership will be examined and the potential leadership challenges considered. To the extent possible, students will be challenged to cultivate their own global leadership “map” as they interact with the emerging global scene.

ORLD431. Leading Change/Public Policy (3)
This course introduces students to theories and models of change management. Students learn how organizations address the rapidly changing nature of the internal and external environment within which they operate. Students will discuss the role of organizational change agents and how to implement strategies for organizational intervention. Using work specific challenges and organizational case studies, students will develop the skills to evaluate and analyze how to lead effective change initiatives in the workplace. Students will also address the impact of public policy changes on organizations and society. A particular focus of this course will be in leading and managing changes across various organizational cultures.

ORLD432. Evidenced Based Leadership and Decision Making (3)
Students will increase their literacy for decision making. Making decisions is arguably one of the most important tasks of leadership. Students will recognize both the art and science of making decisions in an uncertain organizational climate. Students will build literacy surrounding the issue definition, gather relevant information, and retrieve the best available evidence to apply to key organizational decisions. Students will understand how their faith integrates with decision making and the impact of decisions within the organizational setting. Emphasis on this class will also include the importance of decision making and execution; moving from strategic planning to tactical activity will be a focus of the study and conversation.

ORLD495a-e. Integration and Applied Learning (1)
Personal Leadership Challenge, Organizational Leadership Challenge, Policy Challenge. These session specific projects provide students with an opportunity to research, apply, write, and present on real-world leadership
challenges corresponding to the session specific curriculum. Students will work individually and in groups to address workplace opportunities and challenges, presenting innovative solutions. These experiential learning opportunities allow the student to synthesize the knowledge, skills, and abilities from the rest of the program applying theoretical leadership concepts to concrete applications.

PPOL469. Violence and Terrorism (3)
This course systematically examines political violence, responses by government institutions to that violence and implications of both for the administration of justice. Content is structured along a continuum, ranging from small-scale violence to mass violence – assassinations, terrorism by sub-national and transnational organizations, state terror and genocide. In recent years political violence has progressively drawn the American governmental institutions, particularly justice agencies into the global picture of violence committed
by both domestic and international terrorists. Theoretical approaches to the study of terrorism and analysis of terrorist theory and strategies will be covered as well. Additionally, the course examines the Bible, and historical causes of terrorism, and examines other religions, primarily Judaism and Islam.

**PPOL470. First Amendment (3)**
This course provides an in-depth review of the First Amendment of the US Constitution. The course includes an overview of each element of the First Amendment including: Freedom of Speech, Press, Assembly (and derived freedom of Association) as well as the Free Exercise of Religion and the Establishment Clause. The course will examine related legislation, case law, church and political history, and current news and policy issues. The course will discuss the interrelationship of the First Amendment with other rights and responsibilities imbedded in the US and state constitutions as well as related statutory law. The course will also engage students in focused debate on current topics relating to the specific elements of the First Amendment.

**PPOL475. Public Policy Internship (3)**
Senior year program of activity in Public Policy field; involves field supervision and a faculty advisor. Interns will complete a regimen of assigned tasks and written reports. This course is the designated service learning course within this major. Service credit can be earned for successful completion of this course.

**PPOL491. Political Research and Policy Analysis (3)**
*Prerequisite: PPOL111; PPOL221*
Students will learn basic methods to research and compile statistical, historical, and legal data for policy analysis. The course will provide working examples and opportunities to apply research methods to current policy issues.

**PPOL498. Senior Seminar: Leadership and Service (3)**
*Prerequisite: PPOL111; PPOL112; PPOL174; PPOL221; PPOL253; PPOL301; PPOL304; PPOL325; PPOL361*
A capstone course, the purpose of this senior seminar is to provide intensive analysis and practical application of the historical, theoretical, and organizational public policy issues and institutions studied in the first through third year curriculum. The senior seminar will survey major policy areas and provide focused discussion of policy topics such as business and corporate responsibility; gender, race, and ethnicity; social policy; international policy and advocacy; and media and journalism.

**SCIENCE (SCI)**

**SCI120. Conceptual Physics (3)**
*Enrollment Comments: Complementary lab component (SCI120L) is offered, but not required.*
An introduction to the concepts and principles of physical science and chemical science, with an emphasis on structure and properties of matter and principles of motion and energy.

**SCI120L. Conceptual Physics Lab (1)**
*Enrollment Comments: Must be taken concurrently with SCI120*
Laboratory exercises provide students with hands on applications of principles discussed in lecture.
SCI122. Introduction to Astronomy (3)
Introduction to Astronomy is a descriptive course in modern astronomy from the solar system to the stars, the galaxy, and the Big Bang theory of cosmology. The history and development of astronomy to the present time will be examined. An understanding of how starlight reveals information about the size, structure, temperature, and distance of stars and galaxies will be developed.

SCI122L. Introduction to Astronomy Lab (1)
Laboratory exercises provide students with hands on applications of principles discussed in lecture.

SCI131. Earth and Environmental Science (3)
*Enrollment Comments: Complementary lab component (SCI131L) is offered, but not required.*
An introduction to the concepts and principles of earth and space science including geology, meteorology, and oceanography. It is a study of the earth and the intertwined processes that shape it. Spatial locations and relationships between the atmosphere, hydrosphere, biosphere and solid earth will be examined, along with the earth’s position in space and the solar system and universe.

SCI131L. Earth and Environmental Science Lab (1)
Laboratory exercises provide students with hands on applications of principles discussed in lecture.

SCI216. Tropical Ecosystems (3)
This course examines the ecological diversity of the unique systems of natural resources and protected areas in the Central American Caribbean nation of Belize. It offers an introduction to relationships between organisms within the lowland rainforest and within the coral reef ecosystems. Human interactions with and impacts on local ecosystems will be discussed as well.

SCI216L. Tropical Ecosystems Lab (1)
*Enrollment Comments: Must be taken concurrently with SCI216; travel to Belize and/or Guatemala during the semester is required for the lab component of the course.*
Laboratory exercises provide students with hands on applications of principles discussed in lecture.

SCI220. Physics for Science and Engineering I (3)
*Enrollment Comments: Must be taken concurrently with SCI220L*
Students are introduced to the various areas of physics using basic differential and integral calculus. Topics covered include mechanics, thermal properties of matter, and mechanical waves, energy and momentum, conservation laws, Newtonian mechanics, Einstein’s special relativity.

SCI220L. Physics for Science and Engineering I Lab (1)
*Enrollment Comments: Must be taken concurrently with SCI220*
Laboratory exercises provide students with hands on applications of principles discussed in lecture.

SCI221. Physics for Science and Engineering II (3)
*Enrollment Comments: Must be taken concurrently with SCI221L*
Students are introduced to the various areas of physics using basic differential and integral calculus. Topics covered include properties of waves (both light and sound) and electricity and magnetism.
**SCI221L. Physics for Science and Engineering II Lab (1)**

*Enrollment Comments: Must be taken concurrently with SCI221*

Laboratory exercises provide students with hands on applications of principles discussed in lecture.

**SCI230. Morphology of Streams and Watersheds (3)**

*Enrollment Comments: Some Saturday field trips are required as part of the total lecture hours. Meets Earth Science GE requirement for lecture only.*

This course will include introductory hydrology and geography of fluvial systems, with an emphasis on central California watersheds. Fluvial systems and their formation, impacts on landscape, erosion and processes will be examined in lecture and in the field.

**SOCIOLoGY (SOC)**

**SOC123. Multicultural Education (3)**

This course explores the impact of a number of diverse cultures represented in the classroom, focusing on research and reflection on important strategies to help each student learn and develop the core curriculum subjects throughout the school experience. Conceptual approaches to educational programming enables each student to learn tolerance for different cultural realities and appreciation for the power of those cultural differences.

**SOC201. Introduction to Sociology (3)**

A study of human relationships and interaction focusing on group behavior, organizational life, and social problems. Urbanization, race and ethnicity, societal development, and religious worldviews are addressed in relation to Christian ministry. Insights are gained from comparative studies of the behavior of group-oriented societies in contrast to Western individualism.

**SOC222. Cultural Geography (3)**

This course offers a consideration of the interaction between the human landscape and the physical environment. This includes the interaction of cultural and physical factors on dynamic processes and patterns worldwide such as distribution and diffusion of people, religions, language, agriculture and industry. Students will analyze the nature, variation and distribution of cultural features of the earth’s surface through maps and other geographic tools.

**SPANISH (SPAN)**

**SPAN215a. Spanish (3)**

An introduction to the Spanish language and culture.

**SPAN215b. Spanish (3)**

A continued introduction to the Spanish language and culture.

**TEACHER EDUCATION (TEDU)**
TEDU101. Teaching as a Profession (3)

**Prerequisite:** Certificate of Clearance as issued by CCTC

**Enrollment Comments:** This course is a prerequisite for all other TEDU courses.

This course provides the student interested in a career in school teaching (public or private schools) the path to a California state teaching credential, including learning the basics in preparing to teach a class (course goals, lesson objectives, lesson methods, lesson evaluation, and content methods selection). Each student will observe in various classrooms and report on these observations in the class.

TEDU102. Curriculum and Methods in Physical Education and Health Science (3)

**Prerequisite:** TEDU101

The focus of this course is exploring the dynamic of motion, implications for a healthy body, and procedures for elementary school teachers to use in assisting the developing students. Coursework explores health including instruction in principles and practices of individual, family, and community health.

TEDU110. Technology for Teachers (2)

**Prerequisite:** TEDU101

This course is a comprehensive overview of the use of computer-based technology in the educational environment and integration of computer based applications into instruction in the classroom. Emphasis is on making significant changes in teaching and learning through technology by connecting instructional strategies with relevant technologies. Topics for study include interactive technologies, computer application, educational utilities, computer ethics, computer access and equity, critical thinking/problem solving, computer-assisted instruction, and the impact of these technologies on our schools and nation.

TEDU123. Multicultural Education (3)

**Prerequisite:** TEDU101

This course explores the impact of a number of diverse cultures represented in the classroom focusing on research and reflection on important strategies to help each student learn and develop the core curriculum subjects throughout the school experience. Conceptual approaches to educational programming enables each student to learn tolerance for different cultural realities and appreciation for the power of those cultural differences.

TEDU251. Curriculum and Methods in Visual and Performing Arts (VAPA) (3)

**Prerequisite:** HIST231; HIST232; TEDU123

This course focuses on learning the resources and tools available for teaching visual and performing arts. Hands-on development of methods for classroom use including 2 hours of observation in a K-8 VAPA classroom and interview of a specialized VAPA educator. Fieldwork participation in a VAPA fair is also required. This course prepares teachers to meet the California state requirements in visual and performing arts for the multiple subject credential and equips students with knowledge and methodologies for successful integration and teaching of these subjects.

TEDU275. Initial Student Teaching I (2)

**Prerequisite:** TEDU102; TEDU123

**Enrollment Comments:** This course is the designated service learning course within the major. Service credit can be earned for successful completion of this course.
Serving as a classroom assistant for 30 hours during the semester, the student will learn about the dynamics of lesson preparation and classroom instruction. The student will learn about specific pedagogical skills for subject matter instruction, the interpretation and use of assessments, making content accessible to students, developmentally appropriate teaching practices, and teaching English learners. These expectations will be demonstrated in Teaching Performance Assessment Task 1 (Subject Specific Pedagogy) which will be prepared and submitted (passing score of 3 or 4 is required).

TEDU302. Foundations of Education (3) ✽
Prerequisite: TEDU101 or two CEDU concentration courses
Enrollment Comments: This is a writing intensive course.
This course reviews the major philosophic developments of education through research of the key components of education in a democracy and reflection on the power of the educational process in personal, social, mental, and spiritual development. The student will be encouraged to reflect on their own developmental journey and how they can help others research their potential for success and societal improvement.

TEDU310. Educational Psychology (3)
Prerequisite: PSYC141; TEDU101
This course explores the disciplines of developmental and educational psychology of theories and patterns of learning, development, instruction, and individual differences as they relate to teacher practices and educational programs.

TEDU311. Curriculum and Methods in History and Social Science (3)
Prerequisite: TEDU123; HIST231; HIST232
Designed to familiarize students with the resources and tools available for teaching history and social science. Hands-on development of methods for classroom use including a minimum of two hours of observation and participation in history and social science classrooms required. This course prepares teachers to meet the California state requirements in history and social science for the multiple subject credential and equips students with knowledge and methodologies for the successful integration and teaching of these subjects.

TEDU323. Language, Culture, and Literacy (3)
Prerequisite: TEDU123
Explores the wonder and development of language with various cultures, the literacy aspects of language development and structure, and attention to the development of concepts, vocabulary and contextual analysis. Areas covered in this course include the essential foundations for teaching reading, language, and literature.

TEDU375. Initial Student Teaching II (2)
Prerequisite: TEDU275; TPA Task 1 score of 3 or 4; verification of passing CBEST examination; registration for all portions of the CSET prior to enrolling or upon advisor approval; PSYC141
Enrollment Comments: This course is the designated service learning course within this major. Service credit can be earned for successful completion of this course.
The next step into the real world of teaching directs the student to more hands-on classroom assisting under the care of a classroom teacher. Thirty hours of classroom assisting required. Specific attention will be given to connecting instructional planning to student characteristics in order to facilitate preparation of Teaching Performance Assessment Task 2 (Designing Instruction) which the candidate will prepare and submit (passing score of 3 or 4 is required). This experience may not be with the same teacher, the same grade level, or the same subject used in Initial Student Teaching I.

TEDU413. Curriculum and Methods in Math and Science (3)
Prerequisite: TEDU101; SCI110; SCI120; SCI130
The focus of this course is to learn the resources and tools available for teaching mathematics and science subjects. Hands-on methods for classroom use are developed. A minimum of four hours of observation and participation in mathematics and science classrooms is required. This course prepares teachers to meet the California state requirements in mathematics and science for the multiple subject credential and equips students with knowledge and methodologies for the successful integration and teaching of these subjects.

TEDU423. Curriculum and Methods in Literature and Language (3)
Prerequisite: TEDU323; ENGL101B
Students will learn the resources and tools available for teaching literature and language subjects. Hands-on methods for classroom use are developed. A minimum of two hours of observation and participation in literature and language classrooms is required. This course prepares teachers to meet the California state requirements in literature and language for the multiple subject credential, including preparation for the Reading Instruction Competence Assessment (RICA), and equips students with knowledge and methodologies for the successful integration and teaching of these subjects.

TEDU475. Student Teaching I (6)
Prerequisite: TEDU311; TEDU375; TEDU413; TEDU423; full admission to CWC program; verification of passing CSET subtests 101, 102, and 103; minimum GPA of 3.0
Enrollment Comments: This course is the designated service learning course within this major. Service credit can be earned for successful completion of this course.
This provides teaching experience in the day school under guidance of the University supervisor with cooperation of a credentialed master teacher in a regular school classroom. May be in a public or private school setting. (Note: Students seeking a California teaching credential must do this teaching in a public school classroom to learn about California state-adopted academic content standards.) The course is open to multiple subject credential candidates who have been cleared for student teaching. An application for student teaching must be received by March 15 for the fall semester and by October 15 for the spring semester. A weekly seminar accompanies student teaching. Field experience involves seven weeks of full day classroom instruction under supervision. Teaching Performance Assessment Task 3 (Assessing Learning) will be prepared and submitted (passing score of 3 or 4 is required).

TEDU476. Student Teaching II (6)
Prerequisite: TEDU475; minimum GPA of 3.0
Enrollment Comments: This course is the designated service learning course within the major. Service credit can be earned for successful completion of this course.
Provides additional teaching experience in the day school under guidance of the University supervisor with cooperation of a credentialed master teacher in a regular school classroom. (May be public, private or
(charter school setting.) The course is open to multiple subject credential candidates who have completed TEDU475 student teaching. An application for student teaching must be received by March 15 for the fall semester and by October 15 for the spring semester. A weekly seminar accompanies student teaching. The candidate will teach for seven weeks of full day class instruction. This experience may not be with the same teacher, the same grade level, or the same subject used in Student Teaching I. Teaching Performance Assessment Task 4 (Culminating Teaching Activity) will be prepared and submitted (passing score of 3 or 4 is required).

The student will be able to practice and sharpen performance skills in a ministry setting working alongside an experienced qualified supervisor. Opportunities will be provided for participation in planning, organizing, and administering a youth ministry.
Graduate Studies

Master of Arts in Teaching

Dear Candidate,

Welcome to William Jessup University. You have chosen a noble and rewarding profession. Soon enough you will be in your own classroom teaching and leading others through the educational endeavor. At Jessup, the faculty believes that knowledge and skills alone are not enough to be effective change agents in the educational environment. When I think of my favorite teachers they were people of exceptional character. More specifically, they displayed love, joy, peace, patience, kindness, goodness, gentleness, faithfulness, and self-control, to name a few. I am sure that you can think of many more examples. Over the years, my research has confirmed that the number one factor contributing to a student’s “favorite teacher” is a character trait. That is why we emphasize the importance of preparing educational leaders with the knowledge for their heads, the skills for their hands, and the character for their heart.

Master of Arts (M.A.T.) in Teaching candidates will embark upon a journey where collaboration, connection, and commitment will take place in an accelerated cohort model. This journey will move swiftly. Increasingly, many of us are distracted by technology and other various entertainment entities that compete for our attention. Our hope is that you enjoy the journey and are engaged with each experience involved with your degree. The journey will have coursework, fieldwork, character development, state mandated examinations, and a culminating thesis paper. The program has adopted the Scholar-Practitioner theoretical framework that desires to produce effective classroom instructors that understand how to research and assess their own work. Some individuals come with a well-developed scholar background and would like some support with the practice to become more comfortable with teaching. Others come with a well-developed practitioner background and would like support with the scholar side of understanding research. Whichever your case is, we have a place for you in our program. Upon the completion of the M.A.T. you will have earned a Master’s degree and a California Preliminary Teaching Credential. You can be certain that this journey will provide you the expertise required to be an effective leader of learning in a variety of educational settings.

Thank you for choosing us to be a part of your transformation.

God Bless,

Nathan Herzog, Ph.D.
## General Information

### Program Expectations

All candidates participating in the Master of Arts in Teaching will have some degree of transformation. However, it is expected that each candidate bring with them the wealth of knowledge, depth of content, and life experience into their graduate level education. Furthermore, each candidate will complete introductory, practice, and demonstration assignments with their best effort. Candidate’s best efforts will help to develop the Scholar-Practitioner graduate culture at Jessup. While engaged in the graduate culture at Jessup, candidates will thrive spiritually, receive a quality liberal arts education, and develop highly employable skills.

**Classes eligible for Private School Teaching Waiver and supplement.**

The CTC and California Education Code allows for private school teachers with prescribed teaching experience to waive (in lieu) the student teaching experience and the California Teacher Performance Assessment (CalTPA) requirements. CTC verifies the candidate’s teaching and teacher performance expectations (teaching standards) competency. In the M.A.T.’s program, EDU 575 & EDU 576 Student Teaching 1 & 2 courses and the associated student teaching and CalTPA tasks are used to help affirm a candidate’s teaching and standards competency. These courses account for 12 units of the 45 unit M.A.T. program.

The program requires a candidate to have CTC approval and a complete a Private School Teaching Portfolio including a letter by the candidate requesting a program waiver of EDU 575 & EDU 576 which includes reflection on areas of teaching strengths, relative weaknesses and a path for continued professional develop. Secondly, the portfolio is to include the school and principal name(s), dates, and grade levels/subjects taught during the 3-5 years documented for the CTC waiver. Additionally, the portfolio will include teacher evaluations, existing letters of commendation or recommendation, recognitions/awards, testing documentation, professional development, and a letter of recommendation from the site principal/supervisor speaking to the candidate’s teaching competency and expertise concluding with an interview with the candidate’s program advisor.

Upon approval from the M.A.T. program, the student will waive 6 units of EDU 575 and supplement 6 units of 576 with EDU 577, 578, and 579.

Cohort Delivery Model

The M.A.T. is an accelerated program where cohorts meet one night a week for three hours (6-9 PM). Every course is a hybrid course where some of the new learning takes place through our LMS Moodle at home. Every course in the program has minimum Moodle requirements. While some courses require additional rigor, all courses will have at least two new topics of study, two online discussions, and one additional assignment. The face-to-face course time may or may not discuss these tasks in person.

Orientation

Prior to the first class meeting the M.A.T. office will host a scheduled orientation where candidates can complete the majority of the business office requirements. At this orientation, the first course expectations and assignments will be explained. You will also receive the text books for the first semester.

Admission Requirements

Admission decisions are made by full-time faculty in the Liberal Studies and Credentialing Department using a combination of factors, including academic degree(s), records and experiences. Applicants will be admitted to the program based upon enrollment availability and their ability to meet the following minimum recommended entrance requirements.

All the following documents and are to be submitted to the WJU Graduate Programs Admission Office:

Résumé/curriculum vitae

A résumé, or curriculum vitae, documents your prior work experience, publications, honors and awards received and a summary of your educational experiences and degree.

Personal Statement
A personal statement includes why you want to teach, your professional goals, attributes and qualities that you possess that make you a good candidate for the program, and any special interests and/or experiences you believe to be important for the admission committee to know. (Two-page maximum)

**Character Essay**

Essay Topic: We believe the essential character traits of a great teacher are found in Galatians 5:22-23. Choose one of these traits and explain how it might be applied in a classroom. This essay is to represent your thoughts and the quality of work you would produce during your graduate program; two-page maximum.

**Three Letters of recommendation**

From individuals who can assess your character, academic potential, professional commitment, and/or experience. Highly encouraged to have two letters from professional educators. Letters from friends and peers should be limited.

**Examinations**

- Verification of Pass scores on:
  - CBEST(s) or equivalent [http://www.cbest.nesinc.com/](http://www.cbest.nesinc.com/)
  - CSET Examination for appropriate credentialing subject or completed the appropriate [http://www.cset.nesinc.com/index.asp](http://www.cset.nesinc.com/index.asp)
    - For direct William Jessup University
    - CBEST and CSET score reporting,
      - the Institution code # is [001281](http://www.cbest.nesinc.com/index.asp)
  - Optional: Other relevant examinations

**Baccalaureate degree**

Official transcripts from a regionally accredited college or university verifying an earned baccalaureate degree

**Undergraduate 3.0 or better GPA**

Official transcripts showing an undergraduate 3.0 plus GPA is an indicator of academic potential and success at the graduate level. Applicants not meeting this standard are not automatically disqualified; however, they should provide an explanation of prior performance and describe the experiences and skills they believe indicate the ability to succeed at the graduate level.

**Certificate of Clearance**

The Certificate of Clearance is a document issued by the California Commission on Teacher Credentialing to an individual who has completed the Commission’s fingerprint and character and identification process and whose moral and professional fitness has been shown to meet the standards as established by law. See [Credential Leaflet CL-900](http://www.ctc.ca.gov/credentials/leaflets/cl667.pdf) for details on applying for the Certificate of Clearance.

**Tuberculin Test (TB) Clearance**
We adhere to the strictest interpretation of the California Education Code (Section 49406). An applicant must show evidence of passing a TB in the past year.

**Educational Field Experience**

List and describe at least 90 hours of educational field experiences within the last three years. These experiences might include teaching, missions work, coaching, volunteering, and others.
M.A.T. Graduate School Policies and Procedures

Transfer Credit
A maximum of nine (9) semester units of transfer coursework is acceptable toward meeting M.A.T. requirements, provided that a grade of B or higher was earned and the courses have not been counted toward any previous degree. If the school granting the credit for transfer is regionally accredited and would accept the work for graduate credit toward its degree programs, it may be considered for inclusion in the M.A.T. program. Transfer credit must be approved by the Coordinator of Graduate Studies for content.

Registration and Enrollment
To register, please contact the SPS office at Jessup.

Maintaining Good Academic Standing
As a candidate admitted to the M.A.T. program, you must maintain a minimum 3.0 grade point average in every course taken subsequent to admission to the M.A.T. program, whether in your approved program, other Jessup courses, or coursework taken at another accredited institution. Failure to maintain a 3.0 average in any category will result in academic probation in the M.A.T. program. Failure to remedy the deficiency within one semester with appropriate courses approved by the Coordinator of Graduate Studies will result in disqualification from the M.A.T. program. Candidates disqualified from the M.A.T. program will not be allowed to enroll in any regular session of Jessup for at least one year, and must reapply and be admitted to a program in order to return to regular enrollment.

If at any time in and over the duration of the M.A.T. program a candidate earns less than 3.0 average in two or more courses, a candidate will be disqualified from the program, will not be allowed to enroll in any regular session of Jessup for at least one year, and must reapply and be admitted to a program in order to return to regular enrollment.

If your major department finds that you do not satisfy established criteria in the discipline, you will be terminated in that discipline upon the graduate school’s receipt of a letter from the Coordinator of Graduate Studies requesting such termination.

Full-time Status
Except as noted below, full-time graduate candidates are those who are admitted to the M.A.T. program and carry at least eight (8) semester units.

Graduate Courses
While a graduate candidate may enroll in courses at any level, only courses in the 500 or 600 series may be counted toward the M.A.T. program. Any course to be counted toward the M.A.T. program must be acceptable for graduate credit by the discipline offering the course.

Maximum Course Load
M.A.T. candidates may not register for more than 16 units of work in any semester without the approval of your advisor. The typical M.A.T. degree requires four semesters for completion, and it is strongly recommended that candidates register for no more than 12 units each semester – this includes courses taken at other institutions.

Repeating Courses with Forgiveness
Once the bachelor’s degree has been awarded, candidates may not raise their undergraduate grade point average by repeating a course originally taken as an undergraduate. M.A.T. candidates may repeat one course with forgiveness if specified requirements are met. To repeat a post-baccalaureate course to raise
one’s grade point average, a petition for forgiveness must be filed with the registrar in the semester that the course is repeated.

**Adding/Dropping**

Candidates withdrawing from a course must submit a Petition to Drop form to the SPS office. Candidates who submit a Petition to Drop before the first class session will not receive a penalty and the course will not appear on the candidate’s permanent transcript. Candidates who drop a course after the first class session ends will receive a W on their permanent transcript. The Petition to Drop Form is to be submitted to the SPS office. The effective date of the drop will be the postmark, fax date and time (original must follow by mail), or date and time received personally by SPS staff. Failure to withdraw from class by submission of a Petition to Drop will result in an F being entered on the permanent transcript for the class and any refunds for the class are forfeited.

A candidate who has officially dropped a class and who is no longer registered for credit or for audit is ineligible for further attendance in that class. Dropping a class may affect the candidate’s financial aid. It is the candidate’s responsibility to contact the Financial Aid office for information.

**Attendance**

Due to the accelerated nature of the M.A.T. courses, the program practices a 100% attendance policy. Consistent class attendance is mandatory for candidates.

**First absence:** Candidates who miss one class of a five-week course are expected to make up the class by writing a 10-12 page paper that relates directly to the discussion covered in the missed class. The session make up must be completed and submitted to the instructor no later than 2 weeks after the last class session for the course. Failure to make up the absence will result in a grade reduction. This paper is in addition to the original homework assignment that must also be completed.

**Second absence:** (This applies to candidates who have not filed a drop card according to policy for a course. Please refer to the policy on dropping a course for details) Any candidate who misses the FIRST TWO nights of any course without a Petition to Drop has not established attendance and will receive an “Unofficial Withdrawal” from the class, earning a “U” grade. Candidates who miss two nights of class in ANY OTHER COMBINATION will automatically receive an “F” grade. In each case, the course must be repeated at a later time at the candidate’s own expense. Financial consequences may result. Financial Aid may be affected. The candidate is responsible to contact the Financial Aid office for information.

If there are extreme and extenuating circumstances that necessitate a second absence beyond the control of the candidate, a candidate may petition the automatic U/F received after the second absence. A Second Absence Petition for Reinstatement in Course must be completed and filed within 48 hours of the second absence. In such a case, the Education Graduate Committee will review the petition in order to:

- determine whether the absence warrants special accommodation, and
- determine what that accommodation should be, given the circumstances.

In most cases, if such an accommodation is granted, the candidate will be required to meet with the instructor for a make-up study over the material they missed in the course. In this event, a fee will be charged to cover the cost of the make-up study. The Education Graduate Committee will consider the following factors in rendering their decision:

- The nature and reasons for both absences
• Whether the candidate has had a previous request during their academic career of a similar nature, and
• The overall academic performance of the candidate with no other late work outstanding

Leave of Absence
A Leave of Absence (LOA) may be granted by petition for up to one year. Doing so enables candidates to return and complete a degree program under the requirements in place at the time they took the leave. If the candidate does not resume classes at the end of the LOA period, he/she will be considered to have been out of school since the last day of the term in which he/she was last enrolled and attending class. Please note that Academic Leave of Absence is different than Leave of Absence for the purposes of financial aid. For financial aid purposes, you will be considered withdrawn from Jessup after one term without taking any coursework as the leave of absence for financial aid is no longer than six months. This will affect the repayment schedule for any Title IV federal loan funds and may place the candidate in immediate repayment status. Candidates considering an Academic LOA should therefore contact Financial Aid to discuss the implications of their decision.

Readmission
Candidates seeking to readmit themselves into the M.A.T. program have two possibilities:
• Leave of Absence Candidates: those graduate candidates that are under the “leave of absence” status can simply register for courses by completing an add/drop form available on the www.Jessup.edu website. This form can be submitted to the Credential Analyst for review and approval.
• Candidates not under a leave of absence: those graduate candidates that are returning to the program but have not maintained the “leave of absence” status will need to reapply to the institution and they will fall under the new catalog and curricular requirements.

Program Time Limit
M.A.T. candidates must complete all requirements for a master’s degree no later than seven years from the end of the semester of enrollment in the oldest course on the approved program. In special circumstances, an extension of the program time limit may be granted to a maximum of no more than two additional years. The extension may require taking additional coursework and dropping expired courses from the approved program, or validating expired coursework (see “Validation of Expired Coursework”). The approval for the extension and the duration of the extension are determined by the petitioner’s Education Graduate Committee, the Coordinator of Graduate Studies, and the Provost, in that order.

M.A.T. Continuation Status
Candidates that do not complete the Thesis requirements within the allotted time may continue working on the Thesis, subject to department approval. All candidates will have seven years to complete the M.A.T. program starting with the beginning of the program, before they are disqualified from earning the degree.

M.A.T. Academic Probation
Candidates that fall below the required 3.0 will be placed on Academic Probation. If a GPA of 3.0 or higher is not achieved in the following semester, the candidate will be disqualified from the program.

M.A.T. Disqualification
Candidates can be disqualified from the M.A.T. degree for the following reasons:
• Inappropriate character antithetical to the Jessup culture. This may take place on the Jessup campus or with a partnering school/district.
• Multiple unsuccessful attempts at State Mandated Examinations (CBEST, CSET, RICA, TPAs)
• Academic probation due to low academic performance or GPA.
• M.A.T. degree work extending past seven years.

M.A.T. Appeals
Appeals may be filed at any point in the program by a candidate to the M.A.T. Education Graduate Committee. Appeals are appropriate when the candidate believes that proper procedure or policy was not followed during a relevant M.A.T. event. When submitting an appeal please send the following information to the Coordinator of Graduate studies:

• Name
• Reason for Appeal
• Desired outcome
• Rationale for desired outcome
• Any relevant documents

Please note that instructors have complete autonomy with grades and assignments. Like all situations, please direct your first level of communication to the instructor. In the event that a candidate feels that a grade was wrongly applied to the course the candidate should direct all correspondence to the instructor.

MAT Resources

Discovery
Discovery is Jessup’s password protected Intranet where you can access current information and documents. You can log into Discovery at discovery.Jessup.edu with your Jessup username and password. The documents available relate to fieldwork, lesson/unit plan, employment resources, surveys, TPAs, and other general information. These documents are updated regularly. Do not carry over documents from previous courses.

The Learning Commons Privileges
The Learning Commons in the Paul Nystrom library is a resource for support. There are a variety of services available to you as a Jessup graduate candidate. Some of the resources available are:
- Paul Nystrom Library
- Tutoring
- Teacher Resource Center
- Online Resources
- Counseling and Psychological Services
- Advocacy Resources

Information Technology Support
If you have an issue with technology equipment please contact IT Helpdesk. The best way to contact is via email. The instructors are not technology experts. Please be sure that you have compatible hardware/software for the program requirements. M.A.T. candidates will be expected to perform word processing tasks, spreadsheet tasks, regularly utilize the internet, communicate through e-mail, and similar tasks. Microsoft Office is the software used by the department. The latest version of MS Office is highly recommended and typically offers a student discount with purchase. You will also need Adobe Acrobat to view many of the department documents. There is a free version that you can download online.

It is essential that you complete your assignments on time. Technology can be unpredictable especially in the classroom. Candidates that wait until the last minute to complete assignments may be at more risk of
equipment not functioning properly. Please have a backup plan. Candidates that have technological malfunctions will not be granted more time for projects/assignments.

**Moodle Support**

This program employs the use of Moodle as an online classroom management tool, enabling all homework and class resources to be managed on a virtual basis. If you have an issue with Moodle do not hesitate to contact the Moodle support team. They are available 24 hours a day and seven days a week.

- Prior to Week 1 of a course, log into Moodle through Discovery. Your username and password for Moodle are the same as those used for all other university resources. Simply enter your first initial and full last name, and then your current password. *Course Name* should be listed on your home page under the category “My Courses.” Log in to Moodle and enter the *Course Name* section before the first class. This login process will complete your enrollment in Moodle for this class. Supplemental materials, assignments and any course changes will be posted in Moodle. Additional learning resources including screen capture tutorials are available in the general announcements.

- Review any additional resources or assignments within the week posted by the instructor and complete these assignments as specified. All written work and other designated task are to be turned in through Moodle to the assignments initiated by instructor. Your instructor will provide more information on the use of Moodle for this course.

- All Moodle assignments are due before the next class meeting. Late Moodle assignments will be reduced by at least one letter grade. No Moodle assignments will be accepted one week after the due date.

- On Moodle there are three types of tasks: *Studies, Discussions, and Assignments*.
  - **Studies** are areas that the candidate needs to study or learn on their own. For example, a study may be to read a chapter out of a book, to watch a video, to read an article, to interview someone, and much more.
  - **Discussions** are statements, prompts, or questions that relate to the studies and challenge the Candidate’s thinking. All discussions must be posted on Moodle two to three days before the class meets. All Candidates are required to reply to two classmate’s posts. Each reply must be significant. That is, a reply should further the discussion, consider another point of view, or point out contradictions in the argument. Both replies must be completed by the next class meeting. It is critical that your initial post be posted early in the week so that your classmates have adequate time to respond to each other.
  - **Assignments** are those larger tasks that only the instructor will see. Assignments must be posted on Moodle prior to the next class meeting.

**Graduate Program Financial Aid**

**Financial Aid**

The Financial Aid office is here to assist Jessup graduate candidates in obtaining financial aid to help pay for education costs. The staff is available to assist you with filling out forms and to answer the many questions that arise regarding financial aid. Your education is an investment in your future and our goal is to assist you in any way possible with the cost of this investment. Therefore, Jessup has created certain institutional scholarship opportunities and also participates in the Federal Direct Loan Program to help you
fill the gap between the cost of your education and your ability to pay. All Graduate level financial aid information can also be accessed online at http://www.jessup.edu/financial-aid/graduate/.

### Policies Regarding Outside Aid

Students are encouraged to investigate other sources of financial assistance, including churches, employers, corporations, Internet scholarship searches and other organizations. Lists of available internet scholarship searches may be obtained from the Financial Aid section of the WJU website ([http://www.jessup.edu/financial-aid/forms-resources/](http://www.jessup.edu/financial-aid/forms-resources/)).

Students who receive financial aid are required to report to the Financial Aid Office **all** scholarships and other resources known or expected to be available to contribute to the cost of each year of school (e.g. church assistance, scholarships received at awards ceremonies, employer assistance, etc.). Failure to report these resources may result in delay in receiving funds, cancellation of awards, or the reversal of funds already received.

Whenever possible, Outside Aid is simply added to the other scholarships and grants a student receives. Unless required by other federal, state or institutional policies, no other awards will be reduced.

All institutional aid is subject to coordination with federal, state, and all other aid sources. Availability of all aid is subject to federal, state, institutional, and private funding.

### Student Loan Eligibility

Candidates enrolled in graduate programs are eligible to receive an Unsubsidized Direct Loan for up to $20,500 per academic year. In an attempt to help you be a wise borrower, the Jessup Financial Aid office will only award you student loans that cover your direct, billable costs.

Should you require additional funding, you may also apply for a Graduate PLUS Direct Loan. Unlike an Unsubsidized Loan, a Grad PLUS Loans does take into account your financial history and is subject to a credit check. Please contact your Financial Aid Counselor for more information on the application process for Graduate PLUS Direct Loans.

Candidates may elect to pay the interest while in school (recommended) or have the interest capitalized into the principal balance of the loan (an less desirable option which will significantly increase your overall student loan debt when you are finished with school).

To be eligible for student loans, you must be enrolled at least half-time (a minimum of 6 units per semester). You also need to achieve Satisfactory Academic Progress (see the SAP section below)

### Student Loan Application Process

Graduate candidates are required to apply for financial aid each year in order to qualify for Federal Direct Loans. The Free Application for Federal Student Aid (FAFSA) must be completed annually in order to determine your eligibility. If you choose not to complete the FAFSA, you will not be eligible for any financial aid at Jessup. Please refer to the following steps in order to apply for financial aid:

2. An electronic Student Aid Report (SAR) will be e-mailed to you in the next few days (check your junk mail) confirming that your FAFSA has been processed and sent electronically to Jessup.

3. Complete all admissions requirements and ensure that you have submitted all required documents to the Financial Aid office.

4. You can expect to receive a Financial Aid Offer Letter within 2-3 weeks of acceptance to Jessup. Review the letter, accept the aid you would like to receive, sign the letter, and return a copy to the Financial Aid office. However, you can also view and accept your financial aid package online in your candidate portal.

5. If you choose to accept your loan eligibility, you will need to complete:
   a. Master Promissory Note (MPN)
   b. Direct Loans Sub/Unsub Entrance Counseling

Note: Both of these steps can be completed at https://studentloans.gov/.

Satisfactory Academic Progress (SAP) Policy

The standard length of the Master of Arts in Teaching program is 2 academic years, in which time 45 semester units must be completed. In order to be eligible for federal, state or institutional aid, ALL students (regardless of Title IV eligibility and regardless of full-time or part-time status) must maintain satisfactory academic progress (SAP) according to the University’s policy.

This policy requires a student to have a cumulative GPA of at least 2.000 at the time of SAP assessment, not have a term GPA of below 2.000 for 2 consecutive semesters and successfully complete a minimum of 66.67% (2/3) of classes in the terms which the student was enrolled each academic year. This percentage is known as the pace of completion. Completing courses at this pace ensures that every student will complete degree requirements within 150% of the standard length of the program (2 years x 150% = 3 years).

To determine the pace of completion, divide the cumulative units successfully completed by the cumulative units attempted. As long as this percentage stays at or above 66.67 % (22.50 units per academic year), a student can be assured they will complete degree requirements in the federally required time frame.

Withdrawals, incomplete courses, repeating courses, non-credit remedial courses and units transferred in from other colleges have the potential to affect the pace of completion. Withdrawals lower the number of successfully completed units. Incomplete courses not completed in a timely fashion act essentially as a withdrawal and also lower the number of successfully completed units. Repeated courses are counted as attempted each time, but only as completed one time. All situations will lower a student’s pace of completion.

Non-credit remedial courses do not count as either attempted or completed, but do have the possibility of extending the time of completion beyond the 150% timeframe and must be carefully monitored by the student to ensure the length of the program is not exceeded.

Units transferred in from other colleges may actually help the pace of completion, as these units are counted on a 1:1 ratio for units completed and units attempted.

Students will be reviewed annually for SAP compliance at the end of every Spring semester (or more frequently if deemed necessary by any member of the Financial Aid Office) - looking back on enrollment in
the previous 3 terms (the most recently completed Spring, the previous Fall, and the previous Summer). Students who have not met the requirements for SAP immediately lose eligibility for all types of financial aid in the future.

Any student who loses financial aid eligibility for failing SAP does have the right to appeal to the Financial Aid Committee if extenuating circumstances have occurred such as medical problems, family emergencies, a death in the family, or other unique circumstances determined applicable by WJU.

An appeal is a request for reinstatement of financial aid eligibility and is initiated by completing the Satisfactory Academic Progress Appeal Form, available at www.jessup.edu/financial-aid/forms-resources/. The appeal must address why the student failed SAP and what has changed in the student’s situation which will allow them to successfully achieve SAP by the next evaluation period.

Financial aid eligibility may or may not be reinstated at the discretion of the Financial Aid Committee. If an appeal is granted, the student will be placed on Financial Aid Probation and financial aid eligibility will be reinstated for one semester. Specific criteria for successfully moving off Probation as well as a student-specific timeline for meeting those criteria will be outlined in a ‘Probation Granted’ letter to the student. The timeline will generally be the next semester (or defined period of enrollment), but can be extended if the Financial Aid Committee deems it appropriate to the situation. Failure to satisfy the terms of the Probation will result in immediate loss of all financial aid eligibility for subsequent semesters.

A student who fails to meet the terms of the Probation may submit a subsequent appeal for reinstatement by repeating the appeal process outlined above. Generally, after failing SAP in two successive semesters, a student may not be granted Probation again until achieving satisfactory progress without any financial aid. Exceptions will be considered on a case-by-case basis.

NOTE: It is possible for a student to fail SAP (and not be eligible for financial aid) but not be academically dismissed from the school. In this situation, a student has successfully earned the right to completely pay for school on their own. Financial Aid SAP and WJU’s Academic Probation/Dismissal policies are different. Please refer to the registrar website (www.jessup.edu/registration-and-advising/academic-policies-and-procedures/) for specific details on Academic Probation and Academic Dismissal.

M.A.T. Program Requirements
Program Objectives
Upon completion of the program, a candidate will be able to:
1. Make subject matter comprehensible to students
2. Assess student learning
3. Engage and support student learning
4. Plan instruction and design learning experiences for students
5. Create and maintain effective environments for student learning
6. Develop as a scholar practitioner

Admission requirements
Refer to back page of cohort schedule for admission requirements.

Character Development requirements
At Jessup, our graduates are prepared with tools for their head (knowledge), hands (skills), and heart (character). Today people are faced with growing moral decisions that require all three of these skills. For example, the internet, television, billboards, and much more force our young people to develop character at a young age. It is essential that we prepare our students with the knowledge, skills, and character to determine appropriate thoughts, feelings, and actions. As a result, tools for the head, hands, and heart are essential to a Christian Liberal Arts education.

The Department of Education defines character as the fruit of the spirit from the bible. As a Christ-centered liberal arts university, we look to the bible as the authority of what is morally and ethically appropriate. The bible identifies the essential character pieces as fruits that should be displayed by those that have the spirit within them. To list, the fruit of the spirit are love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, and self-control (Galatians 5: 22-23). The manifestation of these fruits displays the appropriate thoughts and feelings rooted in a sound moral identity. Character development at Jessup has two primary goals which include intrapersonal character development and interpersonal character development.

Course work requirements

EDU501. Teaching and Learning in the Classroom (3)
Teaching and Learning in the Classroom is a course designed to introduce and explore the educational paradigm historically and philosophically. Candidates survey curriculum practices, teacher effectiveness and the concepts and issues related to K-12 education. Development of personal knowledge base and understanding of the following areas will be enhanced: 1) the competing purposes and values of schools in our society, 2) the nature of the teaching profession, 3) the related impact of local, state, and federal government policies on schools, 4) current educational issues related to health, safety, laws, and protection and 5) effective instructional design. Field experience will be required in the area of observation. The candidates will be introduced to the vital character traits associated with effective teachers.

EDU505. Literacy Instruction Across the Curriculum (3)
This foundational course prepares the candidate to assess students’ language level, make appropriate lesson plans, develop methods to help the student learn to read and write, and evaluate the student’s progress toward being able to read and write the English language. The historical significance of vocabulary will be discussed; including Greek, Latin, and Anglo-Saxon roots. The candidate will learn to make these applications for students with different grade and age levels. This course helps all subject area and grade level teachers to implement reading and writing across the curriculum.

EDU506. Psychological Foundations for Education (3)
This course focuses on explanations of how people learn, including people of ethnic and cultural diversity. Theories and research are included with emphasis on practical applications, such as methods used to improve learning and teaching, and how learning relates to motivation, personality, development, creativity,
and perception. The appropriate developmental needs associated with child, adolescent, and young adult years within grades PreK-12 will be evaluated. Current brain-based research and its application are reviewed.

**EDU507. Social Cultural Foundations (3)**
This course enables future teachers to examine a broad overview of concepts and issues of multicultural education and the pedagogical implications for teachers in a pluralistic society. Candidates will learn concepts and strategies for infusing cultural understanding across all subject areas and grade levels into the classroom. Candidates will reflect upon the new knowledge acquired to develop a multicultural perspective. This course prepares teachers to provide subject specific and developmentally appropriate teaching practices, to provide equal access for all students, to educate English language learners, and to create a professional English language development plan.

**EDU508. Curriculum and Instruction I: Designing and Assessing Instruction (3)**
This course is designed for teaching candidates to learn methods and curriculum planning for teaching and learning in public/private elementary, middle, and high schools. The primary focus will be placed on learning best practices with designing instruction, universal access, and evaluation. Each candidate will be required to demonstrate how language arts will be taught across the curriculum. Multiple subject candidates will focus their curriculum and content design in Math and Science (including statistics and probability). Single Subject candidates will focus their curriculum and content design in their selected credential area.

**EDU509. Curriculum and Instruction II: Creating and Maintaining Effective Environments (3)**
This course is designed for Teaching Candidates to learn methods and curriculum planning for teaching and learning in public/private elementary, middle, and high schools. The primary focus will be placed on learning best practices with maintaining effective learning environments and classroom management within the subject area(s). Each candidate will be required to demonstrate how language arts will be taught across the curriculum. Multiple subject candidates will focus their curriculum and content design in visual and performing arts, social science, history, physical education, and health. Single Subject candidates will focus their curriculum and content design in their selected credential area.

**EDU570. Initial Student Teaching (1)**
Serving as a classroom assistant, the candidate will learn about the dynamics of classroom preparation and instruction. The candidate will demonstrate specific pedagogical skills for subject matter instruction, the interpretation and use of assessments, making content accessible to students, developmentally appropriate teaching practices, and effective teaching for English learners. The Subject Specific Pedagogy Teaching Performance Assessment Task will be prepared and submitted. A passing score of 3 or 4 is required.

**EDU571. Integration of Faith (3)**
In this course, candidates will discuss theory and practice associated with integrating their life into faith. A variety of theoretical frameworks will be discussed to analyze, strengthen, modify, and develop ones worldview. The course will begin with awareness to help bring consciousness to a variety of positions. Once an individual is aware they are able to make decisions when faced with challenges. Many of the struggles associated with teaching and learning in a secular environment will be discussed. Once an individual is aware and they make decisions they can characterize what they have learned into their own worldview. Some of
the conflicting worldview topics may include art, culture, love, sex, gender, and violence. Appropriate best practices and methods of Christians in the workplace will be evaluated.

**EDU572. Research Methods and Statistics (3)**

This course is designed to provide an in-depth view of quantitative and qualitative research methods in the social sciences. Topics covered include: (1) hypothesis formulation and theory construction (2) the measurement and evaluation of sociological variables (3) data collection techniques - experimental, survey, and observational (4) and data analysis using sophisticated tools. By the end of this course, you should be able to conceptualize a research problem and develop a number of complementary design, measurement, and data collection approaches to bring evidence to bear on the problem. You should be able to prepare a research proposal, and critically evaluate the quality of evidence in published research. Furthermore, candidates should appreciate both the strengths and the limitations of sociological research techniques, and will hopefully have a solid foundation for beginning to conduct research on their own.

**EDU575. Student Teaching I (6)**

This course will allow candidates to practice and demonstrate how to appropriately design instruction and design, implement, and analyze assessments within a variety of grade levels and subject areas. The latest research on effective research will also be evaluated. The course will provide support and sharing of best practices among student teachers where strategies and value added experiences can be collaborated.

Connected to the course is the seven week full-day student teaching field experience. Candidates will teach under the guidance of a Jessup supervisor with the cooperation of a credentialed master teacher in a traditional classroom. In the field candidates should experience preparation, instruction, assessment, cumulative files, STAR results, IEPs, SSTs, RTI, PLC, faculty meetings, and a variety of educational experience relevant to the individual school or district. At least one of the student teaching placements must be in a Title I diverse school/district. Multiple subject candidates are required to have one placement in a lower elementary (K-3) grade and another in an upper elementary (4-8) grade that is self-contained. Single subject candidates must have two separate placements within their desired subject area that require a separate grade level or prep.

The course is open to multiple subject and single subject credential candidates who have met all requirements according to the student teaching application and the student teaching handbook. The candidate will prepare the Designing Instruction Task and the Assessing Learning Task of the California Teaching Performance Assessments. Candidates must pass the each TPA by a score of 3 or 4.

**EDU576. Student Teaching II (6)**

This course will allow candidates to practice and demonstrate how to appropriately design instruction and design, implement, and analyze assessments within a variety of grade levels and subject areas. The latest research on effective research will also be evaluated. The course will provide support and sharing of best practices among student teachers where strategies and value added experiences can be collaborated.

The candidate will prepare the Culminating Teaching Experience of the California Teaching Performance Assessments. Candidates must pass this TPA by a score of 3 or 4.

This course guides candidates through the process of writing either their thesis following the guidelines/practices of their field. Depending on student abilities, course topics generally include idea organization and development, word choice, advanced grammar, and revising their own writing. Plagiarism and citation of sources are also covered. Individualized attention is an integral part of the course.

EDU577. CalTPA Task Assessing Learning (2)
This course is designed to support a candidate as s/he completes CalTPA Task Assessing Learning (AL). This six-step written task requires the candidate to design developmentally-appropriate student assessment activities, based on state-adopted academic standards, which measure student learning. Planning for assessment includes the whole class and two specific focus students (an English Learner and a student with identified special needs). The candidate will conduct the assessment(s); analyze the outcomes to diagnose student instructional needs; and reflect on the assessment experience. This task is completed during an actual K-12 teaching experience.

EDU578. CalTPA Task Designing Instruction (2)
This course is designed to support a candidate as s/he completes CalTPA Task Designing Instruction (DI). This five-step written task requires the candidate to make appropriate connections between what s/he knows about the K-12 students in her/his class and instructional planning based on state academic content standards. Planning for instruction includes the whole class and two specific focus students (an English Learner and a student with a different instructional challenge). This task is completed during an actual K-12 teaching experience.

EDU579. CalTPA Task Culminating Teaching Experience (2)
This course is designed to support a candidate as s/he completes CalTPA Task CTE. This six-step written task requires the candidate to plan a standards-based instruction for the whole class, make appropriate adaptations, manage the classroom and resources, teach and video record the lesson, assess student learning, and reflect on the overall process.

This course guides candidates through the process of writing either their thesis following the guidelines/practices of their field. Depending on student abilities, course topics generally include idea
organization and development, word choice, advanced grammar, research methodology, research data analysis and statistics, and revising their own writing. Plagiarism and citation of sources are also covered. Individualized attention is an integral part of the course.

Thesis I is part one of a two-part thesis sequence. In this course candidates will complete chapters one through three of the proposal, collaborate with a participating school, and coordinate with their mentor. The reading and writing assignments and in-class activities will be determined by the specific needs of the students in this class, i.e., their level of language proficiency and current knowledge of proposal and thesis writing. Considerable attention in class is given to the rhetorical and grammatical analyses of sample thesis proposals or chapters, while in writing conferences candidates discuss their thesis (specific chapters) writing. This course also discusses the writing conventions of various kinds of academic correspondence.

**State mandated Assessments**

- **CBEST** California Basic Educational Skills Test (Must be taken and passed before beginning program. If all four CSET tests are taken and passed, it waives the basic CBEST requirement.)
- **CSET 101** Reading, Language and Literature, History and Social Science (must be taken and passed before beginning student teaching)
- **CSET 102** Science, Mathematics (must be taken and passed before beginning student teaching)
- **CSET 103** Physical Education, Human Development, Visual and Performing Arts (must be taken and passed before beginning student teaching)
- **CSET 104** Writing Competency
- **RICA** Reading Instruction Competence Assessment (incorporated into program)
- **TPA** Teaching Performance Assessment Tasks 1, 2, 3, 4

**Fieldwork requirements**

- **Observation**
  Course: EDU 501 - 6 hours of observations are required.

- **Assisting**
  Course: EDU 570 - Initial Student Teaching

  **Assisting Guidelines**
  Candidates are required to assist one teacher for six hours. This assignment must be completed within the five weeks of Initial Student Teaching. Candidates will also complete their first Teaching Performance Assessment Subject Specific Pedagogy and apply it to their assisting experience. The six hours may be completed in one day or spread out over several days.
Student Teaching
Courses: EDU 575 - Student Teaching 1 and EDU 576 - Student Teaching 2
For all requirements please refer to the Student Teaching Handbook (available on Discovery).

Thesis
Courses: Thesis 1 and Thesis 2
The Thesis will be a group project. The groups should be 3-4 candidates. Each group will be required to partner with a school site and a university mentor to determine a topic suitable to Action Research that will contribute to the literature in the educational field. For more information refer to the Thesis portion of this handbook.

Master of Arts in Teaching Thesis Overview

Thesis Types
The Department of Education defines the Thesis as having four major parts: pre-text pages, text (5 chapters), documentation, and appendices. These four parts of the Thesis are explained in the following sections.

Thesis Ethics
As candidates engage in original research and problem solving that demonstrate independent original contributions to their disciplines, University policies and personnel support the highest standards of academic honesty. Consult the handbook or Coordinator of Graduate Studies to determine the appropriate disciplinary conventions for conducting research.

Misconduct
If the review of graduate work by faculty and committee members or in technology-assisted audits raises allegations of misconduct in research, coursework, or the culminating activity, the relevant program coordinator will determine the merits of the allegation of plagiarism or misuse of sources and possible disciplinary action.

Plagiarism Defined
Jessup, like the Council of Writing Program Administrators, distinguishes between plagiarism and the misuse of sources:

“In an instructional setting, plagiarism occurs when a writer deliberately uses someone else’s language, ideas, or other original (not common-knowledge) material without acknowledging its source. This definition applies to texts published in print or online, to manuscripts, and to the work of other student writers.” (www.wpacouncil.org)

Plagiarism includes claiming credit for the artistic or creative work of someone else, such as a map, graph, musical composition, photo, electronic image, painting, drawing, sculpture, design, or computer code. Obtaining unauthorized assistance from another person in the writing of a comprehensive examination is also plagiarism.

The most likely disciplinary outcome of plagiarism in any completed culminating activity will be expulsion from Jessup without possibility of readmission.

Misuse of Sources Defined
“Ethical writers make every effort to acknowledge sources fully and appropriately in accordance with the contexts and genres of their writing. A candidate who attempts (even if clumsily) to identify and credit his or her source, but who misuses a specific citation format or incorrectly uses quotation
marks or other forms of identifying material taken from other sources, has not plagiarized. Instead, such a candidate [has] failed to cite and document sources appropriately.” (www.wpacouncil.org)

Evidence of misuse of sources will be referred to the Coordinator of Graduate Studies. If sources have been misused, in order to receive credit for the work in question, the candidate will be required to revise until the Coordinator of Graduate Studies and professor(s) are satisfied that all sources are cited and documented appropriately.

Copyright Restrictions
The U.S. copyright law provides federal copyright protection for both published and unpublished works. Therefore, authors who may wish to include quotations, illustrations, charts, graphs, musical arrangements and so forth in their thesis/project should make every effort to be sure that reproduction of the copyrighted material does not exceed the doctrine of “fair use,” which considers both the purpose and character of the use of copyrighted material. Unpublished works, as well as works published without valid copyright notice, are eligible for protection. Absence of a c-world (©) does not necessarily mean that a work is in the public domain. Tabular arrangements and compilations are specifically covered under copyright law. Permission to reprint or adapt charts, tables, graphs, tabular arrangements, musical arrangements, and so forth must be sought from the copyright holder.

To obtain current information on the use of copyrighted material, it is recommended that candidates refer to sites such as the Copyright Crash Course (http://www.utsystem.edu/ogc/Intellectualproperty/cprtindx.htm) or http://fairuse.stanford.edu. These sites are current, well maintained, and user friendly.

Fair Use
If a work is protected by copyright, permission must be acquired prior to incorporation of that work into a new document. Extracts and quotations may be used to a limited extent for purposes of illustration and criticism. The language of the copyright law is vague as to what constitutes fair use, so when in doubt, seek permission and consult with the thesis editor.

Securing Permission
Efforts to obtain permission to use material from other sources should begin well in advance of a final draft. Candidates are expected to acquire written permission to use the material, and evidence of such permission must be provided with the final copy of the thesis/project. Written permission may either be by a letter or by a fax and must be accompanied by the signature of the individual granting permission. An e-mail response granting permission is considered similar to acquiring verbal permission over the phone. Neither is considered adequate proof that permission has been secured; therefore, they must be backed up by some means of written permission. A statement of permission must appear below the caption of a figure or at the bottom of a table. The owner of the copyright may request that specific words or phrases be used to indicate that permission was granted. All copyrighted tables and figures must be followed by a complete reference citation (e.g., not the abbreviated format such as author/year) and should state, “Reprinted with permission.”

Requests for permission should be directed to the copyright holder or the copyright permissions editor of the publication. When requesting permission to reproduce copyrighted material, be sure to specify that the request is for a one-time, nonprofit, educational use.
Jessup is committed to upholding the highest standards of academic honesty. It is incumbent upon each candidate to become familiar with current standards and policies. **Culminating activities that do not have appropriate copyright releases for borrowed material will not be approved.**

**Limit on Thesis/Project Submissions**
Theses and projects may be submitted no more than three times (the original submission and two resubmissions) for content approval. If none of the submissions pass as acceptable, the candidate cannot complete the degree with a thesis or project as the culminating activity.

**Human Subjects in Research**
The use of human subjects in research is governed by the policies of the Institutional Review Board, which follows the Code of Federal Regulations for the protection of human subjects. If human subjects are part of your research, these regulations and policies must be complied with and proper procedures followed. **Failure to comply with these regulations jeopardizes not only your own standing, but that of Jessup as well.**

**NOTE:** All M.A.T. candidates must include a copy of the clearance letter from the Human Subjects in Research Committee approving their research.

More information and guidelines on the use of Human Subjects in Research may be found on the Jessup intranet and the program handbook. Should you have additional questions or need assistance in completing the forms, please contact the Coordinator of Graduate Studies.

**Animals in Research**
In accordance with university policy, and pursuant to Federal Regulations governing the use of animals in research, such studies are reviewed by the Institutional Review Board.

**The Learning Commons Privileges**
The Learning Commons is available to support in many research and tutorial types of services. Some of the services provided include:
- Paul Nystrom Library
- Teacher Resource Center
- Online Resources
- Counseling and Psychological Services
- Advocacy Resources

**Information Technology Support**
If you have technology difficulties please contact the Jessup IT office through the Helpdesk.
Master of Business Administration

*Coming Fall 2015, pending WASC approval*

See website for current information regarding admission requirements and program specifics.

Mission

The mission of the WJU Master of Business Administration is to provide working professionals a distinctively Christ-centered, high-quality graduate business education so that they have the skills to be:

- Ethical and responsible administrators
- Critical analytical decision makers
- Innovative and entrepreneurial managers
- Collaborative and effective communicators
- Transformative business leaders with a global perspective

Program Learning Outcomes

Graduates of the Master of Business Administration program will be able to:

1. Construct an ethical framework model to make principled, effective business decisions which analyze the implications of management’s decisions in a variety of integrated situations for each stakeholder.
2. Appraise the macroeconomic business climate and interpret its effect on the organization’s investment decisions in such areas as product or program expansion, research and development activities, and human resource development.
3. Deploy financial tools such as internal rate of return (IRR), net present value (NPV), and the capital asset pricing model (CAPM) to critically evaluate corporate finance decisions and strategies.
4. Design a strategic marketing plan for an organization based upon a thorough assessment of potential markets and competitors for a given product or service.
5. Synthesize an organization’s accounting and financial transactions into relevant managerial financial reports in order to efficiently evaluate the organization’s financial position (using ratio analysis) and make effective decisions.

Program Distinctives

Students who graduate with a Master in Business Administration will be:

- Ethical and responsible administrators: By providing MBA students a distinctively Christ-centered, high-quality graduate business education, enabling students to shape their biblical worldview and advance the work of God in society and business by the analysis of relevant business case studies.
- Critical analytical decision makers: By equipping MBA students with quantitative and qualitative tools necessary to best identify, analyze, and develop business opportunities as well as solve complex business issues to make quality decisions.
- Innovative and entrepreneurial managers: By developing MBA students’ abilities to think innovatively, strategically, and entrepreneurially to better lead and manage teams across geographical borders in a variety of interdisciplinary environments.
- Collaborative and effective communicators: By advancing MBA students’ written and oral communication competencies to enhance their overall managerial effectiveness as they create sound synergetic collaborative teams to meet business objectives.
• Transformative business leaders with a global perspective. By enabling MBA students to be world changers in the realm of business as they lead their respective institutions with a heart for God, a love for people, a pioneering spirit, and a mind for business and industry.

Master of Arts in Leadership

*Coming Fall 2015, pending WASC approval*

*See website for current information regarding admission requirements and program specifics.*

The *Master of Arts in Leadership* is a 36-unit degree with 15-16 units in its core and 20-21 units of customized coursework for various Concentrations. It has the capacity to serve constituents from various academic fields and disciplines, providing an important and valued professional degree.

At the end of the Master of Arts in Leadership program, students will be able to:

1. Articulate core leadership principles.
2. Demonstrate strategic leadership competencies.
3. Integrate leadership with their chosen concentration or field.
4. Fulfill the outcomes and objectives associated with their concentration.

**Admission Requirements**

Basic full admission requirements into the program are consistent with the Graduate Studies Policies already established by the University. They include:

- Verification of BA or BS degree from a regionally accredited institution
- University Application form
- Program Application form
- Personal reference forms (3)
- Undergraduate GPA of 3.0 or better

**Graduation Requirements**

Graduation requirements from the program are consistent with the Graduate Studies Policies already established by the University. They include:

- Successful completion of all prescribed courses and program requirements
- A 3.0 cumulative GPA (or better) associated with all graduate-level courses

**Relationship to University Mission**

William Jessup University’s Mission Statement states:

*In partnership with the Church, the purpose of William Jessup University is to prepare Christians for leadership and service in church and society, through Christian higher education, spiritual formation, and directed experiences.*

The *Christian Ministry Concentration* provides a highly strategic educational resource for the local church and focuses specifically on leadership development for that environment. The coursework within the Concentration
also addresses the spiritual formation of the student, and assignments within the Concentration specifically relate to the real-time ministry experiences of the student.

This graduate degree is entirely consistent with the University’s commitment to support and equip students for more effective leadership in their various vocations. This particular Concentration will equip students and the local church for greater effectiveness in society.
Program Requirements, Courses, & Structure

The M.A. in Leadership (Christian Ministry Concentration) is a 36-unit program and has a somewhat unique structure.

The core of the M.A. in Leadership comprises six (6) classes of two units each, which would be applicable to all students, irrespective of the Concentration they choose to pursue. As other Concentrations are formed, these courses could be offered fully on-ground (in an accelerated format), or as hybrid courses. Initially, these courses will be built and delivered fully online.

The Christian Ministry Concentration will comprise an additional ten (10) courses PLUS a 4-unit capstone course.

*The Capstone Course*: The Capstone is designed to assess the student’s capacity to integrate material from the entire program—personal, professional, and biblical elements. In a sense, it serves as the “glue” to the program. While the M.A. in Leadership (Ministry Concentration) does not utilize traditional “sequencing” of courses, each course contributes in a tangible way to the Capstone Project.

Consistent with the Jessup Online philosophy, all courses will be offered for two (2) units of credit, over 7 week periods. This philosophy allows us to:

i) Offer more diverse coursework—10 classes for 20 units, rather than just 7 classes for 21 units;

ii) Create a stronger balance between professional (4 courses), theological (4 courses), and personal development curricula (2 courses);

iii) Distill the very best material on pertinent topics;

iv) Comfortably meet Carnegie Unit expectations within a 7-week period for working adults (13 hours per week) rather than the pressure of nearly 20 hours per week for a 3-unit course.

*Prerequisites*: Students who choose this degree program (not just this Concentration) must complete four additional prerequisite courses before graduation from the program, unless a) they have comparable coursework already completed at the undergraduate level through an accredited institution, or b) they can successfully “test out” of the course.

Prerequisite courses include:

a) Strategies for Online Success (1 unit)
b) Art of Interpretation (2 units)
c) OT Foundations (2 units)
d) NT Foundations (2 units)

**NOTE**: The following curriculum proposal is an initial structure only. We anticipate creating a much larger suite of courses to serve the Concentration. A list of additional possibilities follows the chart (below).

Executive Administrators

(Dates in parentheses indicate start of service with WJU)

John Jackson (2011)
President
Chapman University, BA, 1981; Fuller Theological Seminary, MA, 1983; University of California, Santa Barbara, MA, PhD, 1986.

John believes that God prepared him for this role through every professional experience he has ever had. The 71+ year legacy of William Jessup University is an amazing gift and John is seeking to extend and expand that legacy into a “God-sized” future for WJU. John wants to use his leadership and teaching gifts in tandem with his administrative capabilities to help galvanize and synergize our university family to greater heights than we have ever dreamed possible. John believes God that William Jessup will be a premier Christian Liberal Arts University and that we are providing Christian education for eternal impact.

Prior to becoming President of WJU, John served as the Executive Director of Thriving Churches International and as the Executive Pastor of Bayside Church. John is the Founding Pastor of LifePoint Church in Minden, Nevada, and previously served as a denominational executive for over 280 churches in the Pacific Southwest. John has served on nonprofit and corporate governing boards, taught at the graduate level for Tozer Theological Seminary, for John Maxwell’s EQUIP organization, for Rick Warren’s Purpose Driven Organization, has made 10 trips to Kenya, and has spoken to church and public audiences across the country.

Dennis Jameson (2011)
Provost/Chief Academic Officer
Bethany University, BS, 1975; Assemblies of God Graduate School, MA, 1977; Golden Gate Theological Seminary, MDiv, 1978; University of Santa Clara, MA, 1982; Fuller Theological Seminary, DMin, 1991; University of California, Los Angeles, PhD, 1994.

Dennis has been in higher education for over 30 years. He is uniquely qualified to lead our faculty and academic endeavors towards the God-size future we are already seeing and sensing. Prior to accepting our offer, Dennis was in his twelfth year of leadership as the Provost (chief academic, program and operating officer) at Trinity Western University in British Columbia (Canada’s first and largest Christian university enrolling approx. 4000 students in undergrad,
graduate and seminary programs as well as serving nearly 10,000 students through online, continuing, summer and extension programs).

Friends and colleagues frequently describe him as one who is filled with godly ambition, affable-quick to laugh, a people person who makes friends quickly, a dedicated husband and father, and a perpetual relationship builder and Christian witness.

Dr. Dennis Jameson is a self-proclaimed “Academic Architect.” This description is validated by his extensive experience and accomplishments. The faculty is thrilled to work with Dr. Jameson to craft an even stronger academic future for WJU.

**Jeff Cherniss (2014)**

**Chief Financial Officer**

Jeff volunteers on the Board and as CFO for Transforming the Bay for Christ. His activities at Saratoga Federated Church have included Sunday school teacher, local outreach team missions board, nominating committee, and elder. Jeff has helped to start, grow, and exit a series of technology companies in the software, medical device, and telecom industries. He served as CFO at Cityteam Ministries for ten years. His professional and volunteer work has helped equip saints for ministry in over 60 countries to advance the kingdom of God. Jeff has a passion for reaching youth and praying for the nations.

Jeff has an MBA from the Kellogg School of Management at Northwestern University and an AB in Economics from Occidental College. He is married to Jean. They love being with their three grown children and one grandchild.

**Todd Erickson (2013)**

**Vice Provost, Enrollment and Strategic Initiatives**

Todd has a passion for Christian higher education and expects to make use of the experiences he has gained within higher education and the corporate arena to assist WJU to grow both internally and within the external marketplace.

Prior to joining WJU, Todd was a senior leader delivering results within the Christian higher education and corporate arenas. His higher education leadership scope covers the strategic analysis, implementation, and subsequent evaluation of academic growth strategies and “growth engines.” He has worked
as a faculty member and administrator for colleges and universities in Illinois, Tennessee, and Canada, where he served as Vice Provost at Canada’s largest privately-funded Christian liberal arts university. His prior corporate experience at Johnson & Johnson and James River/Georgia Pacific involved producing business growth through new product development, product improvement, process improvement, and product line management with P&L responsibility.

**Eric Hogue (2011)**

Chief Development Officer  
William Jessup University, BS, 2012.

Eric is a 31-year radio (talk/sports) television professional, a former pastor and current owner of the political news site HOGUE NEWS. Hogue was honored with Salem Communication’s 2004 “Andy Anderson Award” for excellence in broadcasting, Pacific Justice Institute’s “Media Award”, and he is best known for his launching of the ‘historic recall’ of California in 2003.

Eric Hogue currently hosts a local talk show called “The Capitol Hour” from his WJU office each day. Eric spends his down time with family, watching sports, reading, cooking, preparing for his daily talk show, and preparing for each day’s advancement of William Jessup University.

Hogue is a frequent speaker for Northern California commercial events, as well as numerous ministries and charitable organizations in Northern California. Hogue was also a youth director at High Mill Christian Center and founding pastor of Full Life Fellowship, both in Canton, Ohio.

Eric Hogue is a veteran husband of 23 years, married to the lovely Tammy Hogue (Boozs) and blessed to be a learning father of two wonderful daughters. The “Hogue Hut” calls the Rocklin-Roseville, Placer County area home.

**Mitch Pleis (2013)**

Chief Property Development Officer  
Stanford University, BA, 1979.

Mitch grew up in Lafayette, California, where his father was a highly successful high school football coach. His extensive football background includes playing and coaching. He was a tight end for two seasons at Stanford under head coach Bill Walsh and assistant coach George Seifert. After two seasons at Stanford, Mitch was signed as a free agent in Walsh’s first year as the San Francisco 49er head coach. However, Mitch suffered a career-ending knee injury
before summer training camp. In 1979, Mitch joined the Stanford coaching staff. He has also coached high school football and youth soccer.

Mitch enjoyed a successful business career that spanned 33 years in real estate investment management. He was the Director of Real Estate for the California State Teachers Retirement Systems (CalSTRS) for nine years and founded Pleis and Company, which provided consulting services to real estate operators.

Mitch is an Eagle Scout and enjoys spending time with his wife, daughter, and three sons. He has been teaching men’s Bible studies for many years since moving to the Granite Bay area.

**Judy Rentz (2011)**

**Chief Information Officer**

Point Loma Nazarene University, BA, 1988; Grand Canyon University, MEd, 2007.

Judy Rentz has been dedicated to Christ-centered education since 1989. As an educator, her passion has been to develop students from a foundation of faith and truth. Judy’s many years of classroom experience focus her strategies on enhancing the teaching/learning process. Her desire is to engage students at all levels through the integration of technology.

Judy’s oversight includes Information Technology Services, Media Services, Educational Technology, Events and Conference Services, and Campus Safety.

Judy and her husband, Eddie, have served as pastors at River City Community Church in Elk Grove, CA; District and National Youth Directors for the Assemblies of God; Campus Pastors for Bethany University; and currently, her husband serves as the West Coast Regional Director for Convoy of Hope—a faith-based, international relief organization helping the impoverished, hungry, and hurting. They have three adult children who also attend William Jessup University.
Faculty

The faculty at WJU is committed to God, the mission of the University, academic excellence, and our students. Excellence in teaching and personal interaction with the students are the two main priorities of the faculty. The student-teacher ratio at WJU is 12:1, which allows professors the opportunity to know their students on a personal level. Interaction with students outside of the classroom is not something that just happens to occur but is purposefully initiated and enjoyed.

Administrative Faculty

**Daniel Albrecht (2011) Academic Director of Bay Area Campus**
Central Bible College, BA, 1971; Southern Illinois University, MS, 1973; Western Evangelical Seminary, MA, 1984; Graduate Theological Union, PhD, 1993.

Dan began ministry in pastoral roles in several local churches. A second stage in his calling has focused on university ministry – the ministry of teaching. For three decades, Dan’s calling has centered on the classroom and undergraduates. Concurrently, he has been teaching part time in several seminars’ master and doctoral programs. Together with his teaching, Dan’s research has resulted in the publication of numerous scholarly articles and one book. Most recently, in addition to his teaching at Jessup, he has led the Bay Area Campus as its Academic Director.

Dan and his wife, Yvonne, are the proud parents of two grown children, Sean and Shannon.

**James Davies (2014) Athletic Eligibility Coordinator**

Jim was a fulltime pastor for 12 years and has taught in the area of church ministry at Toccoa Falls College in Georgia, Canadian Theological Seminary in Saskatchewan, and Simpson University in Redding. While in Canada, he also served as the Director of the Doctor of Ministry program for the seminary. In addition, he has taught as an adjunct professor at Fuller Seminary and Denver Seminary. He is the author of two books and almost 30 journal articles. Jim officiated volleyball, basketball, and softball and the high school and college levels. He is also a member of the National Association of Intercollegiate Athletics (NAIA) Hall of Fame.

Jim has been married to his lovely wife, Cheryl, for over forty years. They are the parents of three adult children and have five grandchildren.
Addie Ellis (2013)  *Thesis Mentor, School of Education*
University of California, Riverside, BA, 1996; National University, MS, 1998; Drexel University, EdD, 2012.

Dr. Ellis has spent a career spanning over 20 years working on issues of access and equity for underserved and underperforming students as a high school counselor, high school principal, and charter school developer. Her areas of research include issues of housing insecurity, homelessness, and poverty. She publishes and speaks nationwide on educating the new face of homelessness, reaching girls who bully, and identifying behaviors in youth that maximize outcomes.

Dr. Ellis holds credentials in Life and Executive Coaching, Administration, and Pupil Personnel Services. In addition to her work at Jessup, she is the founder of The Koci Group, a leadership and management consultancy headquartered in Sacramento. She is a proud Navy mom to her sailor, Naseer.

Todd Erickson (2013)  *Vice Provost, Enrollment and Strategic Initiatives*

Todd has a passion for Christian higher education and expects to make use of the experiences he has gained within higher education and the corporate arena to assist WJU to grow both internally and within the external marketplace.

Prior to joining WJU, Todd was a senior leader delivering results within the Christian higher education and corporate arenas. His higher education leadership scope covers the strategic analysis, implementation, and subsequent evaluation of academic growth strategies and “growth engines.” He has worked as a faculty member and administrator for colleges and universities in Illinois, Tennessee, and Canada, where he served as Vice Provost at Canada’s largest privately-funded Christian liberal arts university. His prior corporate experience at Johnson & Johnson and James River/Georgia Pacific involved producing business growth through new product development, product improvement, process improvement, and product line management with P&L responsibility.
Hank Gardner (2011) Director of Academy Programs  
Kent State University, BS, 1968; Indiana University, MS, 1971; EdD, 1975.

Hank has progressive experience in the field of public elementary school teaching and higher education administration and has demonstrated a history of quality performance and leadership. Within the scope of his teaching and administrative leadership, Hank has proved to be an organized, detail-directed, tenacious, and major decision maker with an ability to communicate with all levels of the higher education hierarchy resulting from years of personal and professional motivation. He is recognized for his ability to encourage and lead diverse individuals in achieving their academic and educational goals.

Hank’s has held the positions of Dean of Students, Associate Provost, Vice President of Student Affairs, Vice Chancellor of Student Affairs, and Vice President for Enrollment Management at state and for-profit two-year and four-year liberal arts and community college institutions. He has held academic teaching positions as an Assistant Professor of Counseling, Assistant Professor of Higher Education, and Assistant Professor of Professional and Secondary Education.

Prior to joining the Jessup family, Hank retired from East Stroudsburg University where he served as Vice President of Enrollment Management and Assistant Professor of Secondary and Professional Education.

Tim Gillespie (2007) Director, School of Education  
San Jose State University, BA, 1975; University of San Francisco, MA, 1982.

As an educator and administrator, Tim has demonstrated his skills as a county program specialist, district director, school site principal and community college supervisor. He has taught at both the high school and university levels. His vocational and personal interests have led him to participate on multi-agency committees, school and church boards, and in various community volunteer capacities. He and his wife, Patti, have two children (Kelli and Ryan).

Tim’s California education credentials include: Administrative Services, Community College Supervisor, and Teaching. Prior to joining WJU Tim was an administrator in the Campbell Union High School District and the Eureka Union School District, a supervisor for the West Valley – Mission Community College District, and a Program Specialist with the Placer County Office of Education. In
addition, he taught in the Campbell Union High School District and the Roseville Joint Union High School District.

Kay Llovio (1985)  
Chair, Family and Children’s Ministry; Associate Provost for Student Development

San Jose Bible College, BS, 1985; San Jose State University, MLS, 1987; University of San Francisco, EdD, 1998.

Kay is passionate about Christian higher education and the transformation which takes place in students’ lives.

Kay works collaboratively with faculty and others on campus to develop and implement an overall university plan for demonstrating educational effectiveness. She has previously served WJU as VPAA, Associate Academic Dean and Library Director, providing academic leadership in the transition from Bible college to Christian liberal arts university. Llovio has been published in the *Christian Education Journal*, *High Plains Applied Anthropologist*, and the *Evangelical Dictionary of Christian Education*. She was named Outstanding Doctoral Student in the Organization and Leadership program at USF in 1998 for her cutting edge research on spirituality in leadership.

Kevin Pischke (2007)  
University Librarian; Director of Learning Commons

Multnomah Bible College, BS, 1999; Dallas Theological Seminary, MA, 2004; University of North Texas, MS, 2005.

As the Library Director, Kevin is responsible for the overall development, policies and services in the library. He is particularly interested in information literacy and the role libraries play in the development of these skills for lifelong learning in the digital age. He and his wife, Dena, are the proud parents of Cooper, Paige, Zeke, and Fischer.

Prior to joining WJU, Kevin was the collection development librarian for California Baptist University in Riverside, CA.
Vicki Quirarte (2010) Director of the Writing Program; Assistant Professor, English
California State University, Long Beach, BA, 1985; National University, MA, 2010.

From the beginning, Vicki’s path has led to an expertise in composition pedagogy. Although her degree is in English literature, she has always been most interested in teaching students to write. Vicki has studied rhetoric and the critical thinkers who have contributed to the teaching of writing, and she is continually inspired and challenged to be the best composition instructor she can be. Midway through her teaching career, Vicki had the opportunity to expand her writing instruction into the workplace. She has spent the last 15 years teaching writing to most of the state agencies in downtown Sacramento. This experience uniquely equipped her to develop the professional writing concentration within the English degree here at Jessup.

Vicki teaches at Jessup because it allows her to do what she loves with the students, faculty and staff she adores. She began her teaching career in public education where she was continually reminded that her faith must remain separate from her teaching. While Vicki pretended this was possible and managed the two seeming disparate things well, she longed for a place where she could integrate faith with learning. For her, that is Jessup.

Jon Sampson (2014) Dean of Students
Texas Christian University, BS, 2003; Fuller Theological Seminary, MDiv, 2009; Azusa Pacific University, PhD, in progress.

In his role as Dean of Students, Jon helps ensure that the entire Jessup experience is a place where students can learn, grow, and belong.

Prior to Jessup, Jon worked in student life, pastoral ministry, and as a journalist and director of communications. He is currently pursuing a PhD in higher education, where his research interests include innovation and change in higher education, strengths-based leadership, and how students’ personal and vocational development contribute to positive post-college outcomes.
**Sandra Woodson (2013) Director of Jessup Online**

University of Southern California, BS, 1972; The King’s University, MDiv, 2003; Capella University, PhD, 2010.

Sande has followed her call to teach throughout her entire career, starting as an elementary school teacher, then teaching in various ministry positions in the church and in parachurch ministries, and more recently serving as a college faculty member.

Sande’s passion is to be able to blend her seminary teaching with her expertise in online instructional design in order to make Jessup Online courses reflect excellence in both learning outcomes and in promoting spiritual formation in students and faculty. She feels very privileged to have been given the opportunity to serve the Lord in this way here at William Jessup University.

Sande loves spending time with her husband (and high school sweetheart), two daughters, and five grandchildren. She also likes reading, quilting, and enjoying God’s beautiful creation that surrounds the mountain community where she lives.
Bible and Ministry

Les Christie (1993) Professor and Chair, Youth Ministry
Pacific Christian College, BS, 1971; Fuller Theological Seminary, MA, 1974; Trinity International University, DMin, 2002.

Les has been in youth ministry for 40+ years, serving at Eastside Christian Church in Fullerton, California, for 22 years. He has spoken in 48 states, 18 foreign countries, and at more than 25 Christian colleges, seminaries, and universities. Les has led seminars at the Youth Specialties National Youth Workers Convention every year since 1980. He is a team member for “Understanding Your Teenager,” leading parenting seminars all over the country.

Les has had over 150 articles printed in national magazines. He has written 18 books (What If...?, Have You Ever...?, Unfinished Sentences, Gimme Five..., Best Ever Games For Youth Ministry, and Awaken Your Creativity) and co-authored an additional 10 books (including A Youth Workers Commentary on John, Volumes One and Two). Some of his books have been translated into Spanish, Korean, and German. He is listed in Who’s Who in Religion (1992), Who’s Who in America (1992), and Who’s Who Among American Teachers (2002 and 2004).

James Crain (1971) Assistant Professor, Bible and Theology
San Jose Bible College, BA, 1966; Western Conservative Baptist Seminary, MDiv.

Jim likens himself to the farmer in Christ’s Parable of the Sower who broadcast his seed into as much fertile soil as he possibly could in the allotted time he was given. After three decades of implanting God’s Word into the hearts and minds of students, he has witnessed the crop of thirty-, sixty-, and a hundred-fold promised by Christ. In recent years, he has enjoyed teaching the children of his earliest pupils.

Jim joined the full-time faculty in 1971 after five years in youth ministry at Central Christian Church in Portland, Oregon. For seven years he was a professor of practical ministries, teaching courses in youth work, Bible and theology, and homiletics. From 1978 until 2005, he was an adjunct professor. During that time he founded a radio and concert ministry in the south Bay Area (1978-1985) and served as Senior Pastor of Green Valley Christian Church in San Jose (1985-2005).
Glen Gibson (2008) Associate Professor and Chair, Intercultural Studies
Pacific Christian College, BA, 1983; Hope International University, MA, 1992; Fuller Theological Seminary, MA, 1997; Fuller Theological Seminary, PhD, 2004.

Throughout his young adult years, God developed within Glen a passion for the lost and a love for other cultures that eventually led to him serving in cross-cultural ministry for most of his adult life. His desire is to inspire and equip others to share the good news of Jesus Christ with the unreached people of the world. He is excited about how the liberal arts educational focus at WJU enables him to integrate the preparation for cross-cultural life and ministry with equipping students for a variety of professions available through the degree offerings at the university.

Before coming to WJU, Glen served for four years as a youth minister in the Los Angeles area, lived and ministered for seventeen years as a missionary in the Philippines, and led the training department at Team Expansion, a mission agency with a world-wide focus, for five years. During his time at Team Expansion, Glen also served as a vice president of the organization and as a field coordinator encouraging and overseeing several teams of field missionaries. In addition, he is an adjunct faculty member in the Graduate School at Hope International University, a husband, and a father of three wonderful daughters.

Kay Llovio (1985) Chair, Family and Children’s Ministry; Associate Provost for Student Development
San Jose Bible College, BS, 1985; San Jose State University, MLS, 1987; University of San Francisco, EdD, 1998.

Fritz Moga (2004) Associate Professor, Youth Ministry
San Jose State University, BS, 1979; San Jose Christian College, BS, 1990; Hope International University, MA, 2001.

Fritz has dedicated his life to serving God by teaching and caring for teenagers. After eighteen years as a youth pastor, it was an exciting and natural step to move into teaching youth ministry at William Jessup University. His passion is to train up the next generation of youth leaders that will carry on ministry to teenagers both locally and globally.

Fritz’s first teaching position was as a physical education instructor and athletic director at Valley Christian Junior High School in San Jose. Following that experience, Fritz served as a youth pastor in San Jose for almost eighteen years. He has vast experience in teaching, leadership, music, camping, and missions programming. Prior to joining the faculty, Fritz spent four years as WJU’s Director of Campus Ministries overseeing the chapels, small groups, and Christian service programs.

Dennis Nichols (2011) Assistant Professor and Chair, Pastoral Ministry
Gulf-Coast Bible College, BA, 1982: Fuller Theological Seminary, MDiv, 1986.

Dennis believes that all true ministry is simply the ministry of Jesus through us. His passion for fleshing out the gospel in a variety of ministry contexts is what has marked his 30-year career in ministry. He has pastored in four cities throughout California as both a senior pastor and at the executive levels, including a church plant in the Bay Area. Dennis has served in the California Air National Guard as Chaplain for over two decades, including serving as Deputy State Chaplain for the National Guard statewide. He has completed all requirements for board certification as a hospital chaplain and has worked in three local hospitals with the Sutter system. Most recently, Dennis deployed state side for 30 months in support of Operation Iraqi Freedom providing support to the Intelligences, Surveillance, and Reconnaissance mission at Beale Air Force Base.

Bringing the ministry of Jesus to diverse settings has marked his life and continues to fuel his goal for the Pastoral Ministry Department. Dennis lives in Rocklin with his wife Sue.
Cynthia Shafer-Elliott (2012) Assistant Professor, Archaeology, History, and Bible and Theology
Simpson University, BA, 1997; Ashland Theological Seminary, MA, 2003; The University of Sheffield, PhD, 2011.

After completing her Ph.D. in England, Cynthia, a native of northern California, returned to teach at WJU. Specializing in the Hebrew Bible, Cynthia emphasizes the geo-historical, cultural, and literary contexts of the Scriptures and their worlds. As an active field archaeologist in Israel, Cynthia teaches students how archaeology can help contextualize the Hebrew Bible, including a hands-on archaeological excavation class in Israel.

Prior to her work with WJU, Cynthia taught at several colleges and universities within the US and the UK. In addition, she presents papers at academic conferences, chairs various conference sessions, and conducts archaeological fieldwork in Israel.

Cynthia’s Ph.D. thesis was published as a monograph through Equinox Publishing and is entitled, Food in Ancient Judah: Domestic Cooking in the Time of the Hebrew Bible. It explores both the archaeological and textual sources to see what they reveal about the daily life of ancient Judahites. Other publications include various book reviews, contributions, chapters, and encyclopedia articles.

David Timms (2011) Professor, Bible and Theology; Chair, Bible and Ministry Division
Johnson Bible College, BA, 1986; Emmanuel School of Religion, MA, 1988; Macquarie University, Australia, PhD, 2001.

David served as professor of New Testament and Theology at Hope International University in Fullerton, California for ten years. While there, Timms was Chair of the Graduate Ministry Department and the School of Graduate Studies. He taught over 27 distinct courses while at Hope and built and developed online courses for 11 of those. He is deeply committed to an educational philosophy that integrates biblical, professional, and personal development and believes Jessup is the place to fulfill that commitment.

David has published various articles and e-publications as well as authored four books including his most recent work, The Power of Blessing: How a Carefully Chosen Word Changes Everything. In addition, Timms is a frequent speaker at various churches, retreats, conferences, and special events. Prior to his career in academia, Timms was a pastor and church planter for seven years. He lives in the Roseville/Rocklin area with his wife and three children.

**Julius (Rex) Gurney III (2003)**  
*Professor, History; Chair, General Education*

University of New Mexico, BA, 1979; Golden Gate Baptist Theological Seminary, MDiv, 1987; Union Theological Seminary, PhD, 1999.

Rex has a passion for teaching history; he believes that learning about the past can help our understanding of the present. Who we are as Christians living in the 21st century has been molded by the understanding of “the ways of God and Man” of those who have journeyed on this earth before us. For the Christian, an appreciation of the rich tapestry of history – both secular history and Church history – is an invaluable tool for self-understanding. Being able to articulate who one is and why – a process aided by the study of history – is an important part of the journey of self-discovery.

Prior to joining the faculty of WJU, Rex pastored for nine years in Oakland and San Jose, CA. He has also spent several years on the mission field in both Colombia and Ecuador, taught high school overseas and in the States, and directed Golden Gate Baptist’s Hispanic Seminary Extension in San Francisco.

**Portia Hopkins (1994)**  
*Professor and Chair, English*

San Jose State University, BA, 1984; MA, 1989; California Institute of Integral Studies, PhD, 2007.

Portia loves to read, write, and share these passions with others. “All truth is God’s truth” is the motto of her program, so she emphasizes helping students find meaning and personal application in both their writing and reading coursework. Portia is also interested in reflective writing as a meta-cognitive discipline, as well as writing style and literature each in connection with personality.

Portia began teaching English to college students at San Jose State University in 1988. There she was awarded the *Mara Steffey Award for Outstanding Graduate Student* in 1989 and the award for *Best Thesis in the School of Arts and Humanities* in 1990.

Specializing in the Hebrew Bible, Cynthia emphasizes the geo-historical, cultural and literary contexts of the Scriptures and their worlds. As an active field archaeologist in Israel, Cynthia teaches students how archaeology can help contextualize the Hebrew Bible, including a hands-on archaeological excavation class in Israel.

Prior to her work with WJU, Cynthia taught at several colleges and universities within the US and the UK. In addition, she presents papers at academic conferences, chairs various conference sessions, and conducts archaeological fieldwork in Israel.

Cynthia’s Ph.D. thesis will be published as a monograph in the autumn of 2012 through Equinox Publishing and is entitled, *Food in Ancient Judah: Domestic Cooking in the Time of the Hebrew Bible*, which explores both the archaeological and textual sources to see what they reveal about the daily life of ancient Judahites. Other publications include various book reviews, contributions, chapters, and encyclopedia articles.

Steven Stiles (2011)  
*Assistant Professor, Psychology*

Sonoma State University, BA, 1968; American Baptist Seminary of the West, MDiv, 1973; American Baptist Seminary of the West, DMin, 1976.

Dr. Stiles teaches addiction studies at the William Jessup campus in San Jose and is also an adjunct faculty member at Western Seminary. He has lectured internationally on substance abuse issues and has served as a resource for local governments, California tribal programs, and the Romanian government. He is the clinical advisor at New Life Community Services in Santa Cruz where emergency shelter and drug and alcohol treatment are provided via residential and outpatient services. Steve maintains counselor certification through the National Association of Alcohol and Drug Abuse Counselors (NAADAC). He has lectured throughout Asia and Europe on addiction topics.

Dr. Stiles is the author of two books through Gospel Publish House, *Thorns in the Heart* and *Recovery for Co-Dependency*. He also authored *Gotchyaa* and *Journey on the Hard Side of Miracles*. 
Jeff Stone (2011) *Associate Professor, Psychology*

Stephen F. Austin University, BBA, 1978; Georgia State University, MEd, 1980; University of Houston, PhD, 1987.

Stone has been the director of the master program in Marriage and Family Therapy for Brandman University for the past three years at the Roseville and Yuba City campuses. He is familiar with the Sacramento region, practicing at Cornerstone Psychological Center.

He has more than 30 years in the profession, from director of treatment for a drug and alcohol rehabilitation center for 120 in-house residents to a psychologist for the Valley Psychological Center in Sacramento. Dr. Stone has been a licensed psychologist in California since 1990.

Dr. Stone conducts psychological assessments for pastoral candidates seeking ordination in the Presbyterian Denomination for Northern California and Nevada and has been an adjunct professor for Fuller Theological Seminary in Sacramento since 1994.

Cameron Wilson (2009) *Assistant Professor, English*

Covenant College, BA, 2006; University of Tennessee at Chattanooga, MA, 2009; Trinity College Dublin, PhD, *in progress*.

Cameron is currently writing his doctoral dissertation on the Roman Catholic novelist Walker Percy and is aiming to finish his doctorate at Trinity College Dublin by early 2014. He studied English Literature at Covenant College, where he received his Bachelor’s degree in 2006 and at the University of Tennessee at Chattanooga where he earned his Master’s degree in Literary Studies in 2009.

Cameron taught as an adjunct at William Jessup from 2009 to 2011, and spent the 2011-2012 academic year in Dublin, Ireland working on his dissertation at Trinity College Dublin. He has returned to William Jessup as a full-time faculty member. Cameron also taught at Mosaic Christian Academy for junior and senior high school English in the 2010-2011 academic year.

In 2012 Cameron’s children’s book, *Jahaangal Yaaya bee Daaso* (The Adventure of Yaaya and Daaso), was published through SIL Publishing. Cameron loves teaching, reading, and, in turn, talking about teaching and reading. Other areas of interest include the works of Wendell Berry, Cormac McCarthy, Flannery
O'Connor, Katherine Anne Porter, and Saul Bellow, and the films of Stanley Kubrick, Michael Haneke, David Lynch, and Joel and Ethan Coen.

Natural and Applied Sciences

Stephanie Everhart (2012) Associate Professor, Chemistry and Physics
Azusa Pacific University, BS, 2002; University of Nevada, Reno, PhD, 2009.

Stephanie has had a love and passion for the physical sciences ever since she was young. When asked how long she has been ‘doing chemistry’ or ‘doing physics,’ the counting begins at her first semester at Azusa Pacific University when she declared a double major in chemistry and physics and has never regretted it. The natural progression was to continue on to graduate school where she studied chemical physics. Following that, her experience in laser spectroscopy led Stephanie to a research group investigating a new protein analysis technique at Wayne State University in Detroit. Later, she worked on measuring and tracking toxic mercury vapor for environmental conservation at the Rosentiel School of Marine and Atmospheric Sciences in Miami.

Stephanie’s teaching career could be described as beginning in much the same way as her science career. Beginning as a tutor and progressing on as a teaching assistant while doing research and now a fulltime faculty member at Jessup, Stephanie’s passion for the physical sciences is fulfilled through teaching and sharing it with others.

Susan Kurnett (2012) Assistant Professor, Chemistry
University of California, Irvine, BA, 1986; California State University, Sacramento, MS, 2004.

Sue has been teaching college-level chemistry for ten years, most recently at Shasta College and Folsom Lake College. Before that, she taught at the junior high level.

Sue loves children and volunteers as a child ambassador for World Vision. Throughout scripture, God tells us of His heart for the poor, vulnerable, and disenfranchised. Sue’s heart breaks for the many children living in extreme poverty and destitution and for their parents who are unable to provide for their most basic needs. For the past 14 years, her family has sponsored many children through World Vision. For the last three years Sue has been volunteering for World Vision, educating people about poverty, and offering child sponsorship as a means to participate in God’s work.

Sue and her husband, Bill, have two sons.
Scott Roberts (2014) Professor and Chair, Kinesiology; Co-Chair, Division of Natural and Applied Sciences
California State University, Chico, BA, 1986; California State University, Sacramento, MS, 1988; University of New Mexico, PhD, 1995.

Dr. Roberts is excited to be joining WJU and to help support the academic mission of the college which seeks to develop the whole person, including their physical health and well-being. He desires to serve the Lord through providing high quality education and support to students through his actions, words, and deeds as a devoted Christian.

Prior to joining the WJU faculty, Dr. Roberts was the Chair of the Department of Kinesiology at California State University, Chico. He has served as the exercise science program coordinator for several different universities. Dr. Roberts has been the author and editor of numerous publications, including ACSM’s Exercise Management for Persons with Chronic Diseases and Disabilities. He has also spoken and presented at numerous conferences across the country.

George Stubblefield (2009) Associate Professor, Allied Health Care and Biology; Co-Chair, Division of Natural and Applied Sciences
Southern California University of Health Sciences, BA, 1975; DC, 1976.

George has 38 years of clinical experience in the healthcare industry with over 10 years of academic instructional and administrative experience, including the design, development, and implement of Bachelor of Arts and Bachelor of Science degree programs at the university level. He was instrumental in the implementation of the Department of Defense’s biomechanical and chiropractic program at the David Grant Medical Facility at Travis Air Force Base. Dr. Stubblefield was accepted as a Qualified Medical Examiner and an Industrial Disability Evaluator for the State of California. In his academic career, he has designed and developed more than a dozen lower and upper division curricular courses with the sciences, which are still currently offered.

With his clinical experience and associated academic pedagogy, Dr. Stubblefield’s faith integration is both prayerful and scholarly. He believes “our faith and our disciplines should properly align to be mutually informative to our students, colleagues, community, and ourselves.” He has been blessed by the Jessup community not only in opportunities but, more importantly, with staff and faculty colleagues that demonstrate God’s love, compassion, encouragement, and communion.
Bradley Wagner (2014) Assistant Professor, Mathematics
The Master’s College, BA, 2005; California State University, Northridge, MS, 2007; Baylor University, PhD, 2014.

Dr. Wagner comes to Jessup as an expert in abstract algebra, specifically in modules and algebras. He loves teaching all math courses, especially courses on modern algebra, proofs, real analysis, and topology. Dr. Wagner recently completed his PhD dissertation at Baylor University on finitary incidence algebras. He has also published a number of other articles in his areas of interest in mathematics.

Dr. Wagner loves the friendly atmosphere and Christ-centered focus at Jessup. The small classes give him an opportunity to get to know his students and have a greater impact on their lives. His inspirations include his wife, his son, and his Lord and Savior, Jesus Christ.

Performing and Visual Arts

Derek Martin (2013) Assistant Professor, Creative Arts
University of Hartford, BFA, 2001; Regent University, MFA, 2009.

Derek Martin is a professional actor, director, choreographer, producer, and educator and has spent the last two decades working professionally in the arts, media, and entertainment. Previously, Derek was a professor of theatre and Chair of the BA in Theatre at Regent University in Virginia. He is a member of Actors Equity Association, Stage Directors and Choreographers Society, and Christian in Theatre Arts and has been a recognized actor/combatant with the Society of American Fight Directors. Derek has worked professionally at some fantastic theatres around the country including the Connecticut Repertory Theatre, The York Theatre Company, and The Round Barn Theatre. He has performed in such shows as Singing in the Rain, The Music Man, and Hello Dolly. He was the lead in the multiple-award winning short film, The Noble Lie and has choreographed Broadway’s Carol Jaudes in her one woman international tour of And Sarah Laughed. Derek performed as Chris in the table-read cast of CBN’s hit animated series, Superbook! Derek is also the Artistic Director and founder of The Americana Theatre Company, a professional summer theatre company in Plymouth, Massachusetts. He spends every summer in Plymouth, producing theatre with his beautiful wife, Jennifer, and his family. Derek and Jennifer live in Roseville.

Thomas Ruscica (2003) Assistant Professor, Music; Chair, Visual and Performing Arts
Azusa Pacific University, BA, 1992; MA, 1995.

Tom has a passion for choral music and worship in the church. He has served in music ministry in many different denominations including Assembly of God, Baptist, Church of God, and Lutheran, and enjoys learning about different styles of worship. Tom also has a passion for teaching and considers equipping the ministers and worship leaders with the necessary skills a huge responsibility.

Prior to joining the faculty at William Jessup University, Tom served as worship leader and choral director at Resurrection Ministries, Shepherd of the Hills Lutheran Church, and Glendale Community Church of God. In addition to his work in the church, Tom taught music at various schools in Los Angeles, as well as at Liberty High School in Brentwood, California.
Elizabeth Stanley (1996) Professor, Music
California State University, Hayward, BA, 1978; MA, 1983.

In the church Elizabeth has served in a variety of ministry positions, including her work as a Worship Leader, Music and Worship Director, Children’s Choir Director, and deaconess. Elizabeth brings to William Jessup University an enthusiasm and a love of her students.

Elizabeth has been involved in Music Education at both the secondary and college level since 1980, having taught choral and vocal music in several local school districts and at Patten University in Oakland, CA. Elizabeth has also been active in solo, ensemble and choral performances with Bay Area choruses and opera companies. She has enjoyed serving as an adjudicator for ACSI competitions and for other solo, ensemble, and choral festivals. Elizabeth has also presented seminars on vocal technique and enjoys leading worship in conference and retreat settings.

Manuel Salazar (2012) Assistant Professor, Business
University of North Carolina, BS, 1994; Luther Rice University, MA, 2000; Campbell University, MBA, 1995; Pensacola Christian College, EdD, 2007.

Manuel has over 25 years of senior leadership experience in the military, education, and business fields. Manuel comes to Jessup from Grand Canyon University’s Ken Blanchard College of Business, where he served as an adjunct business professor. He has taught graduate and undergraduate college courses in financial, managerial, cost and tax accounting, as well as corporate and managerial finance.

A native Californian, Manuel has enjoyed tremendous success in the areas of business and accounting, having worked as the corporate controller of Lumbee Guaranty Bank (the oldest Native American owned bank in the United States, located in North Carolina), where he led their accounting and financial operations. More recently, Manuel has worked in the accounting and tax industry for a local CPA firm. In addition to his business experience, he also has educational administration experience, having served nearly a decade as a Christian school principal and high school mathematics and economics teacher.

Roger Salstrom (1999) Professor, Business; Chair, School of Business
Purdue University, BS, 1971; Indiana University, MBA, 1973; University of California, Berkeley, PhD, 1989.

Roger believes that God must direct our lives 24 hours a day, seven days a week. Too often, God and ethics are removed from the everyday decisions made in businesses and often Christians are not visibly different from others. His focus is on how to incorporate biblical values into the business environment so Christians can use the workplace as an effective and evangelistic environment.

Prior to joining the faculty in 2003, Roger taught in the Organization and Management Department at San Jose State University for 14 years. In addition, he has over 13 years experience working for major corporations in management. He brings to the classroom practical experience and theory, as well as the perspective of analyzing business decisions from a biblical point of view integrating faith with business.
Harry Snodgrass (2014)  Associate Professor, Business
Central Methodist College, BME, 1974; University of Texas, Austin, MS, 1983; Northcentral University, PhD, 2014.

After working for more than 30 years in an industrial business environment, Harry retired as a senior executive in a large global chemicals, plastics, and fibers corporation. His duties included management of a global organization that was responsible for finance, marketing, strategy, business development, and mergers and acquisitions. He believes that God has called him to integrate academic knowledge with practical experience and use both to educate the next generation of Christian business professionals. Prior to coming to WJU, Harry taught for several years at a small Christian college in rural Appalachia.

Professor Snodgrass believes that William Jessup University affords students and faculty an opportunity to participate in a god-sized endeavor and to find their personal place of ministry and service in that safe environment. His passion is to use his gifts and talents to help emerging business leaders discover theirs, all to the glory of God.

Eric Bull (2007)  
Associate Professor and Undergraduate Coordinator; Teacher Education  
San Jose State University, BA, 1978; MA, 1984; Curtin University, Australia), EdD, 2002.

A public school educator for over 25 years, Eric relishes teachable moments that engage adults and children in the wonder of learning something new. He is a true collaborator who seeks community among colleagues and challenges of finding intersections that draw unlikely candidates to find common ground. He has published and presented in workshops and conferences throughout the US. He and his wife Michelle have three children.

Prior to his position at WJU, Eric was an assistant professor of science education at Sacramento State University. He is a founding board member of RAFT (Resource Area for Teaching).

Daniel Elliott (2013)  
Professor, Education  
Azusa Pacific University, BA, 1966; San Diego State University, MA, 1974; University of Southern California, EdD, 1991.

Dan loves the Christ-centered culture and emphasis at WJU. He appreciates the commitment to scholarship in the WJU culture and that in pursuit of scholars on faculty, there is never a compromise with the evangelical Christian faith orientation and lifestyle emphasis. He especially appreciates the student-centered priorities inherent in the Jessup community culture.

Drawn to the cause of making life different for children trapped by poverty, Dan began teaching in 1970 and taught most subjects at each grade from kindergarten through ninth grade. After completing a master degree in school administration, Dan served as a vice principal, principal, central office administrator, small district superintendent, and county office of education associate superintendent—positions primarily held in his native state of California. Since 1991, he has pursued roles as a researcher, speaker, and professor in schools of education. He has taught educational methods and instructional leadership around the world. Dan has spoken at a number of education conferences and is also the author of Teaching on Target, a text on best teaching practices for all levels of learning.

Dan is also an ordained minister in the Church of the Nazarene, serving bivocationally as pastors to churches experiences various types of challenges and as an interim pastor helping to prepare a church for calling its new
permanent pastor. On weekends, Dan can often be found covering pulpits for other pastors taking leave, teaching a life group at his home church, or serving in a recover outreach ministry on Friday nights. Dan plays guitars and enjoys scuba and seeing his grand and great grandchildren.

**Tim Gillespie (2007) Director, School of Education**  
San Jose State University, BA, 1975; University of San Francisco, MA, 1982.

As an educator and administrator, Tim has demonstrated his skills as a county program specialist, district director, school site principal and community college supervisor. He has taught at both the high school and university levels. His vocational and personal interests have led him to participate on multi-agency committees, school and church boards, and in various community volunteer capacities. He and his wife, Patti, have two children (Kelli and Ryan).

Tim’s California education credentials include: Administrative Services, Community College Supervisor, and Teaching. Prior to joining WJU Tim was an administrator in the Campbell Union High School District and the Eureka Union School District, a supervisor for the West Valley – Mission Community College District, and a Program Specialist with the Placer County Office of Education. In addition, he taught in the Campbell Union High School District and the Roseville Joint Union High School District.

**Nathan Herzog (2004) Associate Professor and Coordinator of Graduate Studies, Teacher Education**  
Point Loma Nazarene University, BA, 1999; National University, MA, 2002; Capella University, PhD, 2010.

Today, more than ever, teachers are taking the role of a parent. Because of this, Nathan feels it is important for him to instill parental responsibilities into WJU’s teacher candidates. Coming from a family of eleven children with a large number of close-knit extended relatives, you can imagine he has many “real-life” situations to share in the classroom. Nathan is excited to be a part of what God is doing at WJU and specifically in the Credentials with Character program as it is designed to further develop characteristics helping students grow spiritually, intellectually, and academically.

Before starting as an adjunct instructor at WJU, Nathan taught for seven years in various public and private classroom settings at the senior and junior high levels. He has been a high school soccer coach, Science Department head, and Health Academy instructor in past years. He is also a state certified
sorer and trainer for the Teaching Performance Assessments (TPAs) and has been published for his research on animal behavior.

**Aisha Lowe (2013) Associate Professor, Teacher Education**
Stanford University, BA, 1999; MA, 2004; PhD, 2006.

Lowe is a passionate educator who has dedicated her life and career to improving education. She learned at a young age that education was her purpose and calling, and has served in educational nonprofits, as a K-12 teacher, and as an adjunct professor. A native of San Francisco, Lowe made the Sacramento region her home in 2011 when she became the Executive Director of STAND UP, a Sacramento education nonprofit mobilizing the community for education reform. Prior to joining STAND UP, Lowe served as the Director of Research and Evaluation for the California Charter Schools Association where she authored the Similar Students Measure for charter school accountability and a report about the performance of African American students in California, *Chartering and Choice as an Achievement-gap Closing Reform*.

Much of Lowe’s work in education was serving low-income communities in East Palo Alto through academic and life enrichment programs for youth. She also served as the Co-Chair of the Board of Directors of Fellowship Academy and on the Board of Trustees and as President of the Alumni Association at The Urban School of San Francisco, her alma maters.

Lowe lives in Rancho Cordova with her four-legged daughter, Jada, and attends Center of Praise Ministries in Sacramento.

**Jill Wolfe (2013) Assistant Professor, Teacher Education**
California State University, Sacramento, BA, 1985; MA, 1991.

Jill finds joy in working collaboratively with others in the Education Department and helping student teaching candidates “reach with compassion, teach with excellence, and learn for lifelong impact.” Her favorite part of her position at Jessup is mentoring student teaching candidates in local schools.

Prior to teaching at WJU, Jill was with the Department of Teacher Education at California State University in Sacramento where she was primarily responsible for supporting student teachers in the field. She brings to Jessup her passion for educational coaching, curriculum and instructional design, and social and emotional learning.

University Policies and Regulations

Notice of Nondiscriminatory Policy

William Jessup University admits students of any race, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at the University. It does not discriminate on the basis of race, color, national and ethnic origin, age, gender, or physical handicap in the administration of its educational policies, employment practices, admissions requirements, or scholarship and loan programs. Assistance for handicapped students is available and is directed by the Success Center. Classrooms and offices are wheelchair accessible. Arrangements for students with other special needs may be coordinated by the Student Life Committee to enable them to complete their programs. Inquiries regarding compliance may be directed to the President of the University, 333 Sunset Blvd., Rocklin, CA 95765.

Student Tuition Recovery Fund

California law requires that, upon enrollment, a fee be assessed in relation to the cost of tuition (Education Code Section 94343). These fees support the Student Tuition Recovery Fund (STRF), a special fund established by the California Legislature to reimburse students who are California residents and who might otherwise experience a financial loss as a result of untimely school closure. Institutional participation is mandatory.

It is important that students keep a copy of any enrollment agreement, contract, or application to document enrollment; tuition receipts or cancelled checks to document the total amount of tuition paid; and records which will show the percentage of the course which has been completed. Such records would substantiate a claim for reimbursement from the STRF, which, to be considered, must be filed within 60 days following school closure. For further information or instructions, contact: Bureau for Private Postsecondary and Vocational Education, 1027 Tenth Street, Fourth Floor, Sacramento, CA 95814-3517.

Student Right-To-Know

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the University receives a request for access. Students should submit to the registrar written requests that identify the record(s) they wish to inspect. The registrar will make arrangements for access and notify the student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the student believes are inaccurate or misleading. They should write the registrar, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Directors; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by William Jessup University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office U.S. Department of Education, 400 Maryland Avenue, SW Washington, DC 20202-4605.

WJU reserves the right to refuse students to inspect the following records:

1. Their parents’ financial statements.
2. Letters of recommendation that are a part of the admissions file. Once students are admitted, all letters of recommendation will be destroyed.
3. Records connected with an application to attend WJU or a component of WJU if that application was denied.
4. Those records which are excluded from the FERPA definition of education records.

Directory Information

William Jessup University designates the following items as Directory Information: student’s name, parent’s name, address, telephone number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, most recent previous school attended, and photograph. Students who do not want their directory information to be disclosed must make a written request to the registrar during registration. If such action is chosen, WJU will not be allowed to announce any awards received, include students name and degrees earned in the graduation program, nor release any information to potential employers, graduate schools, or seminaries. WJU will be allowed to release directory information for students who do not waive their right to disclosure in writing.

Policies on the Retention of Student Records

All student records are clearly and safely maintained, with transcripts held in fire proof, lockable cabinets. Student records are handled in accordance with governmental regulations regarding privacy. These records, kept in computer storage, are only accessible with proper security clearances and are regularly backed up securely according to industry best practices. Duplicate copies of all transcripts are kept in a fire-safe storage area apart from the building where the originals are stored. Although there is certainly no anticipation of William Jessup University closing, if such an event were to occur there is a WASC accredited sister-institution which could become the custodian of records.
Student Grievance Procedure

Every student has access to a formal grievance process if so needed. In the event that a student has a specific concern about a policy of the University, the student is encouraged to communicate the concern in writing to the Provost (for academic matters) or the Vice President for Student Development (for co-curricular matters). The Vice President will act to bring formal resolution to the stated grievance either by addressing the issue directly, or, if necessary referring the issue to the registrar or dean of students, as appropriate. If satisfaction is not achieved, a student may appeal directly to the President.

Drug Free Workplace

The Drug-Free Schools and Communities Act Amendments of 1989 (Public Law 101-226) requires all schools receiving federal funding of any kind (i.e. College Work Study, Pell Grants, FSEOG) to notify all students and employees of the following information on an annual basis:

1. The unlawful manufacture, distribution, possession, dispensation, sale, offer to sell, purchase, and/or use of a controlled substance (defined in schedules I through V of the Controlled Substances Act 21, U.S. Code 812, as amended) on the WJU campus, at its offsite locations, or at any WJU-sponsored activity is prohibited. Violation of this policy will be considered cause for dismissal.

2. WJU is required to impose sanctions, up to and including dismissal from all programs of study, on any students engaged in the abuse of alcohol or the unlawful possession, use, or distribution of illicit drugs while on the property of WJU. In addition, students involved in such illegal activity are subject to legal sanctions under local, state, and federal law.

3. The health risks associated with the use of illicit drugs and the abuse of alcohol are many. Detailed information concerning known health hazards resulting from the abuse of drugs is available in the library in the resource file entitled “Drug Free Campus.”

4. Several drug and alcohol counseling, treatment, and rehabilitation programs are available. Should you or someone you know need help in dealing with a drug or alcohol problem contact:

Student Right-To-Know and Campus Security act of 1990

Enacted in 1990, the Student Right-To-Know and Campus Security Act was designed to “assist students in making decisions which affect their personal safety” and “to make sure institutions of higher education provide students, prospective students, and faculty the information they need to avoid becoming the victims of campus crime.” The Higher Education Act of 1998 and the subsequent amendment of the implementing regulations (34 C.F.R. 668.46 et. seq.) significantly expanded institutions’ obligations under the Act and
renamed the Act as the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. In compliance with the Jeanne Clery Act, William Jessup University:

- Publishes an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements.
- Discloses crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities. The statistics must be gathered from campus police or security, local law enforcement, and other University official who have “significant responsibility for student and campus activities.”
- Provides “timely warning” notices of those crimes that have occurred and pose an ongoing “threat to students and employees.”
- Discloses in a public crime log “any crime that occurred on campus . . . or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department.”

The William Jessup University Annual Security Report (ASR) has been prepared to comply with the Clery Act and is published on the William Jessup University website page at http://jessup.edu/campus-security. Each member of the University community receives an email that describes the report and is provided the web address along with a link. All community members are encouraged to use this report as a guide for safe practices on and off campus. This Annual Security Report is also available to prospective students and prospective employees via the campus safety website. For a written copy of the report, please contact the WJU Department of Campus Safety at 916.577.7070.

The ASR also includes current information about the WJU Campus Safety Department policies, campus crime statistics, crime prevention information, crime reporting procedures, and contact information. There is valuable information related to the WJU policies regarding sexual assault offenses, missing student notification procedures, liquor law and drug violations, hate crimes, emergency response and evacuation procedures, and fire safety procedures and statistics. The fire safety portion of the Annual Security Report includes information on fire safety procedures, statistics, reports, and documentation.
